The station is now activated and ready for use. Repeat these steps for each station.

**Protect in Summer and Winter.**

Kills clothes moths and their eggs and larvae in clean, airtight containers, such as chests, trunks, garment bags and storage closets. Do not use dry cleaning bags, garbage bags or other containers that allow vapors to escape into occupied rooms. Do not mix naphthalene or use it together with other moth preventive chemicals. For use only on cloth containing wool or wool blends. To insure protection of clothing, follow the application directions carefully. Do not apply more product than specified for the area being treated.

**IMPORTANT:** It is illegal to sell the stations individually. Do not take apart stations.

**PRE-APPLICATION DIRECTIONS:** Before storing, dry clean, wash or brush articles to be protected.

**APPLICATION DIRECTIONS:** The moth ball stations in this package can treat up to 18 cubic feet. Each single use moth ball station can treat up to 3 cubic feet. Apply product in clean, airtight containers, bags and closets.

Calculate the volume in cubic feet of the storage container or closet by multiplying the height times the width times the depth of the space. For example, the volume of an average garment bag measuring 2 ft. long by 2 ft. wide by 3 ft. high would be 12 cubic feet.

Below are the volumes of common storage containers and closets:

<table>
<thead>
<tr>
<th>Storage Space</th>
<th>Volume of Enclosed Space</th>
</tr>
</thead>
<tbody>
<tr>
<td>Average Garment Bag</td>
<td>12 cu. ft.</td>
</tr>
<tr>
<td>Jumbo Garment Bag</td>
<td>18 cu. ft.</td>
</tr>
</tbody>
</table>

The proper treatment of larger volumes may require the use of additional containers of Enoz® Old Fashioned Moth Balls. To insure protection of your clothes use the recommended amount of Enoz® Old Fashioned Moth Balls.

**POST-APPLICATION DIRECTIONS:** Keep product in airtight space for a minimum of seven (7) days. Odor dissipates when treated articles are aired.

**RE-TREATMENT:** Moths are active all year. In order to maintain protection of your garments, replenish mothballs that have dissipated.

**STORAGE AND DISPOSAL**

**Pesticide Storage:** Store in the original container in a dry place inaccessible to children and pets.

**Pesticide Disposal and Container Handling:** Non-refillable container. Do not reuse or refill this container.

**If empty:** Place in trash or offer for recycling if available.

**If partly filled:** Call your local solid waste agency for disposal instructions. Never place unused product down any indoor or outdoor drain.
