PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS AND DOMESTIC ANIMALS

CAUTION. Causes moderate eye irritation. Harmful if inhaled, swallowed or absorbed through skin or inhaled. Do not get in eyes, on skin or on clothing. Avoid breathing vapor or spray mist. Wear goggles or face shield, protective clothing and rubber gloves. Remove and wash contaminated clothing before reuse. Wash hands thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco or using the next restroom.

ENVIRONMENTAL HAZARDS
This pesticide is toxic to Eurasian water voles and other aquatic organisms. Do not contaminate water by derive of equipment or disposal of wastes. Do not discharge effluent containing this product into lakes, streams, ponds, ditches, sewers, oceans, or other waters unless in accordance with the requirements of a National Pollutant Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to the discharge. Do not discharge effluent containing this product in sewer systems without previous notification to the local sewage treatment plant authority. For guidance, contact your State Water Board or Regional Office of the EPA.

PHYSICAL AND CHEMICAL HAZARDS
Do not see or store near heat or open flame.

ClearWood- MW2
FOR THE PRESERVATION OF WOOD-BASED PRODUCTS AGAINST WOOD DECAY FUNGI AND TERMITES
ACTIVE INGREDIENTS:
Methomyl (50% AI)
Temik (65% EC)
Tebuconazole (20% EC)
Ziram (75% WDG)
Methoxyflur (0.306%)
OTHER INGREDIENTS:
65.658%
TOTAL:
100.000%

KEEP OUT OF REACH OF CHILDREN
CAUTION
FIRST AID
IF SWALLOWED: Call a poison control center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give anything by mouth to an unconscious person.
IF IN EYES: Hold eye open and rinse slowly and gently with water for 15 to 30 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing the eye. Call a poison control center or doctor for treatment advice.
IF ON SKIN OR CLOTHING: Take off contaminated clothing. Rinse skin with plenty of water for 15 to 20 minutes. Call a poison control center or doctor for treatment advice.
IF INHALED: Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth to mouth if possible. Call a poison control center or doctor for further treatment advice.
For additional precautionary statements elsewhere on the label under the heading, "Precautionary Statements: Hazards to Humans and Domestic Animals.
Have the product container or label with you when calling a poison control center or doctor.

DIRECTIONS FOR USE
It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

IMPORTANT: Read the entire directions for use before using ClearWood-MW2.

PERSONAL PROTECTIVE EQUIPMENT (P.P.E.)
Applicators and other handlers must wear the following personal protective equipment:
- Coveralls made from long-sleeved shirt and long pants.
- Boots and chemical resistant footwear.
- Goggles or face shield.
- Chemical resistant gloves such as barrier laminate, butyl rubber, nitrile rubber, neoprene rubber, PVC or vinyl.

APPLICATION
ClearWood-MW2 may be applied by dip, or pressure treatment methods. Solution uptake and treatment conditions for each method should result in a 250-500 ppm combined selection of active ingredients in the treated article. Treated wood should be used only for above ground uses.

For pressure treatment, follow the general requirements of American Wood Protection Association Standards U1, T1. For dip treatment, immerse wood completely until enough solution has been absorbed to reach the saturation requirements given above. Use dip treatment procedures consistent with the equipment being used and standard treatment practice.

ClearWood-MW2 can be tank-mixed with other pesticide products labeled for wood treatment. Read and follow the label of each tank-mixed product used for precautionary statements, directions for use, application rates, and other restrictions.

STORAGE & DISPOSAL
Do not contaminate water, food or feed by storage or disposal.

PESTICIDE STORAGE:
PESTICIDE DISPOSAL:
Pesticides are extremely hazardous. Improper disposal of excess pesticides, spray mixtures, or trash is a violation of Federal Law. If these pesticides cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste representative at the nearest EPA Regional Office for guidance.

Container Disposal: Nonrefillable Container. Do not reuse or refill this container. Empty, sole container must be returned to a take collection agent.

Residue Removal: Cleaning container before final disposal is the responsibility of the person disposing of the container. To clean container before final disposal, fill container about 10 percent full with water. Agitate container vigorously; discard residue according to pesticide disposal instructions, repeat this rinsing procedure two more times. For additional container disposal information, contact product supplier.
