EPA EST. NO. 1561-VA-1

USE ONE TO TWO TABLETS PER ONE GALLON OF WATER

ACTIVE INGREDIENTS:
Alcohol (60% v/v, C2H5OH), Dimethylbenzyl ammonium chloride, Lysozyme, 50%

TOTAL:
99%

WARNING
KEEP OUT OF REACH OF CHILDREN
See fip label for additional precautionary statements.

DIRECTIONS FOR USE
It is a violation of Federal law to use this product in a manner inconsistent with its labeling. Prepare sanitizing solutions with warm water. Allow several minutes for tablets to dissolve before using. For sanitizing dishes, glassware and utensils in restaurants, taverns, etc., 1. Scour and rinse soiled dishes and glassware whenever possible. 2. Wash with a good detergent or biocidal cleaner in first sink compartment. 3. Rinse with clean water in second sink compartment. 4. Sanitize in a solution of 1 to 2 tablets per 1 GALLON OF WATER (204-400 ppm) in third sink compartment. Immerse all wares for at least one minute or for contact time specified by governing sanitary codes. 5. Place sanitized wares on a rack or drainboard to air dry. 6. A fresh sanitizing solution must be prepared at least daily or more often if the solution becomes dirty or odorous.

DIRECTIONS FOR SPRAYING
For sanitizing food processing equipment, dairy equipment, sinks, countertops, refrigerated storage and display equipment and other hard non-porous food contact articles and surfaces. 1. Wash and rinse all articles and surfaces thoroughly. 2. Apply a solution of 200 to 400 ppm concentration by combining 1 or 2 tablets per gallon of warm water allowing several minutes for tablets to dissolve completely before spraying. Spray with hand trigger sprayer or spray on and allow surface to remain wet for at least one minute followed by adequate draining and air drying. Special Instructions for Cleaning and Decontamination Against HIV of Surfaces/Objects Soiled with Blood/Body Fluids
Decontamination Procedure: The specific barrier protection items to be used when handling items soiled with blood or body fluids are disposable gloves, gown, mask and eye protection. Decontamination Procedure: Blood and other body fluids must be thoroughly cleaned from surfaces and objects before application of disinfectant. Contact Time: One Minute. biocidal spray, Non-Corrosive Material: Blood and other body fluids should be autoclaved and disposed of according to local regulations for infectious waste disposal.

For institutional and Commercial Use Only.
156 TABLETS  NET WEIGHT: 8 oz. (227 g)
