DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

Feeding and Management Instructions

When used as directed, Sweetcake Mineral Tub with Altosid® Fly Control will provide sufficient (S)-methoprene insect growth regulator to prevent the emergence of adult horn flies from manure of treated cattle. Existing adult horn flies will not be affected. Start feeding before horn flies appear and continue use until cold weather marks the end of the horn fly season. Allow free-choice to cattle. Cattle should consume an average of 0.8 ounces of Sweetcake Mineral Tub with Altosid® Fly Control per 100 lbs. of animal body weight per day, which is equivalent to 8 ounces per day for a 1,000-pound animal.

To open – Remove top cardboard and protective sheet.

1. Assure cattle are not starved for nutrients prior to feeding Sweetcake Mineral Tub with Altosid® Fly Control.
2. Offer one Sweetcake Mineral Tub with Altosid® Fly Control for every 15 to 25 head of cattle.
3. Remove all other self-limiting nutritional supplements.
4. Locate Sweetcake Mineral Tub with Altosid® Fly Control where cattle congregate (watering, loafing, shade areas).
5. Replenish Sweetcake Mineral Tub with Altosid® Fly Control on a regular basis as needed.
6. If intake of Sweetcake Mineral Tub with Altosid® Fly Control is below 0.8 ounces per 100 pounds animal body weight per day, increase the number of feeding locations and/or change location(s) to areas more frequented by cattle.
7. If intake of Sweetcake Mineral Tub with Altosid® Fly Control is above 0.8 ounces per 100 pounds animal body weight per day, reduce the number of feeding locations and/or change location(s) to areas less frequented by cattle.
8. Introduction of this product after adult horn fly infestation is established will require treatment of cattle with adulticides if elimination of the adult fly population is desired.

Precautionary Statements

Hazards to Humans and Domestic Animals

Caution: This product contains high levels of copper. Consumption of this product by sheep or goats may result in copper toxicity.

Environmental Hazards: Do not apply directly to water, or to areas where surface water is present or to intertidal areas below the mean high water mark.

Storage and Disposal: Do not contaminate water, food, or feed by storage or disposal.

Storage: Store Sweetcake Mineral Tub with Altosid® Fly Control in a cool, dry place.

Pesticide Disposal: Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility.

Container Handling: Nonrefillable container. Do not reuse or refill this container. Triple rinse (or equivalent). Then offer for recycling if available, or puncture and dispose of in a sanitary landfill or by incineration or if allowed by state and local authorities by burning. If burned, stay out of smoke.

Seller Makes No Warranty, Expressed or Implied, as to Description, Utility, Productiveness or Any Other Matter, Except as to Guaranteed Analysis.
