For use with most water-based crop and noncrop pesticide spray solutions. One gallon of STA-PUT™ PLUS treats up to 400 gallons of spray solution.

STA-PUT™ PLUS is an effective, easy to use precision spray adjuvant for deposition and canopy penetration and reducing drift in spraying operations. STA-PUT™ PLUS is compatible with most water soluble, emulsifiable, and wettable powder pesticides, desiccants, and cotton defoliants when applied by aerial or ground application equipment.

STA-PUT™ PLUS when used as directed and in accordance with sound agricultural practices, is in compliance with U.S. EPA regulations governing the cropland use of adjuvants and is exempt from the requirement of tolerance under 40CFR180.

PRINCIPAL FUNCTIONING AGENT:
Polyvinyl Polymer ........................................ 0.81%
CONSTITUENTS INEFFECTIVE AS SPRAY ADJUVANT ................. 99.19%
Total .................................................. 100.0%

PRECAUTIONARY STATEMENTS: HAZARDS TO HUMANS AND DOMESTIC ANIMALS
CAUTION: Harmful if absorbed through the skin or inhaled. Avoid contact with skin, eyes or clothing. Avoid breathing spray mist. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum or smoking tobacco. Remove and wash contaminated clothing before reuse.

PPE - Personal Protective Equipment: Wear chemical-resistant gloves, long-sleeved shirt and long pants, and shoes plus socks.

KEEP OUT OF REACH OF CHILDREN
CAUTION

FIRST AID

- IF IN EYES: Hold eyes open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing. Call a poison control center or doctor for treatment advice.
- IF SWALLOWED: Call a poison control center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting without medical advice.
- Do not give anything by mouth to an unconscious person.
- IF ON SKIN: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice.
- IF INHALED: Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible. Call a poison control center or doctor for further treatment advice.

Call a poison control center or doctor for treatment advice. Have the product container or label with you when calling a poison control center or doctor for treatment advice.

STORAGE AND DISPOSAL

Combustible. Keep away from heat and sources of ignition.
PRODUCT STORAGE: Store in suitable, tightly closed, labeled containers. In case of a spill, soak up spill with absorbent material and clean contaminated surfaces with water or aqueous cleaning agents.
PRODUCT DISPOSAL: Wastes resulting from the use of this product are subject to federal regulation. Consult state or local regulations for any additional handling, treatment or disposal requirements. For disposal, contact a properly licensed waste treatment, storage, disposal or recycling facility.
CONTAINER DISPOSAL: Triple rinse (or equivalent) during mixing and loading. Recycling decontaminated containers is the best option for pesticide wastewater. Contact local ACRC recycler, visit the ACRC web page at www.acrecycle.org. Decontaminated containers may also be disposed of in a sanitary landfill.

DIRECTIONS FOR USE

SHAKE BEFORE USING

STEP 1. Select correct STA-PUT™ PLUS dosage from chart below.
STEP 2. Shake STA-PUT™ PLUS before using. For optimum results, add liquid pesticides after STAPUT™ PLUS. Add liquid microemulsions, jar tests for compatibility and order of addition are strongly recommended.
STEP 3. Continue to agitate mix tank before use.

AFTER USE: Spray equipment should be rinsed. Follow all cleanup precautions on label of pesticide used. Follow recommended governmental procedures for disposal of pesticide spray solutions.

NOT FOR AQUATIC USE IN WASHINGTON.

STA-PUT™ PLUS USE PRECAUTIONS

Sound application technology must be followed when spraying pesticides. STA-PUT™ PLUS can improve deposition of pesticides in the target swath and can retard, but not totally eliminate, drift.

WARRANTY: Nalco Company warrants that this product when used as directed and in accordance with sound agricultural practices will improve pesticide deposition in the spray swath and retard drift in spraying operations that utilize water based or water emulsifiable concentrates. NALCO COMPANY MAKES NO OTHER EXPRESS OR IMPLIED WARRANTIES AND IN PARTICULAR MAKES NO WARRANTY OF FITNESS OR MERCHANTABILITY. Nalco Company's maximum liability for breach of this warranty shall not exceed the purchase price of this product. In no event shall Nalco Company be liable for indirect or consequential damages. This warranty shall not be changed by oral or written agreement unless signed by a duly authorized officer of Nalco Company.
