WET & FORGET®

moss mold mildew & algae
STAIN REMOVER

43 OUNCES
MAKES 2 GALLONS
CONCENTRATE

KEEP OUT OF REACH OF CHILDREN
DANGER: SEE INSIDE BACK LABEL FOR PRECAUTIONARY STATEMENTS (AND FIRST AID)

ACTIVE INGREDIENTS:
Alkyl (C₁₄ 50%, C₁₂ 40%, C₁₆ 10%) 9.9%
dimethyl benzyl ammonium chloride 90.1%
Other Ingredients: 0.0%
TOTAL: 100.0%

Cleans exterior surfaces* with no pressure washing or scrubbing required. Apply with pump up garden sprayer.

NON CAUSTIC > NON ACIDIC > NO BLEACH

COVERAGE: 250-750 sq feet depending on porosity and amount of staining

EPA Reg. No. 84115-1-85342
EPA Est. No. 58880-GA-1

NET CONTENTS: 43 oz
HOW IT WORKS: Once treated with Wet & Forget®, the surface requires no pressure washing, scrubbing, or rinsing. Just thoroughly wet the DRY surface with Wet & Forget® and then forget about it. The elements (wind and rain etc.) will slowly wash off the stain. If the surface to be treated is not fully exposed to rainfall or is vertical, some assistance may be required to remove the stains.

EXTERIOR SURFACES ON WHICH YOU CAN USE Wet & Forget®: *Concrete, pool surroundings, patio furniture (except cushions and wood frames), natural stone, tombstones, roofs (asphalt and fiberglass shingles, color steel, clay and concrete tiles), tennis courts, ceramic pots, asphalt driveways, painted surfaces, siding (vinyl, aluminum), textured finishes, play equipment (slides, plastic gyms), and wood decks.

DIRECTIONS FOR USE: It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

TO REMOVE MOSS, MOLD, ALGAE AND MILDEW STAINS:
Mix one part Wet & Forget® to five parts water. Apply use solution with a pump up garden sprayer until DRY surface is thoroughly saturated. Allow to air dry. A second application 1-2 months after the first may also assist when treating persistent stains. Do not repeat treatment more than 6 times per year. Wet & Forget® is best applied in overcast dry conditions to avoid rapid evaporation. Do not apply if heavy rain is expected within 4-5 hours.

WOOD DECKS: Follow mixing directions. Stains in Cedar or redwood may require brushing for full stain removal. Use water and hard broom 1 month after application. Once cleaned, it may be maintained with Wet & Forget® to prevent stains.

PLAY EQUIPMENT: Do not allow children on play equipment (ie. slides, plastic gyms), if it has been treated with Wet & Forget®, until the equipment has been washed down with fresh water, a day after application.

PLANTS: Do not spray directly on to plants. Flush with fresh water if accidentally sprayed.

REACTION TIME: Once treated with Wet & Forget® stains may take up to 6-12 months to come clean in the very worst case scenario. It is very important that the mixing instructions are followed.

MAINTENANCE: Repeat application once a year or when new stains appear. Do not repeat treatment more than 6 times per year.

PETS: Keep animals off treated surfaces until product has dried. If contamination occurs, rinse animal’s paws with fresh water to prevent animal licking Wet & Forget®.

FOR ALL APPLICATIONS:
Treatment must be performed at least 100 feet from any pond, lake, stream, or river to prevent possible runoff into waterways.

STORAGE AND DISPOSAL:
Store in original container in locked areas inaccessible to children and persons unfamiliar with its use. Nonrefillable container. Do not reuse or refill this container. Discard in trash or offer for recycling, if available.

PRECAUTIONARY STATEMENTS - HAZARDS TO HUMANS AND DOMESTIC ANIMALS - DANGER: Corrosive. Causes irreversible eye damage and skin burns. Harmful if swallowed or absorbed through the skin. Do not get in eyes, on skin, or on clothing. Wear protective eyewear (safety glasses or face shield), protective clothing, and rubber gloves. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco or using the toilet. Remove contaminated clothing and wash clothing before reuse. Avoid contamination of food. Avoid breathing spray mist.

FIRST AID

IF IN EYES: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice.

IF ON SKIN OR CLOTHING: Remove contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice.

IF SWALLOWED: Call a poison control center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give anything by mouth to an unconscious person.

IF INHALED: Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible. Call a poison control center or doctor for treatment advice.

Have the product container or label with you when calling a poison control center or doctor or going for treatment.

In case of transport or medical emergency, call CHEMTREC at 1-800-424-9300.

NOTE TO PHYSICIAN: Probable mucosal damage may contraindicate the use of gastric lavage.

PERSONAL PROTECTIVE EQUIPMENT (PPE): Applicators and other handlers must wear protective eyewear, long pants and long-sleeved shirt, shoes plus socks and chemical-resistant gloves. Discard clothing and other absorbent materials that have been drenched or heavily contaminated with this product's concentrate. Do not reuse them. Follow manufacturer's instructions for cleaning/maintaining PPE. If no such instructions for washables, use detergent and hot water. Keep and wash PPE separately from other laundry.

USER SAFETY RECOMMENDATIONS:
Users should: > Wash hands before drinking, eating, chewing gum, using tobacco or using the toilet.
> Remove PPE clothing immediately if the pesticide gets inside. Then wash thoroughly and put on clean clothing.
> Remove PPE immediately after handling this product. Wash the outside of gloves before removing. As soon as possible, wash thoroughly and change into clean clothing.

ENVIRONMENTAL HAZARDS: This pesticide is toxic to fish and aquatic invertebrates. Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans, or other waters unless in accordance with the requirements of a National Pollutant Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product to sewer systems without previously notifying the local sewage treatment plant authority. For guidance contact your State Water Board or Regional Office of the EPA.
