See below for complete usage instructions. **EACH REFILL LASTS UP TO 12 HOURS**. Use each refill within 14 days of opening.

**DIRECTIONS FOR USE:** It is a violation of Federal law to use this product in a manner inconsistent with its labeling. Read and follow all directions and precautions on this product label.

**TO PREPARE UNIT:** 1. Remove one mosquito repellent refill from its packaging. Do not touch sealed refill when inserting or removing the refill. 2. Hold tab, insert refill into the unit orange side up. Wash hands thoroughly and immediately after handling the refill. 3. Lock refill in place by twisting the top until refill slot is completely closed to “O.”

**STORAGE AND DISPOSAL**

STORAGE: Store in a cool, dry place away from heat or flame in an area inaccessible to children. DISPOSAL: Non-refillable, non-returnable. Before disposing, fully unscrew the refill according to the label. Do not refill or reuse the refill. Pour the contents of the refill into the trash or offer for recycling if available. If this product is unclaimed or not used by the expiration date, please dispose of it in accordance with local waste management guidelines.

**PRECAUTIONARY STATEMENTS:** HAZARDS TO HUMANS AND DOMESTIC ANIMALS. CAUTION: Harmful if swallowed, inhaled, or absorbed through the skin. Avoid contact with eyes or clothing with treated repellent cloth. Avoid breathing vapor. Wash thoroughly with soap and water after handling and before eating, drinking, smoking, or using tobacco. Remove and wash contaminated clothing before reuse. Store away from food, beverages, and pet food. Do not abandon in an adverse location, do not throw unit with metal and utensils or waste, do not allow material on any labels over the cell while it is in use. Replace refill unit when unit is empty.

**FIRST AID:** Call a poison control center or doctor immediately for treatment advice.

- If Swallowed: Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give anything by mouth to an unconscious person.
- If on Skin: In case of contact, wash with soap and water. If irritate, consult a doctor, or if not improve, consult a doctor.
- If In Eyes: Rinse with plenty of water for 15-20 minutes.
- If Inhaled: Remove person to fresh air. If not improve, consult a doctor.

Keep product container or label with you when calling a poison control center or doctor for treatment. For additional information in case of emergency, call 1-800-555-5555. Be sure to wash hands after handling.

**ENVIRONMENTAL HAZARDS:** Do not apply to water, PHYSICAL & CHEMICAL HAZARDS may be released, use only with two 1.5 Volt AAA batteries. Do not cover the unit when in use or place it near sources of heat or fire. Do not store near heat or open flame. Do not batteries in fire or melt batteries. Batteries may burst or release toxic materials.

**USEFUL TIPS:**
- Unit includes a rotating clip for desired comfort.
- Within a few minutes, the unit provides head-to-toe protection from mosquitoes for up to 12 hours. If you move, allow a few minutes for the unit to reestablish its protection.
- You can also place the unit next to you on a table, bench, or other surface away from pets and sources of heat, ignition, or moisture. When placing unit on a surface, lay the unit on its side to allow proper circulation of repellent.
- Store the unit in a cool, dry place—never in a hot- or cold-glove compartment, or trunk.
- Each refill lasts up to 12 hours. Refills expire after 14 days of opening. Replace refill 14 days after opening or after 12 hours of use, whichever comes first. Only Clip-On refills should be used in the Clip-On unit.
- Replace with AAA batteries.
