DIRECTIONS FOR USE: It is a violation of Federal law to use this product in a manner inconsistent with its labeling. Read and follow all directions and precautions on this product label.

Batteries are included.

To prepare unit:
1. For liquid, the Outer Tank cover unlatched and removes nut from battery case to activate the two 1.5 volt AA alkaline batteries.

2. Remove new mosquito-repellent refill from bloc packaging and REMOVE the peel-off band to insert the green rush-up indicator. Do not touch treated pad when traveling or removing the refill.

3. Open front cover and insert refill into unit with orange side down. Then snap the front cover latch closes. Wear handle properly and immediately after handling the refill.

To operate unit:
4. Slide the ON/OFF switch to the left for liquid refill.
5. Clip the unit to your belt, pants, shirt, or anywhere you want to carry, please make sure not to change the position of the OFF/OFF switch.
6. When finished using the unit, slide the ON/OFF switch to OFF.

USEFUL TIPS:
- You can place the unit next to you on a table, bench or other suitable hand surface (away from food and sources of heat, ignition, or moisture). When placing unit on a surface, invert the unit on its clip to allow proper circulation of repellent.
- With the 30-minute mark, the unit creates a feel to the protection from mosquitoes for up to 6 hours.
- For a more effective use, please use the unit up to its limit.
- To get the most from the unit, please keep the unit stored in a cool, dry place, away from direct sunlight or heat, and in a dark, covered area.
- When finished using the unit, slide the ON/OFF switch to OFF.
- Replace the refill when the green rush-up indicator appears (Replenish Stages 2 and 3). For better results, replace refill 14 days after opening or after 12 hours of use. Only (DOJO) Clip-On™ refill is approved for use in the unit.
- When you no longer feel an healing from bottom of the unit, replace with two 1.5 volt AA alkaline batteries.
Each refill provides up to 12 Hours of Head to Toe Protection

110mm
CAUTION

Do not allow children or pets to play with the unit.
Do not use indoors or in enclosed spaces.
See additional precautions and instructions on packaging.

DIRECTIONS FOR USE: It is a violation of Federal law to use this product in a manner inconsistent with its labeling. Read and follow all directions and precautions on this product label.

To prepare unit:
1. Remove one mosquito repellent refill from its packaging and REMOVE the peel-off foil seal to start the green use-up indicator. Do not touch treated pad when inserting or removing the refill.
2. Open front cover and insert refill into unit with orange side down, then snap the front cover latch closed. Wash hands thoroughly and immediately after handling the refill.

To operate unit:
3. Slide the ON/OFF switch all the way to "O" until the fan turns on.
4. Clip the unit to your belt, pants/smart waistband, purse or any other convenient location next to you.
5. When finished using the unit, slide the ON/OFF switch to "O".

USEFUL TIPS:
- You can also place the unit next to you on a table, bench or other suitable hard surface away from food and sources of heat, ignition, or moisture.
- Within minutes, the unit creates head-to-toe protection from mosquitoes for up to 12 hours. If you move, allow a few minutes for the unit to re-establish its protection.
- To prolong the refill's life between uses, close the unit by sliding the switch to the "O" position. Store the unit in a cool, dry place—never in a hot car, glove compartment, or trunk.
- Replace the refill when the green use-up indicator is gone (Repeat Steps 1 and 2). For best results, replace refill 14 days after opening or after 12 hours of use. Only OFF! Clip-on™ refills should be used in the unit.
- When you no longer feel air blowing from the bottom of the unit, replace with two 1.5 volt AA alkaline batteries.

PRECAUTIONARY STATEMENTS: HAZARDS TO HUMANS AND DOMESTIC ANIMALS:
CAUTION: Harmful if swallowed, inhaled, or absorbed through the skin. Avoid contact with skin, eyes or clothing. Avoid breathing vapor. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, or using tobacco. Remove and wash contaminated clothing before reuse. Store away from food, beverages and pet food. Do not use indoors or in enclosed spaces. Do not touch unit with metal instruments or metal hands. Do not allow materials of any kind to cover the unit while it is in use. Replace refill only when unit is off.

FIRST AID: Call a poison control center or doctor immediately for treatment advice. • If swallowed: Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give anything to an unconscious person. • If Skin: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. • If Inhaled: Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth if possible. Have product container or label with you when calling a poison control center or doctor for treatment. For additional information in case of emergency, call toll free 800-558-9322.

Be sure to wash hands after handling.

PHYSICAL & CHEMICAL HAZARDS—Do not dry open or probe into unit with any instrument or tool. Use only with two 1.5 volt AA alkaline batteries. Do not cover the unit when in use or if near sources of heat or ignition. Do not store near heat or open flame. Do not put batteries in fire or microwave. Batteries may burst or release toxic materials. ENVIRONMENTAL HAZARDS: Do not apply to water.

STORAGE AND DISPOSAL:
STORAGE: Store away from heat or flame in an area inaccessible to children. DISPOSAL: Non-refillable disk. Before disposing, fully use up the refill disk according to the label. Do not refill or reuse the disk. If Empty: Place the refill disk in the trash or offer for recycling if available. If refill remains partially unused, call your local waste management agency or 800-528-9394 for disposal instructions. Never place unopened product down any indoor or outdoor drain.
