Store at room temperature and protect from freezing.
CONTAINER DISPOSAL:
If Empty: Nonrefillable. Do not reuse or refill this container. Place in trash or offer for recycling if available.
If partly filled: Call your local solid waste agency for disposal instructions.
Never place unused product down any indoor or outdoor drain.

NOTICE TO BUYER

Buyer assumes all responsibility for safety and use not in accordance with directions.

PRECAUTIONARY STATEMENTS

Hazards to Humans and Domestic Animals: CAUTION
Causes moderate eye irritation. Avoid contact with eyes. Avoid contact with skin or clothing. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum or using tobacco.

Environmental Hazards: This product may be hazardous to aquatic invertebrates. To protect the environment, do not allow pesticide to enter or run off into storm drains, drainage ditches, gutters or surface waters. Applying this product in calm weather or when rain is not predicted for the next 24 hours will help to ensure that wind or rain does not blow or wash pesticide off the treated area. Rinsing application equipment over the treated area will help avoid runoff to water bodies or drainage systems.

Physical or Chemical Hazards: Combustible. Do not use or store near heat or open flame.

Directions For Use
It is a violation of Federal law to use this product in a manner inconsistent with its labeling:
Shake well before using.

FOR CONTROL OF FUNGAL DISEASES: When high levels of disease are present, or during periods of wet weather, mix 5 oz product with 1 gallon of water and shake well. During drier weather or when low levels of disease are present, mix 2.5 oz product with 1 gallon of water and shake well. Thoroughly spray all areas of the plant, especially new shoots. For best control apply as a protective spray early in the season before the diseases are noticed. Re-spray every 7 to 10 days or after rain. May be used up to 7 days before harvest.

FOR CONTROL OF INSECTS/MITES: Dilute product by mixing 5 oz product with 1 gallon of water. Shake well. Thoroughly spray all areas of the plant, especially new shoots and the underside of leaves. Pests need to be contacted by the spray to be controlled.
