PREVENTOL® TM-CE 25

FOR USE IN THE MANUFACTURE OF INSECTICIDES FOR ABOVE AND BELOW GROUND PROTECTION OF WOOD, WOOD COMPOSITES, PLASTICS, CABLES, TEXTILES, AND GEOTEXTILES FROM INSECTICIDAL INFESTATION

ACTIVE INGREDIENT: Imidacloprid: 1[[6-Chloro-3-pyridinyl]methyl]-N-nitro-2-imidazolidinimine ------------------- 2.50%
INERT INGREDIENTS ------------------------------------------------------------------------------------------------------------------------------------ 97.50%
TOTAL --------------------------------------------------------------------------------------------------------------------------------------------------------100.0%

DIRECTIONS FOR USE

KEEP OUT OF REACH OF CHILDREN

WARNING!

AVISO Si usted no entiende la etiqueta, busque a alguien para que se la explique a usted en detalle. (If you do not understand this label, find someone to explain it to you in detail.)

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

WARNING! Causes substantial but temporary eye injury. Do not get in eyes or on clothing. Wear protective eyeglasses (goggles or face shield). Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, or using tobacco. Remove and wash contaminated clothing before reuse.

FIRST AID

IF IN EYES:
- Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing.
- Call a poison control center or doctor for treatment advice.

Have the product container or label with you when calling a poison control center or doctor when going for treatment.

NOTE TO PHYSICIAN: No specific antidote is available. Treat the patient symptomatically.

For specific information on federally registered uses, contact LANXESS Corporation. Any variance from the federally registered labeling for products containing PREVENTOL® TM-CE 25 will have to be supported by data provided by the formulator.

ENVIRONMENTAL HAZARDS

Pesticide wastes are acutely toxic. Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans, or other waters unless in accordance with the requirements of a National Pollutant Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product into sewer systems without previously notifying the local sewage treatment plant authority. For guidance, contact your State Water Board or Regional Office of the EPA.

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage or disposal.

PESTICIDE STORAGE: Store in a cool, dry place and in such a manner as to prevent cross contamination with other pesticides, fertilizers, food, and feed. Store in original container and out of reach of children, preferably in a locked storage area.

PESTICIDE DISPOSAL: Pesticide wastes are toxic. Improper disposal of excess pesticide, spray mixture, or rinsate is a violation of Federal Law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency, or the hazardous waste representative at the nearest EPA Regional office for guidance.

CONTAINER HANDLING: Nonrefillable container. Do not reuse or refill this container. Do not use container in connection with food, feed, or drinking water. Completely empty container into the processing equipment then offer for recycling if available or reconditioning if appropriate, or dispose of empty container in a sanitary landfill, by incineration or, if allowed by State and Local authorities, by burning. If burned, stay out of smoke.

Handle and open container in a manner as to prevent spillage. If the container is leaking or material is spilled for any reason or cause, carefully sweep the material into a pile and dispose of as directed for pesticides as above. Refer to Precautionary Statements on label for hazards associated with the handling of this material. In spill or leak incidents, keep unauthorized people away.

NOTE TO PHYSICIAN: No specific antidote is available. Treat the patient symptomatically.
