SPREADER STICKER
DEPOSITION AID

Principal Functioning Agents:
Alcohol ethoxylate, 1,2-propanediol and synthetic latex......................................................57.5%
Constituents ineffective as spray adjuvant........................................................................42.5%
TOTAL..........................................................................................................................100.0%
CA Reg. No. 34704-50060; WA Reg. No. 34704-08003

KEEP OUT OF REACH OF CHILDREN

WARNING

WARNING: May be harmful if swallowed. May be harmful if in contact with skin. Causes severe eye irritation.

NET CONTENTS: 2.5 U.S. GALLONS (9.46 L)
FOR A MEDICAL EMERGENCY INVOLVING THIS PRODUCT, CALL 1-866-944-8565.

GENERAL: Bond Max® combines the adherence ability of a latex polymer with super coverage of non-ionic surfactants. Bond Max® will increase deposition, reduce run-off and secure spray from rain or overhead irrigation. Bond Max® will decrease surface tension, resulting in better coverage. Bond Max® promotes rapid spreading for a uniform protective film. BOND MAX will increase deposition, reduce run-off and secure spray from rain or overhead irrigation. BOND MAX will decrease surface tension, resulting in better coverage. BOND MAX promotes rapid spreading for a uniform protective film.

Apply sprays containing Bond Max® and Unfoamer® to ensure compatibility of all components. Mix components in the same ratio as the proposed tank mix.

Suggested Use Rates: Field & Row Crops: Ground and Air Application (fl. oz./100 gallons):

- Above 50 GPA: 12 to 24
- 10 to 50 GPA: 20 to 32
- Below 10 GPA: 28 to 40

Rinse tank, pump, lines and nozzles with water immediately after spraying. Observe the pre-harvest interval on the pesticide label when using Bond Max®. No time limitations apply to non-food crops.

Environmental Hazards: Do not apply directly to water, or to areas where surface water is present or to intertidal areas below the mean high water mark. Do not contaminate water when cleaning equipment or disposing of equipment wash-waters.

STORAGE AND DISPOSAL

STORAGE: Store in cool, dry place. Store in original container. Keep container tightly closed. Do not reuse empty container.

DISPOSAL: Do not contaminate water, food or feed by storage or disposal. Wastes may be disposed of on-site or at an approved waste disposal facility. Triple rinse (or equivalent) adding rinse water to spray tank. Offer container for recycling or disposal in sanitary landfill, or by other procedures approved by appropriate authorities. Recycling decontaminated containers is the best option of container disposal. The Agricultural Container Recycling Council (ACRC) operates the national recycling program. To contact your state and local ACRC recycler visit the ACRC web page at www.acrecycle.org.
