New 04-02-2012

PERSONAL PROTECTIVE EQUIPMENT
Applicators and other handlers must wear: Coversalls, over long-sleeved shirt and long pants; chemical-resistant gloves (butchi 3000, Kemchem); eye protection, and, if necessary, butyl chlorosulfone rubber, PVC or other chemical-resistant gloves.

ENGINEERING CONTROLS
When using close-coupled dosing, the handler requirements may be reduced or modified to long-sleeve shirt and over clothes if the toxicity is not excessive.

USER SAFETY REQUIREMENTS
Follow manufacturer's instructions for cleaning & maintaining PPE. If no such instructions exist for washables, use detergent and hot water. Keep and wash PPE separately from other laundry.

Users must wash hands before eating, drinking, chewing gum, or using the toilet. Users must remove clothing immediately if pesticides get inside. Wash thoroughly and put on clean clothing. Users must remove PPE immediately after handling this product. Wash the outside of gloves before removing. As soon as possible, wash hands, change and wash contaminated clothing.

APPLICATION RESTRICTIONS
Do not apply this product directly in a way that will contact workers or other persons, either directly or through drift. Only protected handlers may be in the area during application.

FIRST AID
If IN EYES
Flush eyes open and rinse slowly and gently with water for 15 minutes. Remove contact lenses, if present, after the first 5 minutes of rinse, and continue rinsing.

Call a poison control center or doctor for medical advice if you or any other person gets this product in the eyes.

If ON SKIN
Remove clothing immediately if it is contaminated. Rinse skin immediately with plenty of water for 10-15 minutes.

Call a poison control center or doctor for medical advice if you or any other person gets this product on the skin.

If INHALATION
If you suspect that you have been exposed to this material, immediately get fresh air.

Do not give breathing unless stopped or if able to swallow.

Do not give anything by mouth to an unconscious person.

If SWALLOWED
If you suspect that you have ingested this material, immediately get fresh air.

Have a vomit massager or give an emetic (for adults only), then give 2 glasses of water to drink.

Call a poison control center or doctor for medical advice if you or any other person gets this product in the mouth.

If INFECTION
If you are not breathing, call an emergency response or an ambulance, give artificial respiration, promptly. Do not give anything by mouth to an unconscious person.

Call a poison control center or doctor for medical advice if you or any other person gets this product in the mouth.

If BLEEDING
If bleeding continues, call an emergency response or an ambulance, and give artificial respiration, promptly. Do not give anything by mouth to an unconscious person.

Call a poison control center or doctor for medical advice if you or any other person gets this product in the mouth.

If HYPOTHERMIA
If the body temperature is below 36°C (96.8°F), call an emergency response or an ambulance.

Call a poison control center or doctor for medical advice if you or any other person gets this product in the mouth.

If HYPERHEAT
If the body temperature is above 40°C (104°F), call an emergency response or an ambulance.

Call a poison control center or doctor for medical advice if you or any other person gets this product in the mouth.

If THERMAL EXPOSURE
If the body temperature is above 40°C (104°F), call an emergency response or an ambulance.

Call a poison control center or doctor for medical advice if you or any other person gets this product in the mouth.

In CASE OF AN EMERGENCY
In CASE OF AN EMERGENCY endangering life or property, this product is... (phone number).

NOTE: This product can be toxic to aquatic life. Contact state or local authorities for proper disposal procedures.

BIOGOLD 509 contains active ingredient(s): 2-[[[(2R,4R)-4-[(2,3-Dihydro-7-methyl-4-oxo-1H-1,4-benzoxazin-3-ylidene)amino]butyl]amino]methyl]pyridine-3-carboxylic acid. This product can be toxic to aquatic life. Contact state or local authorities for proper disposal procedures.
