VINTRE™

A SURFACTANT TO IMPROVE DISTRIBUTION AND EFFICACY OF MITICIDES, INSECTICIDES, FUNGICIDES, HERBICIDES, NUTRIENTS AND PLANT GROWTH REGULATORS IN VINEYARDS & ORCHARDS

Principal Functioning Agents:
- Alcohol Ethoxylate: 8.92%
- Constituents Ineffective as Spray Adjuvants: 91.08%
- Total: 100.00%

KEEP OUT OF REACH OF CHILDREN

WARNING / AVISO
Si usted no entiende la etiqueta, busque a alguien para que se la explique a usted en detalle.
If you do not understand the label, find someone to explain it to you in detail.

PRECAUTIONARY STATEMENTS
Hazard to Humans and Domestic Animals
Causes substantial but temporary eye injury. Harmful if absorbed through skin or inhaled. Do not get in eyes or on clothing. Avoid contact with skin. Wear goggles, face shield or safety glasses. Avoid breathing spray mist. Wash hands before eating, drinking, chewing gum, using tobacco or using the toilet. Remove, contaminated clothing and wash clothing before reuse.

What to do in case of contact:
IF IN EYES: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice. IF INHALED: Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible. Call a poison control center or doctor for further treatment advice. IF ON SKIN OR CLOTHING: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice.

US HOT LINE NUMBER: Have the product container or label with you when calling a poison control center or doctor, or going for treatment.

For Chemical Emergency (spill, leak, fire or accident). Call CHEMTREC (800) 424-9300

VINTRE is a trademark of ORO AGRI, Inc. Various Patents pending by ORO AGRI, Inc.

Net Contents: 265 Gallons

Manufacturer:
ORO AGRI, Inc.
P.O. Box 680
Roanoke, TX 76262
www.orogri.com

WA Reg. No. 72662-07001
CA Reg. No. 72662-50004-AA
NOTE ON PESTICIDE EFFICACY EFFECTS
VINTRE may increase the response of translaminar and systemic type insecticides, miticides, fungicides, herbicides, plant growth regulators, nutrients, and dormant oils. Users and or applicator should therefore evaluate this response prior to widespread usage and read the entire label before using.

MIXING DIRECTIONS
Fill tank at least one-half full of water. Add the required amount of pesticide while agitating. Add remainder of the water. Add the recommended amount of VINTRE last and continue agitation until completion of spraying. For best results, use within 24 hours of mixing. Antifoam may be used if required.

DIRECTIONS FOR USE & CAUTION
Prior to use, read all the directions on this label and on the label of the manufacturer’s insecticides, miticides, fungicides, herbicides, dormant oils, plant growth regulators and/or nutrients being used with this product. The manufacturer’s label for specific usage and restrictions has precedence over directions for use referred to on the VINTRE label. Test for compatibility prior to mixing and application with other chemicals. Always test new tank-mix combinations before widespread use. If unsure, check with the manufacturer. To ensure thorough mixing, it is suggested that you recirculate mini tanks and bulk tanks or shake containers before using. Pre-rinse all tanks, spray lines or containers thoroughly before adding VINTRE as VINTRE contains surfactants. VINTRE should not be added to tanks, spray lines, or containers which may contain additional surfactant adjuvants. Coatings on inner tank and spray lines, from previous chemicals sprayed, may be dissolved by VINTRE, thereby releasing it into the mix about to be sprayed. In doubt, applying as directed, add 20 ounces of VINTRE to 20 gallons of water circulate through system for 20 minutes, spray to waste. Increasing tank mix compounds will increase phytotoxicity. Extended high temperatures (>82°F) with some tank mixes may increase phytotoxicity and should be tested and observed before widespread use. THEREAFTER, mix as tested for spraying under similar conditions. Spray up to the point before runoff occurs as excessive run-off may accumulate tank mix chemicals underneath fruit. Treat a small area and observe results. If the results are satisfactory, proceed with a further application.

CAUTION: Do not apply to fruiting stages of POME FRUIT, CHERRIES, TABLE GRAPES or other sensitive or stressed crops without first consulting your ORG AGRI or Distributor representative.

Use CAUTION when combining in tank mixes with EC products, Copper and/or Chlorsulfuron on sensitive crops.

CAUTION: VINTRE reduces dew formation for up to 7 days and therefore may increase the risk of frost damage in frost prone areas.

STORAGE
Do not contaminate water, food, or feed by storage or disposal. Store out of reach of children. Keep container closed when not in use. Avoid temperatures below 34°F (1°C) and above 100°F (40°C).

DISPOSAL: If empty: Do not reuse this container. Place in trash or offer for recycling if available. If partly filled: Call your local solid waste agency or 1-800-CLEANUP for disposal instructions. Never place unused product down any indoor or outdoor drain.

DOSAGE RATES

INSECTICIDES
With Insecticides, Miticides, Fungicides & Nutrients:
- For TREES — Use 16–64 fl oz. VINTRE per acre at rates no greater than 0.3% v/v.
- For VINES — Use 16–32 fl oz. VINTRE per acre at rates no greater than 0.3% v/v.
- With Ultra Low Volume equipment (like Aerials, Electrostatics, and Mistblowers) — Use 16 fl oz. to 32 fl oz. VINTRE per acre at rates no greater than 0.8% v/v.
- With Chemigation, use 6–32 fl oz. VINTRE per acre.

With Plant Growth Regulators:
- Use 10–20 fl oz. VINTRE per acre in sufficient water.

POST HARVEST LUMINAR AND DORMANT DORMANT
With Insecticides, Miticides, Fungicides, Nutrients and/or Dormant oils: Add 1 to 3 Quarts of VINTRE per acre in sufficient tank-mix spray water volume to adequately wet target.

WARRANTY STATEMENT
CONDITIONS OF SALE/LIMITED WARRANTY AND LIMITATIONS OF LIABILITY AND REMEDIES: Read the Conditions of Sale/Warranty and Limitations of Liability and Remedies before using this product. The terms are not acceptable, return the product, used, and the full purchase price will be refunded. The directions on this label are believed to be reliable and should be followed carefully. Insufficient control of pests and/or injury to the crop to which the product is applied may result from the occurrence of extraordinary or unusual weather conditions or the failure to follow the label directions or good application practices, all of which are beyond the control of ORG AGRI Inc. (the “Company”) or seller. In addition, failure to follow label directions may cause injury to crops, animals, man or the environment. The Company warrants that this product conforms to the chemical description on the label and is reasonably fit for the purpose referred to in the directions for use subject to the factors noted above which are beyond the control of the Company. The Company makes no other warranties or representations of any kind, express or implied, concerning the product, including any implied warranty of merchantability or fitness for any particular purpose, and no such warranty shall be implied by law. The exclusive remedy against the Company for any cause of action relating to the handling or use of this product shall be limited to, at ORG AGRI Inc.’s election, one of the following: 1. Refund of the purchase price paid by buyer or user for product bought, or 2. Replacement of the product used to the extent allowed by law, the Company shall not be liable and any and all claims against the Company are waived for special, indirect, incidental, or consequential damages or expense of any nature, including, but not limited to, loss of profits or income. The Company and the seller after this product and the buyer and user accept it, subject to the foregoing conditions of sale and limitation of warranty, liability and remedies.
