Nonionic Surfactant

ASCENT™ 90

PRINCIPAL FUNCTIONING AGENTS:
1,2,3-Trihydroxypropane, 1,2-Dihydroxypropane, Alkyl polyglycoside ........................................... 90%
Constituents ineffective as spray adjuvants ................................................................. 10%
TOTAL ........................................................................................................................... 100%

All ingredients are exempt from the requirement of a tolerance as specified in 40 CFR 180.
WA Reg. No. 7001-08004

CAUTION
KEEP OUT OF REACH OF CHILDREN

Causes moderate eye irritation. Harmful if swallowed, inhaled, or absorbed through the skin. Avoid contact with skin, eyes or clothing. Avoid breathing spray mist. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum or smoking tobacco. Remove and wash contaminated clothing before reuse. Personal Protective Equipment: Wear chemical-resistant gloves, long-sleeved shirt and long pants, and shoes plus socks.

ASCENT™ 90

GENERAL INFORMATION

For use with agricultural and industrial products. ASCENT™ 90 is a highly concentrated, non-ionic wetter-spreadener-activator. ASCENT™ 90 increases the activity and effectiveness of agricultural insecticides, fungicides and herbicides, by breaking down the waxy cuticle on the leaf surface, and improves adhesion between the pesticide and the plant surface. ASCENT™ 90 contains humectants that reduce evaporation, ensuring more complete movement of actives into the plant tissues.

FIRST AID

IF INHALED: Move person to fresh air. If person is not breathing, call 911 or an ambulance then give artificial respiration preferable mouth-to-mouth if possible. Call a poison control center or doctor for further treatment advice.

IF ON SKIN: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice.

IF IN EYES: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses if present, after the first 5 minutes.

IF SWALLOWED: Call a poison control center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to by a poison control center or doctor. Do not give anything to an unconscious person.

DIRECTIONS FOR USE

This product cannot be used for aquatic applications.

For use with acaricides, insecticides, fungicides, miticides, (Livestock sprays): Use 1/2 to 1 pint per 100 gallons of water.

For use with herbicides (terrestrial), defoliants and desiccants: Use 1 to 4 pints per 100 gallons of water. In difficult wetting situations (such as hard water on mature waxy foliage) the higher rates may be required.

NOTE: The application rates on this label are based on pesticide labels, which recommend the use of a nonionic surfactant. Rates of this product may be increased or decreased. For optimum results, follow pesticide labeling for proper recommendations. Before using ASCENT™ 90 where a nonionic surfactant may not be recommended, the user or applicator advisor must have experience with the combination, or must have conducted a phytotoxicity trial.
STORAGE AND DISPOSAL

STORAGE: For optimum storage stability, store at temperatures between 40°F (5°C) and 90°F (32°C). Keep away from heat, sparks, and flame. Do not use with aluminum equipment at temperatures above 120°F (49°C). Avoid contact with eyes and skin. Do not store near oxidizing agents.

DISPOSAL: Triple rinse (or equivalent) during mixing and loading. Recycling decontaminated containers is the best option of container disposal. The Agricultural Container Recycling Council (ACRC) operates the national recycling program. To contact your state and local ACRC recycler visit the ACRC web page at www.acrecycle.org. Decontaminated containers may also be disposed of in a sanitary landfill.

DISCLAIMER OF WARRANTIES: Seller warrants that the chemical composition of this product conforms to the chemical description given on this label. THIS WARRANTY IS EXPRESSLY IN LIEU OF ALL OTHER WARRANTIES AND REPRESENTATIONS EXPRESSED, IMPLIED, OR STATUTORY, INCLUDING WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR USE. Timing, rate and method of application, weather and crop conditions, mixtures with chemicals not specifically recommended on this label or an accompanying written recommendation are beyond the control of seller. Buyer assumes all risks of use, storage and handling of this material not in strict accordance with directions given herewith. Buyer further agrees in the event of damages arising from the use of this product to accept a replacement of the product or a refund of the purchase price of the product, at buyer’s option, as full discharge of seller’s liability. No one is authorized to make any other warranty, guarantee or directions concerning this product, and no such warranties, guarantees or directions shall be valid or binding upon seller.
