EPA Reg. No. 2517-63, FRA Reg. No. 006708-01704
EPA Cat. No. 2517-63, FRA Cat. No. 06708-01704

Precautionary Statements:
Hazard to humans and domestic animals

CAUTION: Harmful if Inhaled. Avoid Breathing vapors. Causes moderate eye irritation. Avoid contact with eyes or clothing. Prolonged or frequent repeated skin contact may cause allergic reactions in some individuals. Wear protective rubber gloves when applying this product. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco or using the restroom. Apply this product only as directed in this label. Do not wash or dry dog under 10 lbs until all ages. Consult a veterinarian before using this product on dehydrated, aged, medicated, pregnant or nursing animals. Stained may occur after using this product for pets. If in eyes, rinse eyes with plenty of water for 15-20 minutes. If on skin or clothing, Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. If on eyes, call a poison control center or doctor for treatment advice.

FIRST AID:
If Inhaled: Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible. If swallowed, call a poison control center or doctor for treatment advice. If eye irritation occurs: Wash eye with plenty of water for 15-20 minutes. Remove contact lenses, if present, after first 5 minutes; then continue rinsing eye. If on skin or clothing, Take off contaminated clothing. Wash skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice.

NOTICE NUMBER:
Have the product container or label with you when calling a poison control center or veterinarian.

DIRECTIONS FOR USE:
1. It is a violation of Federal law to use this product in a manner inconsistent with the labeling. Wet dogs' coat thoroughly. Pour shampoo into the cup of your hand. Starting at the head and working back, work up a lather with this puck lathering lambs. Forty times until the lather is thoroughly into dog's coat down to the skin. Allow 5 to 10 minutes, then rinse completely and spread dry. It should not be necessary to repeat the shampoo application after the animal is completely dry. Roll the dog and rug to get the excess water out. If the dog will not move, a wet towel or two or three, reaching maximum of cleanliness, is all necessary. To maintain maximum effectiveness against both fleas and ticks, repeat for roughly every week. Some that actively grow under close physical contact with treated dog may be at risk of serious harmful effects.

STORAGE AND DISPOSAL:
Pesticide Storage: Store only in original container in a cool, dry, inaccessible location.
CONTAINER DISPOSAL: Place in trash or heavy-duty garbage bag. Nonrefillable container. Do not re-use or refill this container. Offer for recycling, if available. Do not incinerate. Do not burn or incinerate used containers or any residue from used containers. If you have questions or comments about this product, please write
