REPLACEMENT OF PRODUCT.

The directions for use of this product are believed to be adequate and must be followed carefully. However, it is impossible to eliminate all risks associated with the use of this product. Crop injury, ineffectiveness or other unintended consequences may result because of such factors as the failure to follow directions for use, the failure to thoroughly mix the product, the failure to follow the recommendation for surfactant and spray volume, the failure to follow the recommendation for local weed problems and for information on possible lower dosages, local conditions may affect the use of this chemical. Consult State Agricultural Experiment Station or Extension Service weed specialists for specific recommendations for your soil and weather conditions. Not currently registered for use on Fir, Hemlock, and Blue Spruce in California. *Not currently registered for use on Fir, Hemlock, and Blue Spruce in California.

IMPORTANT READ BEFORE USE

Read the label instructions for complete product information. This product is a non-selective herbicide and may injure or kill non-target plants. Follow the label instructions carefully.

PRECAUTION:

By using this product, user or buyer accepts the following Conditions, Disclaimer of Warranties and Limitations of Liability.

TO THE EXTENT CONSISTENT WITH APPLICABLE LAW, BAYER CROPSCIENCE LP MAKES NO OTHER WARRANTIES, EXPRESS OR IMPLIED, OF MERCHANTABILITY OR OF FITNESS FOR A PARTICULAR PURPOSE OR OTHERWISE, THAT EXTEND BEYOND THE STATEMENTS CONTAINED HEREIN. TO THE EXTENT CONSISTENT WITH APPLICABLE LAW, BAYER CROPSCIENCE LP DISCLAIMS ANY LIABILITY WHATSOEVER FOR INCIDENTAL, SPECIAL, CONSEQUENTIAL OR OTHER DAMAGES RESULTING FROM THE USE OR HANDLING OF THIS PRODUCT.

TO THE EXTENT CONSISTENT WITH APPLICABLE LAW THE EXCLUSIVE REMEDY OF THE USER OR BUYER FOR ANY AND ALL DAMAGES, DIRECT, INDIRECT, OR CONSEQUENTIAL, WHICH THE USER OR BUYER MAY SUFFER OR INCUR THROUGH THE USE OR HANDLING OF THIS PRODUCT IS THE RETURN OF ANY UNUSED PORTION OF THE PRODUCT TO THE PLACE OF PURCHASE.

TO THE EXTENT CONSISTENT WITH APPLICABLE LAW, BAYER CROPSCIENCE LP MAKES NO OTHER WARRANTIES, EXPRESS OR IMPLIED, OF MERCHANTABILITY OR OF FITNESS FOR A PARTICULAR PURPOSE OR OTHERWISE, THAT EXTEND BEYOND THE STATEMENTS CONTAINED HEREIN. TO THE EXTENT CONSISTENT WITH APPLICABLE LAW, BAYER CROPSCIENCE LP DISCLAIMS ANY LIABILITY WHATSOEVER FOR INCIDENTAL, SPECIAL, CONSEQUENTIAL OR OTHER DAMAGES RESULTING FROM THE USE OR HANDLING OF THIS PRODUCT.

Important: Read before use.

The label instructions for complete product information. This product is a non-selective herbicide and may injure or kill non-target plants. Follow the label instructions carefully.
When handlers use closed systems, enclosed cabs, or aircraft in a manner that meets the requirements listed in the Worker Protection Standard (WPS),

Users should wash hands before eating, drinking, chewing gum, using tobacco or using the toilet. Users should remove clothing/PPE immediately if swallowed:

- Call a poison control center or doctor for treatment advice.
- Rinse skin immediately with plenty of water for 15-20 minutes.
- Hold eyes open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing.
- Do not induce vomiting unless told to do so by a poison control center or doctor. Have person sip a glass of water if able to swallow.

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

PRECAUTIONARY STATEMENTS

DIRECTIONS FOR USE

1. Mix 14 mils, nitrile rubber

RONSAR FLO HERBICIDE should be applied at least 2-3 weeks prior to green up. Rake turf area free of leaves, mowing if necessary so the spray, emerged Bermudagrass, St. Augustinegrass* and Zoysia turf* such as fairways, parks, golf courses and lawns. **FIRST AID**

If swallowed:
- Call a poison control center or doctor immediately for treatment advice.
- Have person sip a glass of water if able to swallow.
- Do not induce vomiting unless told to do so by a poison control center or doctor.

If in eyes:
- Hold eyes open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing.
- Call a poison control center or doctor for treatment advice.

If on skin:
- Take off contaminated clothing.
- Rinse skin immediately with plenty of water for 15-20 minutes.
- Call a poison control center or doctor for treatment advice.

If inhaled:
- Move person to fresh air.
- If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth if possible.
- Call a poison control center or doctor for further treatment advice.

Have the product container or label with you when calling a poison control center or doctor or going for treatment.

**STORAGE AND DISPOSAL**

Do not contaminate water, food or feed by storage or disposal.

PESTICIDE STORAGE

Do not store in or around the home.

PESTICIDE DISPOSAL

Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility.

CONTAINER DISPOSAL

Non-refillable container. Do not reuse or refill this container. Triple rinse or pressure rinse container (or equivalent) promptly after emptying. Triple rinse as follows: Empty the remaining contents into application equipment or a mix tank and drain for 10 seconds after the flow begins to drip. Fill the container ¼ full with water and recap. Shake for 10 seconds. Pour rinsate into application equipment or a mix tank or store rinsate for later use or disposal. Drain for 10 seconds after the flow begins to drip. Repeat this procedure two more times.

Offer for recycling, if available or reconditioning; or puncture and disposed of in a sanitary landfill, or by incineration; or, if allowed by State and local authorities, by burning. If burned, stay out of smoke.

FIRST AID

If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth if possible.

If person is breathing, only give artificial respiration if heart is not beating.

• Hold eyes open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes of rinsing.

• Do not apply heat.

• Do not give anything by mouth.

• Do not induce vomiting.

• Get medical attention immediately.

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS

CAUTION: May be harmful if swallowed, inhaled, or absorbed through the skin. Avoid contact with eyes, skin, or clothing. Wash thoroughly with soap and water if any contact occurs.

HAZARDS TO DOMESTIC ANIMALS

CAUTION: May be harmful if swallowed, inhaled, or absorbed through skin. Keep out of reach of children.

HAZARDS TO FISH

CAUTION: Do not contaminate water, rivers, lakes, or streams.

HAZARDS TO BIRDS

CAUTION: Do not contaminate water, rivers, lakes, or streams.

HAZARDS TO OTHER ENVIRONMENTAL RESOURCES

CAUTION: Do not contaminate water, rivers, lakes, or streams.

STORAGE AND DISPOSAL

STORAGE

Store in a secure area away from food and feed preparation areas. Do not store in the vicinity of food or feed. Store out of the reach of children.

DISPOSAL

Non-refillable container. Do not reuse or refill this container. Triple rinse or pressure rinse container (or equivalent) promptly after emptying). Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility.

PESTICIDE STORAGE

Store in a secure area away from food and feed preparation areas. Do not store in the vicinity of food or feed. Store out of the reach of children.

GENERAL INFORMATION

All statements on this label about personal protective equipment (PPE) and restricted-entry intervals. The requirements in this box only apply to uses of this product that are covered by the Worker Protection Standard.

AGRICULTURAL USE REQUIREMENTS

AGRICULTURAL USE REQUIREMENTS

Proper planning is necessary to ensure RONSTAR FLO HERBICIDE’s effectiveness. Follow all government, state, and local regulations for the use of this product.

To ensure maximum weed control, apply RONSTAR FLO HERBICIDE at the recommended rate of 0.9 to 1.8 fl oz per 1000 sq ft. To prevent the development of herbicide-resistant weeds, do not apply at rates exceeding 2.8 fl oz per 1000 sq ft. Apply RONSTAR FLO HERBICIDE in compliance with all USDA Animal and Plant Health Inspection Service regulations and local laws and state statutes. This product is designed to control crabgrass, goosegrass, annual bluegrass, and other turfgrass weeds in turf areas.

APPLICATION IN RESIDENTIAL AREAS

RONSTAR FLO HERBICIDE can be applied to both newly transplanted and established plants. Application can be made to actively growing or dormant turfgrasses. Application can be made to actively growing or dormant turfgrasses. Application can be made to actively growing or dormant turfgrasses.

APPLICATION IN COMMERCIAL AREAS

RONSTAR FLO HERBICIDE can be applied to vacation and rental properties, golf courses, athletic fields, nursery stock, and tree plantations.

APPLICATION IN AGRICULTURAL AREAS

RONSTAR FLO HERBICIDE can be applied to row crops, orchards, vineyards, nurseries, and greenhouses.

APPLICATION IN FOREST AREAS

RONSTAR FLO HERBICIDE can be applied to forests, nurseries, and greenhouses.

APPLICATION IN HORTICULTURAL AREAS

RONSTAR FLO HERBICIDE can be applied to nurseries, greenhouses, and woody ornamental shrubs.

APPLICATION IN ECOLOGICALLY SENSITIVE AREAS

RONSTAR FLO HERBICIDE can be applied to areas that are ecologically sensitive.

APPLICATION IN GROUNDSMEN AND CONSTRUCTION WORKER USE

RONSTAR FLO HERBICIDE can be applied to areas that are used by groundskeepers and construction workers.

APPLICATION IN ENVIRONMENTAL AREAS

RONSTAR FLO HERBICIDE can be applied to environmental areas.

**Agricultural Use Requirements**

For the product information and statements regarding the use of the product, consult the label. This product contains the active ingredients 2,4-D and glyphosate. This product is compatible with most agricultural equipment. It is important to follow the label instructions for proper application. Overwatering or overwatering of the treated area may reduce the effectiveness of the product.

**Non-Agricultural Use Requirements**

This product is available for non-agricultural use. For the product information and statements regarding the use of the product, consult the label. This product contains the active ingredients 2,4-D and glyphosate. This product is compatible with most non-agricultural equipment. It is important to follow the label instructions for proper application. Overwatering or overwatering of the treated area may reduce the effectiveness of the product.

**Environmental Hazards**

Some materials that are chemical-resistant to this product are barrier laminate, butyl rubber, mineral silicate, glass fiber, and polyethylene. If material comes in contact with the eyes or mouth, rinse with water or other suitable solution immediately. In case of contact with the skin, wash with soap and water or other suitable solution immediately. If material is swallowed, seek medical attention immediately. Contact the poison control center or doctor immediately for treatment advice.

**Storage and Disposal**

Material remaining in containers after use may be disposed of in accordance with good waste disposal procedures. Do not contaminate water, food, or feed by storage or disposal. The use of this product may be limited for certain pesticide use. Do not use on or near crops. The use of this product may be limited for certain pesticide use. Do not apply in greenhouses as plant injury may result from codistillation of RONSTAR FLO HERBICIDE active ingredient onto leaf surfaces.

**FIRE AND EMERGENCY CONTROL**

RONSTAR FLO HERBICIDE may be applied to newly sprigged Zoysiagrass being grown for sod. Insure the spray reaches the soil surface and if rain is not expected shortly after application, irrigate the turf thoroughly. The maximum single application rate is 3.7 fl. oz. of product per 1000 sq. ft. and no more than 2 applications per year. Apply RONSTAR FLO HERBICIDE prior to weed seed germination, as a directed spray to the soil surface or as an over the top spray only on labeled areas.

**Non-Agricultural Use Requirements**

This product is available for non-agricultural use. For the product information and statements regarding the use of the product, consult the label. This product contains the active ingredients 2,4-D and glyphosate. This product is compatible with most non-agricultural equipment. It is important to follow the label instructions for proper application. Overwatering or overwatering of the treated area may reduce the effectiveness of the product.

**Environmental Hazards**

Some materials that are chemical-resistant to this product are barrier laminate, butyl rubber, mineral silicate, glass fiber, and polyethylene. If material comes in contact with the eyes or mouth, rinse with water or other suitable solution immediately. In case of contact with the skin, wash with soap and water or other suitable solution immediately. If material is swallowed, seek medical attention immediately. Contact the poison control center or doctor immediately for treatment advice.

**Storage and Disposal**

Material remaining in containers after use may be disposed of in accordance with good waste disposal procedures. Do not contaminate water, food, or feed by storage or disposal. The use of this product may be limited for certain pesticide use. Do not use on or near crops. The use of this product may be limited for certain pesticide use. Do not apply in greenhouses as plant injury may result from codistillation of RONSTAR FLO HERBICIDE active ingredient onto leaf surfaces.

**FIRE AND EMERGENCY CONTROL**

RONSTAR FLO HERBICIDE may be applied to newly sprigged Zoysiagrass being grown for sod. Insure the spray reaches the soil surface and if rain is not expected shortly after application, irrigate the turf thoroughly. The maximum single application rate is 3.7 fl. oz. of product per 1000 sq. ft. and no more than 2 applications per year. Apply RONSTAR FLO HERBICIDE prior to weed seed germination, as a directed spray to the soil surface or as an over the top spray only on labeled areas.
Herbicide

**Purpose**: Ronstar Flo 79205074C is a herbicide used for the control of vegetation in ornamentals and non-cropland areas.

**ACTIVE INGREDIENT**: 
2,4-D, 3,5-D, 2,4,5-T, and MCPA are the active ingredients in Ronstar Flo.

**AMOUNT TO USE**: The recommended rates for Ronstar Flo vary depending on the species controlled and the application method.

**METHODS OF APPLICATION**:
- **Defoliation**: Apply Ronstar Flo to control defoliation in non-cropland areas.
- **Pre-and Postemergence Control**: Use Ronstar Flo to control pre-and postemergence control of vegetation.

**MIXING INSTRUCTIONS**:
- Fill the jar three-quarters full with water and test as described below.
- Add the appropriate amount of herbicide in the following order: (a) dry flowable, (b) wettable powder, (c) aqueous suspensions, (d) flowables, (e) liquid concentrates. Shake or gently stir the jar after each addition to thoroughly mix.

**APPLICATION RATES**:
- For ornamentals, the recommended application rates are 1.85-2.8 fl oz per 1000 sq. ft.
- For non-cropland areas, the recommended application rates are 2.9-4.4 fl oz per 1000 sq. ft.

**PRECAUTIONS**:
- Do not tank mix the product tested with Ronstar Flo Herbicide.
- Do not apply Ronstar Flo Herbicide to any part of a tree, shrub, or ornamental plant.
- Do not apply Ronstar Flo Herbicide to the foliage of any tree, shrub, or ornamental plant.
- Do not apply Ronstar Flo Herbicide to the foliage of any tree, shrub, or ornamental plant when the foliage is wet or when there is a likelihood of rain within 24 hours.
- Do not apply Ronstar Flo Herbicide to the foliage of any tree, shrub, or ornamental plant during the day.
- Do not apply Ronstar Flo Herbicide to the foliage of any tree, shrub, or ornamental plant when the foliage is wet or when there is a likelihood of rain within 24 hours.

**REPLACEMENT OF PRODUCT**:
- If the compatibility test shows signs of incompatibility, do not tank mix the product tested with Ronstar Flo Herbicide.
- If the compatibility test shows signs of incompatibility, do not tank mix the product tested with Ronstar Flo Herbicide.

**IMPORTANT READ BEFORE USE**:
- Read and follow the directions for use and ensure that all safety precautions are followed.
- Do not apply Ronstar Flo Herbicide to the foliage of any tree, shrub, or ornamental plant.
- Do not apply Ronstar Flo Herbicide to the foliage of any tree, shrub, or ornamental plant when the foliage is wet or when there is a likelihood of rain within 24 hours.
- Do not apply Ronstar Flo Herbicide to the foliage of any tree, shrub, or ornamental plant during the day.
- Do not apply Ronstar Flo Herbicide to the foliage of any tree, shrub, or ornamental plant when the foliage is wet or when there is a likelihood of rain within 24 hours.
