PRO QUATERNARY
All-Purpose Disinfectant Cleaner

ACTIVE INGREDIENTS:
Octyl decyl dimethyl ammonium chloride ... 3.255%
Dioctyl dimethyl ammonium chloride ......... 1.628%
Didecyl dimethyl ammonium chloride........ 1.628%
Alkyl (50% C14, 40% C12, 10% C16) dimethyl benzyl ammonium chloride ......... 4.339%
OTHER INGREDIENTS: .........................89.150%
TOTAL:.......................................... 100.000%

FIRST AID: Use the product container or label when calling a poison control center or doctor, or going for treatment. IF IN EYES: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice. IF ON SKIN OR CLOTHING: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call poison control center or doctor for treatment advice. IF SWALLOWED: Call poison control center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by the poison control center or doctor. Do not give anything by mouth to an unconscious person. IF INHALED: Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible. Call a poison control center or doctor for further treatment advice.

NOTE TO PHYSICIAN: Probable mucosal damage may contraindicate the use of gastric lavage.

KEEPS OUT OF REACH OF CHILDREN

DANGER: See back panel for additional precautionary statements.

• Cleaner • Disinfectant • Deodorizer • Detergent

• Virucide* • Fungicide (against pathogenic fungi)

• Mildewstat (on hard, nonporous, inanimate surfaces)

**Clorox® Pro Quaternary All-Purpose Disinfectant Cleaner**, when used as directed, is formulated to disinfect the following hard, nonporous, inanimate environmental surfaces:

- Floors, walls, metal surfaces, stainless steel surfaces, glazed porcelain, glazed ceramic tile, plastic surfaces, vanity tops, shower stalls, bathtubs and cabinets
- Non-food contact glass, metal, stainless steel, glazed porcelain, glazed ceramic, sealed fiberglass, sealed granite, sealed marble, plastic, chrome and vinyl
- Tables, chairs, desks, bed frames, walls, cabinets, door knobs and garbage cans
- Picnic tables (non-wooden) and outdoor furniture (except cushions and wood frames)
- Non-food contact countertops, sinks, refrigerator interiors, coolers, freezer interiors, stovetops, appliances, non-food contact equipment, shelves, racks and carts
- Shower stalls, shower doors and curtains, tiles and glazed tiles, toilets, urinals, porcelain tile and restroom fixtures
- Windows and mirrors
- Large, inflatable, nonporous plastic or rubber structures: animals, promotional items, moonwalks, slides, obstacle course playground equipment, exercise equipment, exercise mats, wrestling mats

**Clorox® Pro Quaternary All-Purpose Disinfectant Cleaner**, is a phosphate-free, pH neutral formulation designed to provide effective cleaning, deodorizing and disinfection for hospitals, nursing homes, schools, food service establishments, office buildings, manufacturing facilities, lodging establishments, retail business and athletic/recreation facilities, where housekeeping is of prime importance in controlling cross-contamination from treated surfaces.

**Clorox® Pro Quaternary All-Purpose Disinfectant Cleaner**, is a one-step neutral disinfectant that is effective against a broad spectrum of bacteria, is virucidal* (including HIV-1, HIV-2, HBV and HCV) and inhibits the growth of mold and mildew and their odors when used as directed.

This product, when used on environmental, inanimate, hard, nonporous surfaces, exhibits *VIRUCIDAL ACTIVITY — PRESENCE OF 400 PPM HARD WATER AS CaCO₃ IN THE PRESENCE OF 200 PPM HARD WATER AS CaCO₃.

**Clorox® Pro Quaternary All-Purpose Disinfectant Cleaner**

**Allow surface to remain wet for 10 minutes.**

**CONTACT TIME:**

Blood and other body fluids must be thoroughly cleaned from surfaces and objects before application of this product.

**CLEANING PROCEDURES:**

Blood or body fluids, use disposable latex gloves, gowns, masks and eye coverings.

SPECIAL INSTRUCTIONS FOR CLEANING AND DECONTAMINATION AGAINST HIV-1, HIV-2, HBV AND HCV ON SOILED WITH BLOOD OR BODY FLUIDS:

Blood and other body fluids can be associated with the potential for transmission of Human Immunodeficiency Virus (HIV) and the odors they cause on precleaned hard, nonporous surfaces, exhibits effective virucidal activity. Add 1 ounce of this product per gallon of water. Apply solution with a cloth, mop, sponge or hand pump trigger sprayer, making sure to wet all surfaces completely. Let air dry. Prepare a fresh solution for each use. Repeat application at weekly intervals or when mildew growth appears.

**SYSTEMIC ACTIVITY:** At the 1 ounce per gallon dilution, this product is fungicidal against the pathogenic fungi, *Candida albicans*.

**Directions for Use:** A violation of Federal law to use this product in a manner inconsistent with its labeling.

**STORAGE:** — In case of normal storage, this product is dry and non-inflammable. Add 1 ounce of this product per gallon of water. Apply solution with a cloth, mop, sponge or hand pump trigger sprayer, making sure to wet all surfaces thoroughly. Allow the surface to remain wet for 10 minutes, then remove excess liquid. For sprayer applications, spray 6–8 inches from surface, with brush, sponge or cloth. Do not mist spray. For heavily soiled areas, a precleaning step is required. Surfaces which may contact food must be rinsed thoroughly with potable water after use.

**PHYSICAL ACTIVITY:** This product, when used on environmental, inanimate, hard, nonporous surfaces, exhibits effective virucidal activity. Dilute 1 ounce of the product per gallon of water. For heavily soiled areas, a precleaning step is required. Apply solution with a cloth, mop, sponge, hand pump trigger sprayer or low-pressure course sprayer up to 100 psi as soon as possible.

**MOLD/MILDEWSTAT:** To control mold and mildew (Aspergillus Niger) and the odors they cause on precleaned hard, nonporous, nonamine surfaces, add 1 ounce of this product per gallon of water. Apply solution with a cloth, mop, sponge or hand pump trigger sprayer, making sure to wet all surfaces thoroughly. Allow the surface to remain wet for 10 minutes, then remove excess liquid.

**PRECAUTIONARY STATEMENTS:**

**HAZARDS TO HUMANS AND DOMESTIC ANIMALS.**

**DANGER:** KEEP OUT OF REACH OF CHILDREN. CORROSIVE. Causes severe eye damage and moderate respiratory effects. Do not get in eyes, on skin or on clothing. May be fatal if absorbed through skin. Harmful if swallowed. Wear goggles or face shield, rubber gloves and protective clothing. Remove contaminated clothing and wash before reuse. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum or using the toilet.

**STORAGE AND DISPOSAL:**

**DO NOT CONTAMINATE WATER, FOOD OR FEED BY STORAGE OR DISPOSAL.** Pesticide Storage — Store in a dry, cool place where temperatures are less than 100°F and not higher than 120°F.

**Surface care instructions**

- **STORAGE:** — In normal dry storage, this product is dry and non-inflammable. Add 1 ounce of this product per gallon of water (1 ounce per gallon, 850 ppm active quaternary) for a period of 10 minutes. Ventilate buildings and other closed spaces. Do not use equipment until treatment has been adsorbed, set or dried.

**PRECAUTIONARY STATEMENTS:**

**HAZARDS TO HUMANS AND DOMESTIC ANIMALS.**

**DANGER:** KEEP OUT OF REACH OF CHILDREN. CORROSIVE. Causes severe eye damage and moderate respiratory effects. Do not get in eyes, on skin or on clothing. May be fatal if absorbed through skin. Harmful if swallowed. Wear goggles or face shield, rubber gloves and protective clothing. Remove contaminated clothing and wash before reuse. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum or using the toilet.

**STORAGE AND DISPOSAL:**

**DO NOT CONTAMINATE WATER, FOOD OR FEED BY STORAGE OR DISPOSAL.** Pesticide Storage — Store in a dry, cool place where temperatures are less than 100°F and not higher than 120°F.

**CONTAINER HANDLING:** — Nonrefillable container. Do not reuse or refill this container. Offer for recycling if available or puncture and dispose of in a sanitary landfill, or by incineration, or, if allowed by state and local authorities, by burning. If burned, stay out of smoke. Triple rinse container promptly after emptying. Triple rinse as follows: Empty the remaining contents into the toilet water. Brush or swab the bowl completely using a scrub brush or toilet mop making sure to get under the rim. Let stand for 10 minutes and flush. To Control Mold and Mildew on Large, Inflatable, Nonporous Plastic and Rubber Structures (animals, promotional items, moonwalk, slides, obstacle course play equipment, exercise equipment and wrestling mats): Thoroughly clean all surfaces with soap or detergent and rinse with water. Saturate surfaces with a solution of 4 ounces of Clorox® Pro Quaternary All-Purpose Disinfectant Cleaner per 4 gallons of water (1 ounce per gallon of water, 850 ppm active quaternary) for a period of 10 minutes. Ventilate buildings and other closed spaces. Do not use equipment until treatment has been adsorbed, set or dried.

**PRECAUTIONARY STATEMENTS:**

**VIRUCIDAL ACTIVITY** — Clorox® Pro Quaternary All-Purpose Disinfectant Cleaner should be autoclaved and disposed of according to local regulations for infectious waste disposal.

**CONTACT TIME:**

**CLEANING PROCEDURES:**

Blood and other body fluids must be thoroughly cleaned from surfaces and objects before application of this product. Special instructions for cleaning and decontamination against HIV-1, HIV-2, HBV and HCV on inanimate objects in health care settings (hospitals, nursing homes) or other settings in which there is an expected likelihood of soiling with the bloodstream or normally sterile areas of the body, or (2) contacts intact mucous membranes but which does not ordinarily penetrate the blood barrier or otherwise enter normally sterile areas of the body.

**MODE OF ACTION:**

KILLS HIV-1, HIV-2, HBV AND HCV ON PRECLEANED ENVIRONMENTAL SURFACES/OBJECTS PREVIOUSLY SOILED with the bloodstream or normally sterile areas of the body, or (2) contacts intact mucous membranes but which does not ordinarily penetrate the blood barrier or otherwise enter normally sterile areas of the body.

**DIRECTIONS FOR USE:**

It is a violation of federal law to use this product in a manner inconsistent with its labeling.

**DISINFECTANT:**

To disinfect indoor, hard, nonporous surfaces, add 1 ounce of this product per gallon of water. For heavily soiled areas, a precleaning step is required. Surfaces which may contact food must be rinsed thoroughly with potable water after use. Other body fluids must be thoroughly cleaned from surfaces and objects before and after use of this product; otherwise, infectious waste disposal as regulated by Occupational Safety and Health Administration (OSHA) and the Department of Transportation (DOT).

**FUNCTIONAL ACTIVITY:**

- At a 1:100 dilution, this product is fungicidal against the pathogenic fungi, Candida albicans, Trichophyton mentagrophytes, and certain types of fungus, a cause of impetigo of the body and Candida albicans. Apply solution with a cloth, mop, sponge, or hand pick-up sprayer to hard, nonporous surfaces found in bathrooms, Be sure to soak the cloth, or use a commercial stain remover, until the soiled surface is completely covered. Allow the surface to remain for 10 minutes, then remove excess liquid. Diluted product should be used no more frequently than necessary.

**DEODORIZATION:**

To deodorize, use this product as indicated under heading DEODORIZING.

**DISPOSAL OF INFECTIOUS MATERIALS:**

Three. This product is a fungicide at 1 ounce per gallon, inanimate, nonporous, inanimate surfaces, add 1 ounce of this product per gallon of water. Apply solution with a cloth, mop, sponge, or hand pick-up sprayer or low-pressure sprayer so as to wet all surfaces thoroughly. Allow to remain wet for 10 minutes, then remove excess liquid. For spray applications, spray up to 4 inches from the surface, wash with soap or detergent and rinse with water. Use on window, mirrors and other non-food contact glass surfaces.

**DIRECTIONS FOR USE:**

This product is formulated to a neutral pH and will not dull high-gloss floor finishes with repeated use. Use on windows, mirrors and other non-food contact glass surfaces.

**PACKAGING:**

- Cleaner    • Disinfectant    • Deodorizer    • Detergent    • *Virucide    • Fungicide

**DISPOSAL OF INFECTIOUS MATERIALS:**

This product is a no-rinse, neutral pH disinfectant cleaner that disinfects, cleans and deodorizes in one labor-saving step.

**PRECAUTIONARY STATEMENTS: HAZARDS TO HUMANS AND DOMESTIC ANIMALS.**

DANGER: KEEP OUT OF REACH OF CHILDREN. CORROSIVE.

**STORAGE AND DISPOSAL:**

DO NOT CONTAMINATE WATER, FOOD OR FEED BY STORAGE OR DISPOSAL.

**PESTICIDE STORAGE:**

Store in a dry place no lower in temperature than 50°F or higher than 120°F.

**PESTICIDE DISPOSAL:**

Contact your local pesticide management service for instructions on the proper disposal of empty containers or damaged packaging materials.

**INGREDIENTS:**

- Active ingredients: 1% active quaternary, 1% active quaternary.

**FIRST AID:**

**INHALATION:**

Remove to fresh air. If breathing is difficult, give oxygen. Do not give any stimulant.

**INGESTION:**

Do not induce vomiting. Do not give any stimulant. Support vital functions. Wash clothes, shoes, and other contaminated articles before reuse. Do not reuse or refill this container. Offer for recycling if available or puncture and dispose of in a sanitary landfill, or by incineration, as directed by the Environmental Protection Agency or the Hazardous Waste representative at the nearest EPA Regional Office for guidance.

**INHALE:**

Aggravate respiratory distress and cause excess coughing. Treatment is primarily supportive.

**EXTERNAL DETERMINATION:**

Blood: 4 ounces of Limpiador Desinfectante Multiuso Pro Cuaternario, Clorox® por 4 galones de agua (1 onza por galón de agua, 850 ppm de cuaternario activo). Verifique las edades y otros espacios cerrados. No use el equipo para inhalarse el vapor, se inhala o se inhala.

PRECAUTIONARY STATEMENTS: HAZARDS TO HUMANS AND DOMESTIC ANIMALS.

**DANGER: KEEP OUT OF REACH OF CHILDREN. CORROSIVE.**

**STORAGE AND DISPOSAL:**

DO NOT CONTAMINATE WATER, FOOD OR FEED BY STORAGE OR DISPOSAL.

**PESTICIDE DISPOSAL:**

Contact your local pesticide management service for instructions on the proper disposal of empty containers or damaged packaging materials. Contacts.

**INGESTION:**

Do not induce vomiting. Offer for recycling if available or puncture and dispose of in a sanitary landfill, or by incineration, as directed by the Environmental Protection Agency or the Hazardous Waste representative at the nearest EPA Regional Office for guidance.
