DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling. This product is not for use on critical and semi-critical medical device surfaces. This product is effective where housekeeping is of prime importance in controlling cross-contamination from treated surfaces. This product when used as directed is formulated to effectively inactivate hard non-porous surfaces: walls, floors, sink tops, toilet bowls, toilet seats, chairs, tables, telephones, restrooms, shower stalls, bathtubs, sumpers, cabinets, hospital beds, examining tables and wheelchairs.

This product is designed for cleaning, deodorizing and disinfecting for hospitals, nursing homes, schools, hotels and food processing establishments.

This product deodorizes those areas which are generally hard to keep free of odors, such as garbage storage areas, empty garbage bins and cars, toilet bowls and other areas which are prone to odors caused by microorganisms.

DISINFECTION, DEODORIZATION AND CLEANING - Shake can before using. Hold container six to eight inches from surface to be treated. Spray area until it is covered with white foams. Allow foams to penetrate and remain wet for 10 minutes. No scrubbing is necessary. Wipe off with a clean cloth, mop or sponge. This product will not leave dirt or soap scum. For heavy soiled areas, a precleaning step is required before treatment.

When used in food processing establishments, cover or remove all food and packaging materials, remove all glass soils, saturate all surfaces with the spray, scrub to loosen all soils, allow to soak for 10 minutes, thoroughly rinse all wetted and cleaned surfaces with potable water.

MILDENSTAT - To control mold and mildew on pre-cleaned, hard, non-porous surfaces spray surfaces to be treated making sure to wet completely. Let air dry. Repeat application at weekly intervals or when mildew growth appears.

BACTERICAL ACTIVITY - When used as directed this product exhibits effective disinfectant activity against the organisms: Staphylococcus aureus, Salmonella enterica and Pseudomonas aeruginosa and meets ADAC Germicidal Sprays Product Test requirements for hospital disinfectants.

FUNGICIDAL ACTIVITY - This product is fungicidal against the pathogenic fungi: Trichophyton mentagrophytes, (athlete's foot fungus) when used as directed on hard surfaces found in bathrooms, shower stalls, locker rooms or other commercial non-porous hard surfaces commonly contacted by bare feet.

*VIRUCIDAL ACTIVITY - This product when used on environmental, inanimate hard nonporous surfaces exhibits effective virucidal activity against HIV-1 (associated with AIDS).

KILLS HIV-1 ON PRE-CLEANED ENVIRONMENTAL SURFACES/ OBJECTS PREVIOUSLY SOILED WITH BLOOD/ BODY FLUIDS in health care settings (Hospitals, Nursing Homes) or other settings in which there is an expected likelihood of soiling of inanimate surfaces/objects with blood or body fluids and in which the surfaces/objects likely to be soiled with blood or body fluids can be associated with the potential for transmission of Human Immunodeficiency Virus Type 1 (HIV-1) (associated with AIDS).

SPECIAL INSTRUCTIONS FOR CLEANING AND DECONTAMINATION AGAINST HIV-1 ON SURFACES/ OBJECTS SOILED WITH BLOOD/BODY FLUIDS:

PERSONAL PROTECTION: When handling items soiled with blood or body fluids, use disposable latex gloves, gowns, masks or eye coverings.

CLEANING PROCEDURES: Blood and other body fluids must be thoroughly cleaned from surfaces and objects before application of this product.

CONTACT TIME: Allow surface to remain wet for 10 minutes.

DISPOSAL OF INFECTIOUS MATERIALS: Blood and other body fluids should be autoclaved and disposed of according to local regulations for infectious waste disposal.

Efficacy tests have demonstrated that this product is an effective bactericide, fungicide and virucide in the presence of organic soil (5% blood serum).

STORAGE AND DISPOSAL

DO NOT CONTAMINATE WATER, FOOD, OR FEED BY STORAGE OR DISPOSAL. CONTAINER DISPOSAL - Do not puncture or incinerate. Disposal of non-returnable container. Do not reuse or refill this container. If empty: place in trash or offer for recycling, if available. If partially filled: take to your local solid waste agency for disposal instructions.

PESTICIDE STORAGE - Store in a dry place not lower in temperature than 50°F or higher than 120°F.
