This product is a phosphate-free, non-foaming quaternary ammonium compound designed to provide effective disinfection, decontamination, sanitization, and cleaning of a wide range of hard, non-porous surfaces. It is effective against a broad spectrum of bacteria, fungi, and viruses, including non-enveloped viruses such as norovirus, poliovirus, and rotavirus. It is effective in the presence of blood, dirt, and food.  

**Product Information**

**Product Name:** QUAT-CLEAN PLUS  
**EPA Reg. No.:** 7549-M-1  
**Active Ingredients:**  
- Alcohol (80% v/v),  
- Ammonium Hydroxide (5%),  
- Quaternary Ammonium Compound (5%)  
- Distilled Water (balance)  

**DIRECTIONS FOR USE:**  
- Use as a solution or as a pre-rinse. Mix with water in a suitable container or use as a solution directly.  
- Apply to a surface using a cloth, applicator, or spray.  
- Allow to remain on the surface for 1 minute.  
- Remove excess with water.
