**Neutral Disinfectant Cleaner**

**NET CONTENTS: 55 US GAL (208.2 L)**

**Neutral Disinfectant Cleaner** can be used in the following settings:

- **Healthcare settings**: For use in healthcare settings such as patient care areas, operating rooms, patient rooms, and other areas where infection control is necessary to prevent the spread of infectious diseases.
- **Long-term care facilities**: For use in long-term care facilities such as nursing homes, assisted living facilities, and other residential care settings.
- **Dental offices and clinics**: For use in dental offices and clinics where infection control is necessary to prevent the spread of infectious diseases.
- **Veterinary clinics**: For use in veterinary clinics where infection control is necessary to prevent the spread of infectious diseases.
- **Animal life science laboratories**: For use in animal life science laboratories where infection control is necessary to prevent the spread of infectious diseases.

**Chemical Characteristics**

- **pH**: Neutral
- **Active Ingredients**:
  - Dimethyl Benzyl Ammonium Chloride: 6.76%
  - Sodium Hypochlorite: 100.00%
- **Bactericidal**: Bactericidal (660 ppm quat)
- **Fungicidal**:
  - **Kills Pseudomonas aeruginosa**: for up to one year when stored in a sealed container such as a spray bottle. The bactericidal activity of this product is not affected by hard water (via use of automatic dispensing device).
  - **Kills Staphylococcus aureus**: for up to one year when stored in a sealed container such as a spray bottle. The bactericidal activity of this product is not affected by hard water (via use of automatic dispensing device).
  - **Kills Salmonella typhimurium**: for up to one year when stored in a sealed container such as a spray bottle. The bactericidal activity of this product is not affected by hard water (via use of automatic dispensing device).

**Special Instructions for Cleaning and Decontamination Against HIV-1 (AIDS Virus) or HBV or HCV on Surfaces/Objects Soiled Previously with Blood/Body Fluids**

- In health care settings or other settings in which there is an expected likelihood of soiling of inanimate surfaces/

**HAZARDS TO HUMANS AND DOMESTIC ANIMALS**

- **Toxicity**: Oral, dermal, and eye irritation. May cause skin sensitization.
- **Exposure limits**: Not applicable.
- **Carcinogenicity**: Not listed.
- **Mutagenicity**: Not applicable.
- **Teratogenicity**: Not applicable.
- **Reproductive effects**: Not applicable.
- **Environmental effects**: Not applicable.

**STORAGE & DISPOSAL**

- **Storage**: Store in a cool, dry place, away from direct sunlight. Do not expose to excessive temperatures or humidity.
- **Disposal**: Pesticide wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste representative of the facility where the product was purchased.

**PESTICIDE DISPOSAL**

- **For service or additional information, call 1-800-35 CLEAN (352-5326).**

**PRESERVATION STATEMENTS**

- **Prior to Use**: Avoid breathing vapor or spray mist. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco or using the toilet.

**PRECAUTIONARY STATEMENTS**

- **Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans, or other waters unless in accordance with the requirements of a National Pollution Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge in a storm sewer or drain which empties into a waterway or otherwise enter normally sterile areas of the body. This product may be used to preclean or decontaminate critical or semicritical devices prior to sterilization or high-level disinfection.

**HAZARD MATERIALS CLASS**

- **UN No.**: 3810

**HAZARDOUS WASTE DISPOSAL**

- **For service or additional information, call 1-800-35 CLEAN (352-5326).**
