CAUTION. Poison Control Center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a Poison Control Center or doctor. Do not give anything by mouth to an unconscious person. Have the product container or label with you when calling a Poison Control Center or doctor, or going for treatment.

STORAGE AND DISPOSAL

For Outdoor Use Only. Never leave any burning candle unattended. Keep wick trimmed to 1/4 inch of wax remains. To maximize the repellent barrier, use several Repel® Insect Repellent Citronella Candles to create perimeter protection against flying insects. Remove lid before burning. Place lid on top of tin to extinguish. Lid will be hot after extinguishing flame.

Do not reuse or refill this container. Offer for recycling if available. Call your local solid waste agency for disposal instructions.

To reduce annoyance of mosquitoes, use one or more candles in still air. Best results within 3 ft. Do not use indoors or in enclosed areas such as garages, porches or tents. Place candles at least 18 inches apart. Container may become hot; handle carefully. Place on heat-resistant surface away from anything flammable and out of reach of children or pets. Do not move candle while burning or before wax hardens. Always extinguish flame before moving.
