KEEP OUT OF REACH OF CHILDREN

CAUTION

FIRST AID: If in eyes: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice. Have the product container with you when calling a poison control center or doctor, as it may be needed for treatment.

STORAGE AND DISPOSAL

Do not contaminate water, food, or feed by storage or disposal.

Pesticide Storage: Store in cool, dry, and well-ventilated area away from heat, open flame, direct sunlight and inaccessible to children.

Pesticide (towel) Disposal: Pesticide wastes are hazardous. Improper disposal of excess pesticides is a violation of Federal law. Dispose of towel in trash after use. Do not flush towel into the toilet. If these wastes cannot be disposed of by use according to labeling instructions, contact your State Pesticide or Environmental Control Agency, or Hazardous Waste Representative at the EPA Regional Office for guidance.

EPA Reg. No. 69687-1
EPA Enf. No. 69687-1L-001
Made in U.S.A.

Directions for use:

• It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.
• Always use personal protective equipment.
• Thoroughly clean gross filth and heavy soil from surfaces prior to disinfection.
• Open Super-Chlor® packet.
• Remove pre-saturated 9" x 9" towel.
• Apply towel and wipe desired surface to be disinfected.
• Allow treated surfaces to remain thoroughly wet for 5 minutes.
• Allow surface to air dry and discard used towel and empty packet (see storage and disposal).

• KILLS HIV-1 ON PRECLEANED ENVIRONMENTAL SURFACES/OBJECTS PREVIOUSLY SOILED WITH BLOOD/BODY FLUIDS in health care settings or other settings in which there is an expected likelihood of soilage of inanimate surfaces/of objects with blood/ body fluids and in which the surfaces/objects likely to be soiled with blood/body fluids can be associated with the potential for transmission of HIV (Associated with AIDS).

SPECIAL INSTRUCTIONS FOR CLEANING AND DECONTAMINATION AGAINST HIV-1 OF SURFACES/OBJECTS SOILED WITH BLOOD/BODY FLUIDS

• PERSONAL PROTECTION: When handling items soiled with blood or body fluids, use disposable gloves, gown, mask and eye protection.

• CLEANING PROCEDURES: Blood/Body fluids must be thoroughly cleared from surfaces/objects before application of Super-Chlor®.

• CONTACT TIME: Allow surface to remain wet for 5 minutes.

• DISPOSAL OF INFECTIOUS MATERIAL: Blood/body fluids should be autoclaved and disposed of according to local regulations for infectious waste disposal.

Precautionary Statement:

Hazards to humans and domestic animals

CAUTION: Causes mild eye irritation. Avoid contact with eyes and clothing.

Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco or using the toilet. Remove and wash contaminated clothing before reuse. This product is not to be used as a terminal sterilizing/disinfectant on any surface or instrument that (1) is introduced directly into the human body, either in or in contact with the bloodstream or normally sterile areas of the body; or (2) contact intact mucous membranes but which does not ordinarily penetrate the blood barriers or otherwise exert normally sterile areas of the body. This product may be used to preclude or decontaminate critical or semi-critical medical devices prior to sterilization or high level disinfection.
