RESTRICTED USE PESTICIDE
Due to oral, dermal, and inhalation toxicity and avian hazards
For retail sale and use only by Certified Applicators or persons under their direct supervision and only for those uses covered by the Certified Applicator’s certification.

THIMET® 20-G
EZ Load® CLOSED LOADING SYSTEM

SOIL AND SYSTEMIC INSECTICIDE

ACTIVE INGREDIENT:

By Weight

Wettable Powder (10% by weight) 84.0%
Flake Phosphates 16.0%

TOTAL

95.0%

INERT INGREDIENTS:

KEEP OUT OF REACH OF CHILDREN

DANGER

Poison

PELIGRO

KEEP OUT OF REACH OF CHILDREN

PELIGRO

EZ Load® closed-loading system replaces the deltamethrin closed-loading systems as defined by the Worker Protection Standard for Agricultural Workers (40 CFR 190.446). In addition to exceeding the required PPE or barrier protection requirements listed in Table 1B, the dealer must be provided with any that are immediately available for use even more so at a single package, spill of equipment breakdown successes.

- Spectroscopic
- Chemical oxidizer
- Oxidizer
- NIOSH-approved diaphragm pump
- NIOSH-approved diaphragm pump with MSHA/NIOSH approved number pump T-21-C or MSHA approved number pump P-21-C

Applicators must use an enclosed cab that makes the definition in the Worker Protection Standard for Agricultural Workers for a closed system. In addition to the appraiser’s equation.

- Must wear NIOSH or approved respiratory protection or eye protection and NIOSH-approved respiratory protection or eye protection and NIOSH-approved diaphragm pump
- Must wear an NIOSH-approved respirator against any N, P, R, or RP filter

Information of users and employers must be immediately available and the eye disease occurring. For my requirements specific to your state or Tribal, contact the agency responsible for pesticide inquires.

- Do not use this product on any crop on Long Island, New York. Do not apply this product by an aquatic habitat.
- Do not use this product on any crop on Long Island, New York. Do not apply this product by an aquatic habitat.
- Do not use this product on any crop on Long Island, New York. Do not apply this product by an aquatic habitat.

- Spectroscopic

**BEFORE USING, READ PRECAUTIONARY STATEMENTS**

Apply Teframite 24-G with a granular pesticide application equipment calibrated to assure accurate placement and proper dosage. Cover granule that may be exposed on the ends of the treated rows and areas leading to nearby areas by deep-digging immediately after treating fields.

<table>
<thead>
<tr>
<th><strong>USE RATES AS POUNDS PER ACRE</strong></th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>APPLICATION RATE (pounds per 1,000 lb of row)</strong></td>
</tr>
<tr>
<td>1.0</td>
</tr>
<tr>
<td>3.3</td>
</tr>
<tr>
<td>4.0</td>
</tr>
<tr>
<td>5.0</td>
</tr>
<tr>
<td>6.0</td>
</tr>
<tr>
<td>7.0</td>
</tr>
<tr>
<td>8.0</td>
</tr>
<tr>
<td>9.0</td>
</tr>
</tbody>
</table>

**CALIBRATION INFORMATION**

It is important that application equipment be properly set to deliver the labeled rate. The table below shows suggested calibrating settings for calibration at planting speeds of 5 to 7 mph and application rates of 4, 5, 6, 9, and 10 mph. No calibration is suggested at a speed of 10 mph.

**SUGGESTED GRANULAR APPLICATION SETTINGS**

<table>
<thead>
<tr>
<th>Application Rate (pounds per acre)</th>
<th>4.0</th>
<th>5.0</th>
<th>6.0</th>
<th>9.0</th>
</tr>
</thead>
<tbody>
<tr>
<td>5 mph (8,000 feet per hour)</td>
<td>4.0</td>
<td>5.0</td>
<td>6.0</td>
<td>9.0</td>
</tr>
<tr>
<td>6 mph (10,000 feet per hour)</td>
<td>4.0</td>
<td>5.0</td>
<td>6.0</td>
<td>9.0</td>
</tr>
<tr>
<td>7 mph (12,000 feet per hour)</td>
<td>4.0</td>
<td>5.0</td>
<td>6.0</td>
<td>9.0</td>
</tr>
</tbody>
</table>

**NOTE:** The settings in this table are only to be used as starting points. Continuously check the amount of Teframite 24-G and against a known length of row and make further adjustments accordingly. Always calibrate occasionally to make sure application rate, changing conditions, etc., have not caused a change in flow rate.

To determine other use rates, in pounds per acre:

1. Divide the desired rate (inches) by 1,000 ft. of row, divide by 16 sq ft, divide by row width in feet, multiply by 43,560 A² / 1 lb.

Example: For 10 in. x 1,000 ft. of row, 36 in. row width (3 ft):

\[ \frac{10}{1,000} \times 16 \times 3 = 43.56 \text{ lb} \]
STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage or disposal.

PROHIBITIONS: Open dumping is prohibited. Cover or incinerate spills.

PESTICIDE STORAGE: Store pesticide products in a secure locked area where children, unauthorized persons and animals cannot enter. Do not store in the same area with food or feed. Do not store open containers.

PESTICIDE DISPOSAL: Pesticide wastes are strictly hazardous. Improper disposal of excess pesticide, spray mixtures, or trash is in violation of Federal law. If these wastes cannot be disposed of by use according to label instructions, contact your state pesticide or Environmental Control Agency, or the hazardous waste representative of the nearest EPA Regional Office for guidance.

CONTAINER DISPOSAL: Return empty container to point of purchase. Consult Federal, State or local disposal authorities for approved alternative procedures such as limited open burning.

LIMITED WARRANTY AND DISCLAIMER

The manufacturer warrants, subject to the terms and conditions of this Limited Warranty and Disclaimer, to the original consumer purchaser, that this product is reasonably fit for the purpose set forth in the directions for use, subject to the limitations set forth in this warranty, and十分重要的是，这节内容包括了对产品的使用说明、安全注意事项，以及产品的保修和免责声明。
