NO MORE GREEN WATER • NO MORE ALGAE GROWTH • CONTROLS STRING ALGAE

Will Not Harm Fish or Live Ornamental Plants

MICROBE-LIFT®

ALGAWAY 5.4™ Algaecide for Ponds - Prevents Algae Growth

DIRECTIONS: It is a violation of federal law to use this product in a manner inconsistent with its labeling. For use in self-contained ornamental ponds and fountains without any outflow. For small ponds with heavy algae growth, clean the excess algae off the sides and ornament before adding MicrobeLift ALGAWAY 5.4™. This will reduce the amount of decaying organic matter.

Fountains, Small Ponds with goldfish and koi - Treat only those fountains and ponds which will have no outflow after treatment. High water temperatures cause rapid natural decay of dead algae which can cause fish distress. If animals are present clean out excess algae as stated above or use before temperature exceeds 75°F (24°C).

CAUTION: In ponds, ensure that water is well aerated via waterfall, fountain or other method to prevent fish loss. Aerating must be continuous.

AMOUNT: Not safe for use with snails, shrimp and other invertebrates or mollusks.

Repeat dosage once per week for maintenance.

Volume of water to treat | Unit of Measure
--- | ---
50 gallons (200 liters) | 10 ml
120 gallons (454 liters) | 2 tbsp
360 gallons (1,360 liters) | 6 caps

FIRST AID

If In Eyes

- Hold eye open and rinse slowly and gently with water for 15-20 minutes
- Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye
- Call a poison control center or doctor for further treatment advice.

If On Skin or Clothes

- Rinse skin immediately with plenty of water for 15-20 minutes
- Call a poison control center or doctor for further treatment advice.

If Swallowed

- Do not induce vomiting
- Call or send person to hospital Emergency Medical Services
- Call a poison control center or doctor
- Do not give anything by mouth to an unconscious person.

Have the product container or label with you when calling a Poison Control Center or doctor or going for treatment.

CAUTION: Harmful if absorbed through skin or swallowed. Avoid contact with skin, eyes or clothing. Wash thoroughly with soap and water after use. NOTE: This product contains a radioactive isotope known to the state of California to cause cancer.

STORAGE AND DISPOSAL

Do not contaminate ground water, food or feed storage and disposal.

STORAGE: Keep container closed when not in use. Leaking or damaged container should be placed in a plastic bag and discarded in trash. May spill spills with stop water. Keep out of reach of children. Do not store near food.

DISPOSAL: Do not reuse empty container. Wrap container and place in trash.
