**HOTLINE NUMBER:** 800-548-9873

For chemical emergency, spill, leak, fire, exposure and accident, call Chemists, day or night 800-649-0033; 752-927-8887.

**4050-TI PHYSICIAN**

Probable mucosal damage may contaminate the use of gastric lavage. Have product container or label with you when calling a Poison Control Center or doctor for treatment advice.

**DIRECTIONS FOR USE**

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

ProKlenz ONE is a high-performance, phosphate-free, alkali detergent disinfectant. It is biodegradable and low-toxicity to meet the unique cleaning demands found in clean-in-place and automatic washing equipment. It also provides broad spectrum disinfection of hard non-porous surfaces including stainless steel, metal, fixtures, tile, glass, and equipment packaging in pharmaceutical, cosmetic, medical manufacturing and other high risk manufacturing operations.

**CLEANING:**
- Thoroughly wet all surfaces to be cleaned with ProKlenz ONE.
- Apply product by manual spraying or by other means that would produce particles that are inhalable.

ProKlenz ONE is recommended for use to clean hard non-porous surfaces in manufacturing equipment and automatic washing equipment including mixing vessels, and packaging equipment. Surfaces should be rinsed with water after use of this product.

**CAUTION:**
- This substance is corrosive and contains hazardous ingredients.
- Use only as directed.
- Avoid contact with eyes, mouth, and skin.
- Use only as directed.
- Always follow the directions on the label.
- Store in a cool, dry place.
- Keep out of reach of children.
- Do not use on synthetic or sensitive surfaces.
- Do not use on synthetic or sensitive surfaces.
- Do not use on synthetic or sensitive surfaces.
- Do not use on synthetic or sensitive surfaces.

- Do not use on synthetic or sensitive surfaces.
- Do not use on synthetic or sensitive surfaces.

**PRECAUTIONARY STATEMENTS**

**HAZARD TO HUMANS AND DOMESTIC ANIMALS**

**DANGER**

CORROSIVE: Causes irreversible eye damage and skin burns. May be fatal if swallowed. Harmful if inhaled or absorbed through skin. Do not get in eyes, on skin, or on clothing. Avoid breathing vapor or spray mists. Keep out of reach of children. Wear chemical-resistant gloves, long-sleeved shirt, long pants, closed-toe shoes, and safety glasses. When mixing and spraying, wear a chemical-resistant apron, wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco, or using restroom. Remove any wash contaminated clothing before reuse.

**PERSONAL PROTECTIVE EQUIPMENT (PPE):** Follow the manufacturer's instructions for cleaning/maintaining PPE. If no such instructions for washables, use detergent and hot water. Keep and wash PPE separately from other laundry.

**STORAGE AND DISPOSAL**

Do not contaminate water, food, or feed by storage or disposal.

**Precautions to Preclude:*** Do not store on site. Avoid breaking or emptying into drains or other containers.

**Prohibited Disposal:** Particulate wastage are hazardous, improper disposal of excess particulate, mixture or residue is a violation of Federal Law. If these wastages cannot be disposed of by use according to label requirements, contact your State Pollution Control Agency or the EPA. Contact your local waste disposal agency or your local waste management authority for disposal information.

**Container Disposal:** Nonrefillable container. Do not reuse or refill this container. Offer for recycling, if available. Clean container promptly after emptying. Dispose of as follows: Empty the remaining contents into application equipment or a new tank and charge for 10 seconds after the flow begins to dry. Fill the container 14 full with water and mix. Charge for 10 seconds. Pour remains into application equipment in a mix tank or store moist for later use or disposal. Drain for 10 seconds after the flow begins to dry. Repeat the procedure two more times.
