PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

DANGER

CORROSIVE

CAUSES IRREVERSIBLE EYE DAMAGE

CAUSES SKIN BURNS

HAZARDOUS IF SWALLOWED OR INHALED

Do not get in eyes, on skin or on clothing. May be harmful if swallowed, inhaled or absorbed through the skin. Avoid direct contact with skin or clothing. Do not eat, drink or smoke while using this product. Do not allow food or drink in areas where this product is being used. Follow label instructions carefully. Wash thoroughly with soap and water after handling. Keep out of reach of children.

PESTICIDE DISPOSAL

Pesticides wastes are acutely hazardous. Improper disposal of excess pesticides or treated materials is a violation of Federal law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide Control Office or Environmental Protection Agency or the Hazardous Waste Management office at the nearest EPA Regional Office for guidance.

CONTAINER DISPOSAL

Non corrosive. Do not reuse or refill this container. Rinse thoroughly and dispose of in a sanitary landfill, or by procedures approved by state and local authorities.

ENVIRONMENTAL HAZARDS

This product is toxic to fish and aquatic invertebrates. Do not discharge effluent containing this pesticide into lakes, streams, ponds, marinas, sewers, or other waters. In accordance with the requirements of a National Pollutant Discharge Elimination System (NPDES) permit and the permitting authority has been notified of the discharge of this pesticide.

STORAGE AND DISPOSAL

PESTICIDE STORAGE

Do not contaminate water, food or feed storage, disposal or cleaning of equipment. Do not apply this product in a way that will contact workers or other persons. Do not allow food or drink in areas where this product is being used. Follow label instructions carefully. Wash thoroughly with soap and water after handling. Keep out of reach of children.

INDUSTRIAL COOLING WATER AND AIR WASHERS

For the control of bacillus, algae, and fungi in industrial recirculating water cooling and HVAC systems. Use according to label instructions. Rinse thoroughly and dispose of in a sanitary landfill or by procedures approved by state and local authorities.

INHALATION DANGERS

When the system is operable to 10,000 gpm of water in the system. Be sure to clear the area before treatment is started.

INFLAMMABLE DANGERS

Do not use or store in areas where there is potential for ignition. Keep away from open flames or sources of sparks. In areas where this product is being used, follow precautions as outlined in the label.
Typical applications, and the suggested range of concentrations at which they can be used are:

Refer to the table at the end of this section for recommended doses rates.

**IN-CAP PRETREATMENT**
For the control of bacteria in industrial and household consumer products, including dishwasher detergents, laundry products, antibacterial soaps, and so forth...

**INDUSTRIAL WATER**
Use in the control of bacteria and fungi in applications such as process water, boiler water, in steam boilers, and after pre-treatment.

**LIQUID DETERGENTS**
Use in the control of bacteria in applications such as dishwashing detergents, laundry products, and so forth...

**CENTRIFUGES AND COATINGS**
Use in the control of bacteria in applications such as paper coatings, wood coatings, and so forth...

**IN-CAP BLEACH**
Use in the control of bacteria in applications such as bleach, soap, and detergents, and so forth...

**IN-CAP BAKING**
Use in the control of bacteria in applications such as bakery, bread, and so forth...

**IN-CAP PRINTING**
Use in the control of bacteria in applications such as paper, plastic, and so forth...
