READ ENTIRE LABEL BEFORE EACH USE
USE ONLY ON DOGS OR PUPPIES OVER 7 WEEKS OLD

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

For external use only on dogs only. Do not use this product on cats. Use only on dogs and puppies over the age of 7 weeks (1.6 mL and 3.6 mL sizes)

WARNING: Causes substantial, but temporary eye injury, harmful if swallowed or absorbed through skin. Do NOT get in eyes or on clothing. Avoid contact with skin. Remove and wash contaminated clothing before reuse. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum or using tobacco products.

Do not use this product on debilitated, aged, medicated, pregnant or nursing animals, or animals known to be sensitive to pesticide products without first consulting a veterinarian.

Sensitivity, such as slight transitory redness of the skin at the site of application, may occur after using ANY pesticide product for pets. If signs of sensitivity occur, bathe your pet with mild soap or shampoo and rinse with large amounts of water. If signs of individual animal sensitivity occur and persist, contact your veterinarian. Have the product container or label with you when calling your veterinarian for advice.

DO NOT USE ON CATS. Due to their unique physiology and inability to metabolize certain compounds, this product must not be used on cats. If applied to a cat, or ingested by a cat that actively grooms a recently treated dog, this product may have serious harmful effects. If this occurs, contact your veterinarian immediately.

FIRST AID

| If in eyes: | Hold eye open and rinse slowly and gently with water for 15 – 20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing. Call a poison control center, or doctor for treatment advice. |
| If swallowed: | Call a poison control center or doctor for treatment advice. Do not induce vomiting unless told to do so by a poison control center or doctor. Have person sip a glass of water if able to swallow. Do not give anything by mouth to an unconscious person. |
| If on skin: | Take off contaminated clothing. Rinse skin immediately with plenty of water for 15 – 20 minutes. Call a poison control center, doctor, or 1-888-426-4435 immediately for treatment advice. |

Have the product container or label with you when calling a poison control center or doctor or going for treatment. You may contact 1-800-999-0297 between 9am and 6pm weekdays or 1-888-426-4435.
DIRECTIONS FOR USE
It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

[Precaución al consumidor: si usted no lee inglés, no use este producto hasta que le expliquen.
le haya sido explicada ampliamente. (To the User: If you cannot speak English, do not use this
product until the label has been fully explained to you.)]

HOW TO APPLY:
1. USE ONLY ON DOGS. DO NOT USE ON CATS OR OTHER ANIMALS.
2. Remove applicator from package.
3. The dog should be standing or in a comfortable position for easy application.
4. Holding the applicator tube upright, place thumb and index finger around the applicator tip
under the large disk. With other hand, grasp the stem of applicator tip above smaller disk.
Press down firmly on small disk until both disks meet, piercing the seal. See illustration.
5. Using the tip of the applicator part the hair down to the level of the skin and slowly apply
the product. Avoid superficial application to the animal’s hair.

![Applicator Diagrams]

For dogs weighing 2.5 to
20 lbs, apply the product to one
spot, as shown in the diagram, onto the skin, squeezing the
applicator tube until empty.

For dogs weighing 21 to
55 lbs. OR for dogs weighing
56 to 95 lbs., apply the product
every two spots along the
dog’s back, beginning between
the shoulder blades and
continuing in the order shown
in the diagram, squeezing the
applicator tube until empty.

For dogs weighing over 95 lbs.,
apply the product evenly to four
spots on the dog’s back, beginning
between the shoulder blades and
continuing in the order shown
in the diagram, squeezing the
applicator tube until empty.

6. Discard empty applicator tube as outlined in Storage and Disposal.
7. Repeat every month or as recommended by your veterinarian. Do not apply in less than 30 days.
8. For treatment, control and prevention of fleas, flea eggs, flea larvae, flea pupae, ticks,
mosquitoes, lice, sand flies and mites, year-round treatment is recommended.

STORAGE AND DISPOSAL
Do not contaminate water, food or feed by storage and disposal.
Storage: Store in a cool, dry place. Protect from freezing.
Disposal: If empty, do not reuse the container. Place in trash or offer for recycling if available. If partially filled, call your local solid waste agency for disposal instructions.
Never place unused products down any indoor or outdoor drain.

LIMITED WARRANTY AND LIMITATION OF DAMAGES
Seller warrants that the material conforms to the chemical parameters of the US EPA
registration and the label. To the extent consistent with applicable law seller makes no
warranty, express or implied, other than indicated on the label. Buyer and user assume all
risk of use and handling of this material when such use and handling are contrary to the
label instructions. To the extent consistent with applicable law any damages arising from a
breach of this warranty shall be limited to direct damages and shall not include consequential
commercial damages such as loss of profit or values.

Volume varies with size of animal for which package is intended and number of applicators per
package. Product may be packaged in 1, 2, 3, 4, 6, 8, 9, 12, 24 or 36 applicators per package.
Total volume will correspond to number of applicators.
