NON-SELECTIVE WEED KILLER

Controls weeds and grasses by contact and root action

ACTIVE INGREDIENTS:
- 2,4-Dichlorophenoxyacetic acid 2-ethylhexylster* 0.96%
- Bromacil (3-bromo-2-acetyl-6-methyluracil) 0.98%
- PREP 93.08%

TOTAL 100.00%

CONTAINS petroleum distillates, xylene or xylene range aromatic solvents.

FIRST READ ENTIRE LABEL. OBSERVE ALL WARNINGS AND FOLLOW DIRECTIONS CAREFULLY. USE ONLY IN CONFORMITY WITH FEDERAL AND STATE REGULATIONS.

FOR COMMERCIAL AND INDUSTRIAL USE ONLY. NOT FOR USE ON AGRICULTURAL ESTABLISHMENTS.

KEEP OUT OF REACH OF CHILDREN

CAUTION: HARMFUL IF ABSORBED THROUGH THE SKIN. AVOID CONTACT WITH EYES, SKIN OR CLOTHING.

EPA Reg. No. 3862-143-13051
EPA Est. No. 13051-GA-1

PRECAUTIONARY STATEMENTS:

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

CAUTION: Harmful if absorbed through skin. Harmful if inhaled. Avoid contact with eyes, skin or clothing. Avoid breathing vapors or spray mist.

FIRST AID

If on skin or clothing:
- Take off contaminated clothing.
- Rinse skin immediately with plenty of water for 15-20 minutes.
- Call a poison control center or doctor for treatment advice.

If inhaled:
- Move person to fresh air.
- If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible.
- Call a poison control center or doctor for further treatment advice.

In eyes:
- Hold eye open and rinse slowly and gently with warm water for 15-20 minutes.
- Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye.
- Call a poison control center or doctor for treatment advice.

IN CASE OF ACCIDENTAL CONTACT:

- Have the product container or label with you when calling a poison control center or doctor, or going for treatment.

NOTE TO PHYSICIAN: Contains petroleum distillate-wetting agent which may cause aspiration pneumonia.

DIRECTIONS FOR USE:

This weed killer is ready-to-use solution designed to be applied undiluted as a spray on non-crop areas where ground is desired. The degree of weed control and duration of effect will vary with the amount of product used, soil type, temperature and other conditions. Apply any time of year except when the ground is frozen. Best results are obtained after predominant species are well established in late spring or early summer. Before treating, calibrate equipment to ensure uniform coverage of area to be treated. Measure out the proper amount and apply directly to the plant or soil. The rain or other sources of water after spraying will not reduce the effectiveness of the chemical. Use in areas where grasses are less likely to dry. More than two (2) broadcast applications per site per year are prohibited. Minimum of 10 days between sprays on all crops.

General Weed Control: To control most weeds for an extended period of time on non-crop areas, such as parking lots, fence rows, roadside training, storage yards, around buildings and industrial plant sites, apply 1.3 gallons per 1,000 sq. ft. (38 gallons per acre). Controls annual weeds and grasses such as frostweed, cranesbill, knotweed, wild salsify, crabgrass, cheatgrass, bromesedge, ragweed, lambquarters and buckwheat, and other hard-to-kill perennial grasses and graminoids, such as Johnsongrass, crabgrass, bermudagrass and bermudiana. Equipment: Power sprayers, compressed air hand sprayers, backpack sprayers or an ordinary sprayer can be used. No dilution or agitation is required.

SPRAY DRIFT MANAGEMENT

When spraying, take the following precautions:

- Always spray in the wind. If the wind direction changes, stop spraying and reposition the wind direction before proceeding.
- Use a wind gauge as a guide to determine wind direction.
- Use an accuracy of ±5 mph.
- Use a minimum of 100 feet from the target area.
- Use a minimum of 300 feet from other crops, vegetable crops, and other crops susceptible to drift.

CAUTION: Use of pesticides in the vicinity of bodies of water may be harmful to beneficial insects and fish.

PERSONAL PROTECTIVE EQUIPMENT (PPE)

- Wearing appropriate personal protective clothing is recommended when using this product.
- Wear long-sleeved shirt and long pants.
- Wear shoes and socks.
- Wear gloves, chemical-resistant gloves, and chemical-resistant apron when handling this product.

STORAGE AND DISPOSAL

STORAGE:

- Do not store in a manner that can lead to accidental usage.
- Keep out of reach of children and pets.

DISPOSAL:

- Do not dispose of the container in the trash or pour down the drain. Store in a cool, dry place.
- Do not use this product in areas where water is present or where it may lead to the contamination of water sources.

CONSUMER DISPOSAL:

- Nonrefillable container. Do not reuse or refill this container. Offer for recycling if available.
