Scotts Turf Builder Halts Crabgrass Preventer with Lawn Food
Scotts® QUICK START GUIDE: You’re Just Three Simple Steps Away From A Beautiful Scotts® Lawn!

Guía de inicio rápido de Scotts®: ¡Esta es la forma más sencilla de tener un césped hermoso con Scotts®!

PREVENTS

Applying Scotts® Broadcast / Rotary Spreader
- Apply in early spring, before the 3rd or 4th mowing.
- Apply when lawn is dry and before temperatures are regularly below 60°F.
- For even application work at a steady pace slightly overlapping each pass.
- Scotts® Spreaders Alligator agitator amplifies even application across 1000 square feet. No effort required.

APPLY

Applying Scotts® Broadcast / Rotary Spreader
- Apply in early spring, before the 3rd or 4th mowing.
- Apply when lawn is dry and before temperatures are regularly below 60°F.
- For even application work at a steady pace slightly overlapping each pass.
- Scotts® Spreaders Alligator agitator amplifies even application across 1000 square feet. No effort required.

CLEAN-UP

Shovel product from hard surfaces keeps the lawn looking vibrant and helps reduce erosion on the grass. Use of pre-emergent or post-emergent herbicides may reduce effectiveness of Scotts® products. Pre-emergent and post-emergent herbicides are mineral formulations that can reduce the effectiveness of Scotts® products.

PRECAUTIONARY STATEMENTS

Hazards to Humans and Domestic Animals
- Keep out of reach of children. Do not eat content. Do not inhale content.
- WARNING: Harmful if swallowed. Do not eat content. Do not inhale content. Do not get in eyes. Do not get in mouth.

TIPS FOR LAWNCARE SUCCESS

Results of Multiple Feelings
- Feed Regularly
- Regular fertilization provides the nutrients your lawn needs to look its best.
- Mow and Leave the Grass Clippings on Your Lawn
- Leaving high allows the grass to develop a deep root system and helps your lawn look water more efficiently.
- Clippings recycle the plant nutrients back into the soil.
- Save on Water
- Irrigation is more efficient when watering your lawn in the morning.

**DIRECTIONS FOR USE**

**FILL & SET SPREADER**
Llenar y ajustar el esparrágador

- Apply in early spring, before the 3rd or 4th mowing.
- Apply when lawn is dry and before temperatures are regular in the 80s.
- For even application walk at a steady pace slightly overlapping each pass.
- Scotts® Drop Spreaders: Align hopper arrow with previous wheel track.
- Scotts® Broadcast/Rotary Spreaders: Line up each pass approximately 5 ft. from wheel track.
- Apply a minimum of 5 lb. of actual nitrogen, 0.5 lb. of potash, and 1 lb. of actual phosphorus per 1,000 sq. ft. of garden area.
- Do not apply on slopes greater than 10 degrees.
- Do not apply on slopes greater than 10 degrees.
- Do not apply on slopes greater than 10 degrees.
- For best results, use between 0°F and 90°F.

**APPLY**
Aplicar

- Sweep product from hard surfaces onto the lawn keeps valuable feeding nutrients on the grass.
- For best results, use between 0°F and 90°F.

**CLEAN-UP**
Limpieza

- For best results, use between 0°F and 90°F.
- Do not apply on slopes greater than 10 degrees.

**PREVENTS**
Prevenir

- Barren/brid grass
- Crabgrass, large
- Crabgrass, smooth
- Fall panicum
- Foxtail
- Poa annua
- Chickweed
- Dallis (low woodsmoor)
- Sowage (prostrate)*

*For control a repeat treatment is recommended after 6-8 weeks.

**TIPS FOR LAWN CARE SUCCESS**
Consejos para el éxito del césped

- Feed Regularly
  - Regular feeding provides the nutrients your lawn needs to look its best and withstand the stresses of weeds, heat, drought and family activity.

- Mow and Leave the Grass Clippings on Your Lawn
  - Mowing high allows the grass to develop a deep root system. A healthy lawn uses water more efficiently. Grass clippings recycle the plant nutrients back into the soil.

- Conserve Water
  - Well-maintained lawns are more efficient at using available water. Feeding with Scotts® lawn food helps grow a thick lawn with more roots to better absorb water and nutrients than an un-tended lawn. This helps protect your lawn against heat drought and other stresses. Remember your lawn will begin to wilt when water is needed. As much as possible take advantage of nature’s sprinkler and rely on the rain to water your lawn.

**SCOTTS® RECOMMENDED FEEDING ROUTINE**
Rutina de fertilización recomendada

- **1 ANNUAL FEEDING**
  - Apply early spring feeding helps grass grow up earlier when you should feed around the first time you mow your grass.

- **2-3 ANNUAL FEEDINGS**
  - Apply early spring feeding helps grass grow up earlier when you should feed around the first time you mow your grass.

- **4 ANNUAL FEEDINGS**
  - Apply early spring feeding helps grass grow up earlier when you should feed around the first time you mow your grass.

**SCOTTS & YOUR ENVIRONMENT**
Scotts & ambiente

- We care. Scotts® products are designed with care to grow a thicker, greener lawn.
- A Green Lawn Is a Good Lawn - A healthy lawn can clean the air, produce oxygen and prevent runoff and soil erosion. You can make a difference - Help keep our water resources clean. Apply this product only to your lawn, and sweep any product that lands in the driveway, sidewalk or street back onto your lawn.

PRECAUTIONARY STATEMENTS

Hazards to Humans and Domestic Animals

CAUTION: Harmful if absorbed through the skin. Causes moderate eye irritation. Avoid contact with eyes, skin or clothing.

USER SAFETY RECOMMENDATIONS: User should wash hands before eating, drinking, chewing gum, using tobacco, or using the toilet. User should remove clothing immediately if pesticide gets inside. Then wash thoroughly and put on clean clothing.

FIRST AID

IF IN EYES: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after first 5 minutes, then continue rinsing eye.

IF ON SKIN OR CLOTHING: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes.

IF SWALLOWED: Call a poison control center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless instructed to do so by a poison control center or doctor. Do not give anything by mouth to an unconscious person.

IF INHALED: Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible.

Call a poison control center or doctor for treatment advice. Have the product container or label with you when calling poison control center or doctor, or going for treatment. Call 1-800-543-TURF (8873).

ENVIRONMENTAL HAZARDS: This pesticide is toxic to fish. Runoff from treated areas may be hazardous to aquatic organisms in neighboring areas. To protect the environment, do not apply pesticide to or run off into storm drains, drainage ditches, gutters or surface waters.

Storage and Disposal

PESTICIDE STORAGE: Store in a dry, cool place. Read and follow all safety instructions for storing the product.

PESTICIDE AND CONTAINER DISPOSAL: Nonrefillable container. Do not reuse or refill this container. If empty: Place in trash or offer for recycling if available. If partly filled: Call your local solid waste agency for disposal instructions. Never place unused product down any indoor or outdoor drain.

AVISOS DE PRECAUCION

Riesgos para humanos y animales domésticos

PRECAUCIÓN: Este producto es nocivo si se ingiere por el niño. Causa irritación moderada las ojos. Evite el contacto con la piel, las ropa, o la ropa.

RECOLECCIONES DE SEGURIDAD PARA EL USUARIO: Laves bien las manos antes de comer, bebés, lavar enjuagar, utilizar tabaco o uso instalaciones sanitarias. Si el pesticida entra en la boca o piel, debe quitarlo de la piel inmediatamente. Luego, lave el área de la piel con agua y jabón.

PRIMEROS AUXILIOS

SI EL PRODUCTO ENTRA EN LOS OJOS: Mantenga los ojos abiertos y enjuague con agua tiblemente, con cuidado durante 15 a 20 minutos. Si usa lentes de contacto, retirelos después de los primeros 5 minutos, luego continúe enjuagando los ojos. SI ENTRA EN CONTACTO CON LA PIEL O CON LA ROPA: Quitte la ropa contaminada. Lave inmediatamente la piel con abundante agua durante 15 a 20 minutos. SI SE TRAGA: Consulte a un médico o a un centro de control de envenenamientos inmediatamente para obtener asistencia sobre el tratamiento. Si la persona puede tragar, haga que cante poco a poco un vaso de agua. No induzca el vómito a menos que lo indique un centro de control de envenenamientos o el médico. No admítere nada por boca a una persona que haya perdido el conocimiento. SI SE INHALA: Lleve a la persona al aire fresco. Si la persona no respira, llame al 911 o a una ambulancia, luego de respiración artificial, preferentemente con boca a boca, si es posible.

Llame a un centro de control de envenenamientos o a un médico para obtener más recomendaciones sobre el tratamiento. Cuando llame a un centro de control de envenenamientos o a un médico, busque tratamiento, tenga a mano el envase y la etiqueta del producto. Llame al 1-800-543-TURF (8873).

RIESGOS AMBIENTALES: Este pesticida es tóxico para peces. La escombrera desde las áreas tratadas pueden ser peligrosas para los organismos acuáticos en las áreas vecinas. Para proteger el medio ambiente, no permita que el pesticida ingrese a drenajes de terrenos, canales de drenaje, cursos de agua o aguas superficiales. La aplicación de este producto tiene como objetivo evitar que el pesticida se disperse de forma peligrosa en el medio ambiente. Lleve el producto que coge en la bolsa o el recipiente en un contenedor que no permita el drenaje de pesticidas en el ambiente. En caso de derrame, recoja el producto para volver a usarlo y luego de eliminarlo de manera adecuada. ADVERTENCIA SOBRE MANCHAS: Este producto puede causar manchas o suciedad en el traje, ropa, superficies metálicas (tales como automóviles y muebles de jardín), ropero o zapatos. Si se produce el contacto, quite las manchas con un cepillo para prevenir manchas y/o evitar llevar el producto al interior de la casa. De ser necesario, enjuague con agua.

ALMACENAMIENTO Y ELIMINACIÓN

ALMACENAMIENTO DEL PESTICIDA: Guarde el producto en un lugar fresco y seco. Para sellar nuevamente la bolsa, pille el borde y asegúrelo. ELIMINACIÓN DEL PESTICIDA: Evase no rellenable. No vuelva a usar o rellenar este envase. Si está vacío: Calcule en la 38a de norte o sur, si corresponde. Si está parcialmente lleno: Lleve a su agencia de eliminación de desechos sólidos locales para obtener instrucciones sobre cómo eliminar el producto. Nunca elimine el producto no utilizados en drenajes interiores o exteriores.

NOTICE: If for any reason, the consumer, is not satisfied after using this product, you are entitled to get your money back. Simply send us evidence of purchase and we will mail you a refund check promptly.

If you have any questions, please contact us at 1-800-543-8873.
