Precautionary Statements
Hazards to Humans and Domestic Animals

CAUTION: Harmful if swallowed or absorbed through the skin. Keep away from children, domestic animals and pets. Do not get in eyes, on skin, or on clothing.

All handlers (including applicators) must wear long-sleeve shirt, long pants, shoes plus socks, and gloves. Any person who retrieves carcasses or unused bait following application of this product must wear waterproof gloves.

User Safety Requirements
Follow manufacturer’s instructions for cleaning/maintaining PPE. If no such instructions for washables, use detergent and hot water. Keep and wash PPE separately from other laundry. Remove PPE immediately after handling this product. Wash the outside of gloves before removing. As soon as possible, wash hands thoroughly after applying bait and before eating, drinking, chewing gum, using tobacco of using the toilet and change into clean clothing.

Environmental Hazards
This product is extremely toxic to mammals and birds. Dogs, cats and other predatory and scavenging mammals and birds might be poisoned if they feed upon animals that have eaten this bait. This pesticide is toxic to fish. Do not apply directly to water, or to areas where water surface is present or to intertidal areas below the mean high water mark. Runoff may also be hazardous to aquatic organisms in water adjacent to treated areas, do not contaminate water when disposing of equipment wash water or rinse.

Directions for Use
It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Read This Label: Read the entire label and follow all use directions and use precautions. Use only for the sites, pests, and application methods described on this label. It is illegal to sell these bait packs individually.

Important: Do not expose children, pets, or other nontarget animals to rodenticides. To reduce exposure:

- Store products not intended for a location out of reach of children or pets.
- Apply bait in locations out of reach of children, pets, domestic animals, and nontarget wildlife, or in tamper-resistant bait stations. All above ground, outdoors applications must be in tamper-resistant bait stations.
- These stations must be resistant to destruction by dogs and by children under 6 years of age, and must be used in a manner that prevents such children from reaching into bait compartments and obtaining bait. If bait can be shaken from stations when they are filled, units must be secured or otherwise immobilized. Even stronger bait stations are needed in areas open to food scavenging, livestock, raccoons, bears, or other potentially destructive animals, or in areas prone to vandalism.

- Dispose of product container, and unused, spoiled, and unconsumed bait as specified on this label.

Use Restrictions
- Do not use in homes or other human residences.
- Do not apply further than 50 feet from buildings.
- Do not sell this product in individual containers holding less than 8 pounds of bait.
- When used in USA, unoccupied facilities, this product must be applied in tamper-resistant bait stations.
- Do not use in sewers.
- Do not contaminate water, food, feedstuffs, food- or feed-handling equipment, milk- or meat-handling equipment, or surfaces that come in direct contact with food.
- Do not place around inside ventilation duct openings.
- Do not broadcast bait.

Selection of Treatment Areas: Determine areas where rats and/or mice will most likely find and consume the bait. Generally, these areas are along walls, by gnawed openings, in or beside burrows, in corners and concealed places between floors and walls, or in locations where rodents or their signs have been observed. Remove as much food as possible.

Application Directions
Norway and Roof Rats:
Apply 2-8 place packs (usually at intervals of 15-30 ft.) per placement. Maintain an uninterrupted supply of fresh bait for 10 days or until signs of rat activity cease. Two place packs contain enough bait (100 g) to kill 1-3 rats.

House Mice:
Apply 1 bait pack per placement. Space placements at intervals of 8-12 ft. Two bait packs may be needed at points of very high mouse activity. Maintain an uninterrupted supply of fresh bait for 15 days or until signs of mouse activity cease.

Follow-Up: Replace contaminated or spoiled bait immediately. Collect and dispose of all dead rodents and leftover bait property. To prevent reinfestation, limit source of rodent food, water, and harborage as much as possible. If reinfestation does occur, repeat treatment. Where a continuous source of infestation is present, maintain permanent bait stations and repletion with cereal or toxic bait as needed.

Storage and Disposal
Do not contaminate water, food or feed by storage or disposal.

Pesticide Storage: Store only in original container in a cool, dry place inaccessible to children and pets. Keep containers closed and away from other chemicals.

Pesticide Disposal: Where waste results from the use of this product at an approved waste disposal facility or call your local solid waste agency for alternative disposal instructions. Never dispose of unused product down any indoor or outdoor drain.

Container Handling: (container, bait pack): Nonrefillable container. Do not reuse or refill this container. When completely empty, offer for recycling if available, or dispose of empty container in a sanitary landfill, or by incineration, or by other procedures allowed by state and local authorities.

Conditions of Sale and Limitation of Warranty and Liability
The Directions for Use of this product must be followed carefully. It is impossible to eliminate all risks inherently associated with the use of this product. Drop, injury, ineffectiveness or other unintended consequences may result because of such factors as manner of use or application, weather or crop conditions, presence of other materials or other influencing factors in the use of the product which are beyond the control of HACCO, Inc. or Seller. To the extent permitted by applicable law, Buyer and User agree to hold HACCO, Inc. and Seller harmless for any claims relating to such factors.

HACCO, Inc. warrants that this product conforms to the chemical description on the label and is reasonably fit for the purpose stated in the directions for use, when used in accordance with directions under normal use conditions. To the extent permitted by applicable law, (1) this warranty does not extend to the use of this product contrary to label instructions, or under conditions not reasonably foreseeable to be done by the control of Seller or HACCO, Inc., and (2) Buyer and User assume the risk of any such use. To the extent permitted by applicable law, HACCO, INC. MAKES NO WARRANTIES OF MERCHANTABILITY OR OF FITNESS FOR A PARTICULAR PURPOSE EXCEPT ANY OTHER EXPRESS OR IMPLIED WARRANTY EXCEPT AS WARRANTED BY THIS LABEL.

To the extent permitted by applicable law, in no event shall HACCO, Inc. be liable for any incidental, consequential or special damages resulting from the use or handling of this product. To the extent permitted by applicable law, THE EXCLUSIVE REMEDY OF THE USER OR BUYER, AND THE EXCLUSIVE LIABILITY OF HACCO, INC. AND SELLER FOR ANY AND ALL CLAIMS, LOSSES, INJURIES OR DAMAGES INCLUDING CLAIMS BASED ON BREACH OF WARRANTY, CONTRACT, TORT, STRICT LIABILITY OR OTHERWISE RESULTING FROM THE USE OR HANDLING OF THIS PRODUCT, SHALL BE THE RETURN OF THE PURCHASE PRICE OF THE PRODUCT OR, AT THE ELECTION OF HACCO, INC. OR SELLER, THE REPLACEMENT OF THE PRODUCT.

HACCO, Inc. and Seller offer this product, and Buyer and User accept it, subject to the foregoing Conditions of Sale and Limitations of Warranty and Liability, which may not be modified except by written agreement signed by a duly authorized representative of HACCO, Inc.
