HDQ Neutral®
One-Step Disinfectant
Germicidal Detergent and Deodorant

ACTIVE INGREDIENTS:
Didecyldimethylammonium chloride .......... 5.07%
n-Alkyldimethylammonium chloride ........ 40.0%
C18 10%
dimethyl benzylammonium chloride ........ 3.38%

INERT
INGREDIENTS: .................................. 91.55%
Total: ............................................ 100.00%

EPA Reg. No. 10324-155-5741
EPA Est. No. 5741-0H-1

Disinfectant, Mildewstat, Fungicide, Virucide*, Effective in hard water up to 400 ppm hardness (Calculated as CaCO3) in the presence of 5% serum contamination.

DISINFECTION IN INSTITUTIONS (Hospitals, Dental Offices, Nursing Homes, and Other Health Care Institutions) AND NON-MEDICAL FACILITIES (Households, Schools, Restaurants, Food Services, Beverage, Food Processing Plants and Other Non-Medical Facilities): Using approved AOAC test methods (under Good Laboratory Practices, [GLP’s]), in the presence of 400 ppm hard water and 5% serum load this product is effective against the following organisms on hard non-porous inanimate surfaces: Acinetobacter baumannii, Acinetobacter Iwoffii, Antibiotic resistant Staphylococcus epidermidis, Bordetella bronchiseptica, Chlamydia psittaci, Citrobacter freundii, Enterobacter aerogenes, Enterobacter agglomerans, Enterobacter cloacae, Enterococcus faecalis, Enterococcus hirae, Escherichia coli, Fusobacterium necrophorum, Klebsiella oxytoca, Klebsiella pneumoniae, Listeria monocytogenes, Methicillin Resistant Staphylococcus aureus (MRSA), Micrococcus luteus, Pasteurella multocida, Proteus vulgaris, Pseudomonas aeruginosa, Pseudomonas cepacia, Salmonella enterica, Salmonella enterica serotype pullorum, Salmonella typhi, Salmonella typhimurium, Serratia marcescens, Shigella flexneri, Shigella sonnei, Staphylococcus aureus, Staphylococcus aureus sub species aureus, Staphylococcus epidermidis, Staphylococcus haemolyticus, Streptococcusagalactiae, Streptococcus mutans, Streptococcus pneumoniae, Penicillin Resistant, Streptococcus pyogenes, Tetracycline Resistant Escherichia coli, Tetracycline Resistant Pseudomonas aeruginosa, Vancomycin Intermediate Resistant Staphylococcus aureus, Vancomycin Resistant Enterococcus faecalis, Vibrio cholera, Yersinia enterocolitica, Community Associated Methicillin Resistant Staphylococcus aureus (CA-MRSA)

KEEP OUT OF REACH OF CHILDREN
DANGER PELIGRO
See back panel for additional precautionary statements and first aid statements.

#1202 NET CONTENTS: 1 U.S. Gallon / 3.79 Liters
HDQ Neutral®

For Disinfecting Hard, Non-porous Surfaces Against Avian Influenza: For use in homes, hospitals, hotels, motels, schools, the directions for hospital disinfection must be followed using a rate of 1 oz. per gallon of water. For use in animal housing facilities, follow the animal premises directions. Not for use on medical devices or medical equipment. At 1 ounce per gallon in the presence of 0.5% organic feed this product was proven to be effective against (Avian) H5N2 Virus and Avian Influenza. Dosage does not exceed 5% of the solution contains no organic feed. In the presence of 0.5% organic feed, this product was proven to be effective against (Avian) H5N2 Virus. Doseage: 1 oz. per gallon of water.

Disinfection/Fungicide/Vinyls of Poultry/Turkey Equipment: Spray Quarters, Livestock Farm, Avian Quarters, Animal Quarters, and Ventilation Quarters: For use in areas where poultry, turkeys, and other avian animals are housed. Use to control and prevent the spread of disease. Apply 1 oz. per gallon of water. Thoroughly clean all treated equipment with soap and warm water before use.

STORAGE AND DISPOSAL

Store in original container in areas inaccessible to children. Do not store on ice. Avoid spilling or mixing with toxic materials. Disposal: If spill occurs, contain spill with absorbent material. Do not dispose of the product in the toilet or sewer system. Do not dilute with water or other substances. Do not mix with other disinfectants. Do not use in conjunction with any other disinfectant.

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

DANGER

KEEP OUT OF REACH OF CHILDREN. Corrosive, Causes irritation of eyes and respiratory irritation. Harmful if swallowed, inhaled or absorbed through the skin. Avoid breathing spray mist. Do not use near eyes, nose, or mouth. Wear goggles or face shield, rubber gloves and protective clothing. Remove contaminated clothing and wash clothing before reuse. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum or using tobacco. Use with care.

physical or chemical hazards: Do not mix with other disinfectants, antiseptics, or detergents. Do not use on non-porous or non-environmental surfaces. Avoid inhaling these volatile organic compounds. Use with care.

FIRE AID

FIRST AID

Have the product container or label with you when calling a poison control center or doctor. In case of contact, rinse skin thoroughly. If inhaled, move to fresh air. If not breathing, call 911 for emergency medical services. If swallowed, give water. If not breathing, give artificial respiration. Call for emergency medical services. Prompt medical treatment is necessary. Call a poison control center or doctor if_colorize_red:
