Neutral Disinfectant

Disinfectant, Cleaner, Mildewstat, Fungicide, Virucide®, Stabilizer for Hospitals, Food Service, Institutional, and Industrial Use. This product has demonstrated effectiveness against influenza A virus, and is expected to inactivate all influenza A viruses including Pandemic 2009 H1N1 Influenza A virus.

ACTIVE INGREDIENTS:
Didecyldimethyl Ammonium Chloride (C12-14) 1.268% n-Alkyl (C12-14) 0.350%, C14-16 0.460% dimethyhexyl benzyl ammonium chloride 0.845%

INSERT INGREDIENTS:
97.8892%

TOTAL 100.000%

Toilet Bowl and Urinal Disinfection/Disinfectant/Cleaner Directions: Remove excess film before disinfecting. Empty toilet bowl or urinal and apply to 1-2 inch water film directly to surfaces including under rim. Clean thoroughly with a brush, cloth, mop, sponge, auto scrubber or mechanical spray device and allow solution to stand for 10 minutes and flush. For soap applications, spray 4-8 inch water film. Allow toilet bowl to fill with water. Prepare a fresh solution at least daily or when solution becomes visibly dirty.

Mold and Mildew Control: To control the growth of mold and mildew in their entirety on hard, non-porous surfaces, apply solution of 4 ounces per gallon of water. Apply by cloth, sponge, mop, brush, auto scrubber or mechanical spray device to thoroughly wet all treated surfaces completely. Allow surface to remain wet for 10 minutes. Allow solution to dry on surface and repeat treatment every seven or seven days when new growth appears. Change cloth, sponge or spray frequency to avoid rediscipining of dust. Prepare a fresh solution at least daily or when use solution becomes visibly dirty.

For Use As A General Cleaner and/or Deodorizer: Apply tosolution to surfaces. Allow air to dry. For heavy use, add fluid ounces per gallon of water in clear, non-porous surfaces. When handling, flush thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco or using the toilet. Remove contaminated clothing and wash clothing before reuse. Do not contaminate water, food, feed, feed, fertilizers, and veterinary supplies. Keep this product under locked storage to make it inaccessible to children or persons unfamiliar with its use. PESTICIDE DISPOSAL: Pesticide waste shall be washed out and back to the manufacturer, state or local authorities. If waste cannot be disposed of by use according to label instructions, contact your State Agricultural Commodity Industry, or the Agricultural Waste Management Program at the EPA. If it cannot be disposed of by use according to label instructions, contact your State Agricultural Commodity Industry, or the Agricultural Waste Management Program at the EPA. Do not charge this container to hold materials other than pesticides or livestock. Offer for recycling if available or purchase and dispose in a sanitary landfill or by other procedures approved by state and local authorities.
