**PRECAUTIONARY STATEMENTS**  
**HAZARDS TO HUMANS AND DOMESTIC ANIMALS**

**WARNING — AVISO**

**FIRST AID**

**IF INHALED:**  
Move person to fresh air. If person is not breathing, call 911 or your emergency response number immediately. Give artificial respiration, if necessary. 

**IF IN EYES:**  
Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center for treatment advice.

**IF ON SKIN OR CLOTHING:**  
Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center for treatment advice.

**IF SWALLOWED:**  
Do not give anything by mouth to an unconscious person. Do not induce vomiting unless told by a poison control center or doctor. Call a poison control center or doctor for further treatment advice.

**DO NOT USE in paints designed for applications on food-contact surfaces, or on the interior of buildings engaged in food processing or food handling. DO NOT use in paints designed for applications on food-contact surfaces, or on the interior of buildings engaged in food processing or food handling.

**AQUOUS ADHESIVES:** AntiBlu® F-40 may be incorporated into adhesives to protect the applied adhesive films from mold growth and decomposition. Fully dispense 12.4 to 24.8 pounds (1/2 to 1 gallon) of AntiBlu® F-40 in water-based adhesives while it is being manufactured. Use the high rate in areas favorable to mold and mildew growth, such as where surfaces frequently are warm and moist.

**ENVIRONMENTAL HAZARDS:** This product is toxic to fish and wildlife. Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans or other waters unless in accordance with the instructions for category A on an EPA chemical-resistance category selection chart. Do not apply this product by means of ultra-low volume mist blowers or thermal "fogging" devices. Most of this product is a mixture of ultra-low volume mist blowers or thermal "fogging" devices. 

**KEEP OUT OF REACH OF CHILDREN**

**Hazardous Substance:** 
AntiBlu® F-40

**DIRECTIONS FOR USE**

For Use In Manufacturing: To protect paints and adhesives. 

**ACTIVE INGREDIENT:** 
Chlorothalonil (Tetrachlorothalonil) 40.4% 

**OTHER INGREDIENTS:** Total 5.9% Overall 100.0%

**KEEP OUT OF REACH OF CHILDREN**

**Hazards to Humans and Domestic Animals:**

This product is toxic to fish and wildlife. Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans or other waters unless in accordance with the instructions for category A on an EPA chemical-resistance category selection chart. Do not apply this product by means of ultra-low volume mist blowers or thermal "fogging" devices.

**Manufacturers of aquatic products should not apply this product to aquatic ecosystems, lakes, ponds, estuaries, oceans or other waters unless in accordance with the instructions for category A on an EPA chemical-resistance category selection chart.** Do not apply this product by means of ultra-low volume mist blowers or thermal "fogging" devices.

**Environmental HAZARDS:** This product is toxic to fish and wildlife. Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans or other waters unless in accordance with the instructions for category A on an EPA chemical-resistance category selection chart. Do not apply this product by means of ultra-low volume mist blowers or thermal "fogging" devices.

**User Safety Recommendations:**

**Use:**  
Shirts, pants, gloves, and shoes. Keep out of reach of children.

**Special Handling and Storage:** 
Do not store near food or food containers.

**Emergency Response:**

**NOTES TO PHYSICIAN:** 
Probable mucosal damage may contaminate the use of gastric lavage. Persons having a temporary allergic reaction respond to treatment with an antihistamine according to the symptoms and/or systemic steroids.

**DIRECTIONS FOR USE**

It is a violation of Federal law to use this product in a manner inconsistent with its labeling. This product is used to protect treated articles from decay, mold or mildew including paints and stains, adhesives, caulks, gROUTs, sealants, wood and wood composites (including wood products treated with preservatives). This product is not designed for direct sale to retail customers, e.g. in a "pillow pack" or other small volume or one-time use package. This product may be added to paint systems that are labeled for use in water-based or water-based only products. This product must not be used as an in-container preservative. 

**ACTIVITY REGULATORY INFORMATION:**

acre-years of aquatic activity (AA) is the conversion of one unit of aquatic activity (AA) for a product to aquatic ecosystems, lakes, ponds, estuaries, oceans or other waters unless in accordance with the instructions for category A on an EPA chemical-resistance category selection chart. Do not apply this product by means of ultra-low volume mist blowers or thermal "fogging" devices.

**KEEP OUT OF REACH OF CHILDREN**

**NOTICE TO USER:**

This product must not be used as an in-container preservative. Acre-years of aquatic activity (AA) is an aquatic dispersion containing 40.4% wettable powder. This product must not be used in water-based or water-based only products. 

**KEEP OUT OF REACH OF CHILDREN**

**NOTICE TO USER:**

This product must not be used as an in-container preservative. Acre-years of aquatic activity (AA) is an aquatic dispersion containing 40.4% wettable powder. This product must not be used in water-based or water-based only products.
