**AQUCAR™ GA 50 Water Treatment Microbiocide**

**464-704 AQUCAR GA 50 Water Treatment Microbiocide 20150527_122_464.pdf**

**DIRECTIONS FOR USE**

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

**INDUSTRIAL OR COMMERCIAL COOLING WATER SYSTEMS**

- **Continuous Feed**: Add AQUCAR GA 50 Water Treatment Microbiocide in the water supply line at a concentration of 0.5 to 1.0 ppm continuous feeding. Use of continuous cooling water systems water systems are used in a variety of applications, such as industrial and commercial buildings, hospitals, hotels, and other facilities.

**CONTINUOUS FEED**

- Add product to basing of cooling system or at any other point of uniform mixing. Add to 20 to 200 ppm product to the water in the system during a return to normal operation, followed by a concentration of 0.5 to 1.0 ppm. Do not exceed more than 200 ppm product per day in the water system.

**SLUG DOSING**

- Add AQUCAR GA 50 Water Treatment Microbiocide single, sequent to basing of cooling system or at any other point of uniform mixing. Add to 20 to 200 ppm product to the water in the system during a return to normal operation. Follow with use of 0.5 to 1.0 ppm product per day in the water system.

**SERVICE WATER AND AUXILIARY SYSTEMS**

- **Continuous Feed**: Add AQUCAR GA 50 Water Treatment Microbiocide in the water supply line at a concentration of 0.5 to 1.0 ppm continuous feeding. Use of continuous cooling water systems water systems are used in a variety of applications, such as industrial and commercial buildings, hospitals, hotels, and other facilities.

**PRODUCT IDENTIFICATION**

- **Active Ingredients**: Glutaraldehyde 50%
- **Inert Ingredients**: 50%
- **TOTAL**: 100%

**NOTICE TO PHYSICIAN**

- **INDICATIONS FOR USE**:
  - For control of microbial growth in industrial or commercial cooling water systems or in a variety of applications, such as industrial and commercial buildings, hospitals, hotels, and other facilities.

**STORAGE AND HANDLING**

- **General**: Store in a cool dry area, away from heat or direct light. Keep container tightly closed.

**ENVIRONMENTAL HAZARDS**

- **FIRE AND EXPLOSION HAZARDS**: Flammable in concentrated form. Use only in well-ventilated area.

**USER SAFETY REQUIREMENTS**

- **Personal Protective Equipment**: Goggles, Protective Clothing, And Butyl Or Nitrile Gloves. • Wash Thoroughly With Soap And Water After Handling. Remove Contaminated Clothing And Wash Before Reuse.
