DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling. Do not use on horses or foals intended for slaughter. Do not apply over cuts, wounds, or irritated skin. Do not apply near eyes and mouth. Apply sparingly around ears. Wash hands with soap and water promptly after use.

For initial treatment, apply daily for 2-3 days. As irritation subsides, repeat treatment every 5-10 days or as prescribed by a veterinarian. Also re-apply every time animal is washed or exposed to heavy rain. Do not apply more than once per day.

Consult a veterinarian before using this product on debilitated, aged, pregnant, nursing or medicated animals.

USE ONLY IN WELL VENTILATED AREA. HOLD BOTTLE IN UPRIGHT POSITION WHEN SPRAYING:

Dogs: Cover animal's eyes with hands. With a firm stroke to get a proper spray mist, spray head, ears and chest until damp. With fingertips, run into face around mouth, nose and eyes. Then spray neck, middle and hind quarters, finishing legs last. For best penetration of spray to the skin, direct spray against the natural lay of the hair. On long-haired dogs, rub your hand against the lay of the hair, spraying the ruff of hair directly behind the hand. Make sure spray thoroughly wets ticks.

Horses: Thoroughly brush the horse's coat, prior to application, to remove loose dirt and debris. For dirty horses, and as a preparation for show grooming, clean the coat with a quality shampoo. Wait until coat is completely dry before applying. Cover entire surface of animal with spray but avoid getting product into horse's eyes or other sensitive areas such as mouth or nose. Brush coat against grain while spraying to assist adequate penetration of product. As a wipe, apply liberally with a clean cloth or sponge. Make sure spray has completely dried before covering with any tack.

STORAGE AND DISPOSAL

STORAGE: Store in original container in a cool, dry place inaccessible to children and pets. If a leaky container must be contained within another, make the outer container to identify the contents. Store pesticides away from food, pet food, feed, fertilizers, and veterinary supplies.

DISPOSAL: Nonrefillable container. Do not reuse or refill this container. If empty, Place in trash or offer for recycling if available. If partly filled: Call your local solid waste agency for disposal instructions. Never place unused product down any indoor or outdoor drain.
