**DANGER**

See the back panel for additional precautionary statements.

### General Description

This product is a blend of alkylphosphate esters emulsified in water and contains copper compounds. The product is designed for the control of fouling organisms on the hulls of ships, boats, yachts, or running gear. It is recommended for use on the surfaces of hulls on ships, boats, yachts, or running gear to control barnacles, algae, and other foulings in salt or fresh water. This product is designed for use on the surfaces of hulls on ships, boats, yachts, or running gear.

**Recommended Use:**
- Ablative, self-polishing antifoulant.
- This product is designed for use on the surfaces of hulls on ships, boats, yachts, or running gear.
- It is a violation of Federal law to use this product in a manner inconsistent with its labeling.
- This product is part of a family of materials formulated to control barnacles, algae and other foulings in salt or fresh water. This product is designed for use on the surfaces of hulls on ships, boats, yachts, or running gear.

**Environmental Hazards:**
- This material is toxic to fish. Do not apply directly to water by cleaning of equipment or disposing of wastes.
- Do not allow the product to enter surface waters, sewers, or drinking water supplies. Keep out of reach of children.

**Precautionary Statements:**

**Hazards to Humans and Domestic Animals:**
- This material is toxic to fish. Do not apply directly to water by cleaning of equipment or disposing of wastes.
- Do not allow the product to enter surface waters, sewers, or drinking water supplies.

**Safe Handling and Storage:**
- Safe Handling Practices:
  - Keep out of reach of children.
  - Use with adequate ventilation.
  - Avoid contact with skin, eyes, or clothing.
  - Wear protective clothing such as gloves, long-sleeved cotton shirt, long pants, and boots.
  - Use with adequate ventilation.
- Dangers:
  - Causes eye irritation.
  - Harmful if absorbed through skin.
- Avoid contact with skin, eyes, or clothing.
- Wear protective clothing such as gloves, long-sleeved cotton shirt, long pants, and boots.
- Use with adequate ventilation.

**First Aid Measures:**
- If Inhaled:
  - Move victim to fresh air.
  - If necessary, give artificial respiration.
  - Do not give anything by mouth unless directed to do so by a physician or poison control center.
- If Swallowed:
  - Immediately give 2 glasses of water to conscious patient. Do not induce vomiting unless directed to do so by a physician or poison control center.
  - Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes.
- If In Eyes:
  - Hold eye open and rinse slowly and gently with water for 15-20 minutes.
  - Call a poison control center or doctor for treatment advice.
- If on Skin:
  - Wash skin with soap and water until clean. If irritation develops or persists, consult a physician.
- If on Clothes:
  - Remove clothing immediately by scrubbing off with soap and water. Change clothing if skin is contaminated.
- If on Hair:
  - Thoroughly wash hair with soap and water.

**Exposure Controls:**
- Respiratory Protection:
  - Use of respirator may be necessary if air concentrations of the product exceed the OSHA exposure limit.
  - Use NIOSH-approved respiratory protection equipment.

**Stability and Reactions:**
- This product is stable in normal use.

**Fire and Explosion Precautions:**
- Do not use or store near open flame.

**Spill or Leak Procedure:**
- Do not contaminate food, feed, or water by storage or disposal.

**Handling and Storage:**
- Store in good weather when air and surface temperature are above 73°F (23°C).
- Do not store near heat or open flame. Store in well-ventilated areas.

**Disposal:**
- Non-refillable container, do not reuse or refill.

**Environmental Considerations:**
- The use of this material may be subject to regulation by federal, state, or local authorities.

**Transportation Information:**
- This product is not a hazardous material under the DOT regulations.

**Regulatory Data:**
- Theoretical Coverage: 400 Sq. Ft./Gal. @ Recommended Coats: 2
- Recommended Film Thickness: 5 mils wet equals 3.1 dry per coat

**SDS Version:**
- 10/13/11

**Precautionary Statements:**

**Hazard Statements:**
- H315-Harmful if swallowed
- H319-Harmful in contact with skin
- H318-Harmful if吸入

**Precautionary Statements:**

**First Aid Measures:**
- If Inhaled:
  - Move victim to fresh air.
  - If necessary, give artificial respiration.
