Principal Functioning Agents:
Soapbark, alkylphenol ethoxylate, polysaccharide . 10.10%
Constituents Ineffective As Spray Adjuvants: 89.90%
Total: 100.00%

PRODUCT INFORMATION

- BioLink Spreader-Sticker is an environmentally-friendly, biodegradable, natural adherent designed to increase the spreading and adhesion of insecticides, fungicides, and herbicides to the plant.
- BioLink Spreader-Sticker forms a protective film that prevents pesticides from being degraded by Ultraviolet sunlight.
- Due to its dispersing capacity, BioLink Spreader-Sticker allows for a homogenous distribution of the applied chemicals.
- BioLink Spreader-Sticker improves the effectiveness of pesticides by reducing the wash off by rain or irrigation.
- BioLink Spreader-Sticker is not designed for aquatic use.

Due to the natural composition of this product, coloration may vary from yellow to white.
Add BioLink Spreader Sticker last, after all other products have been added, when spray tank is ¾ full and with agitation.

DIRECTIONS FOR USE

BioLink Spreader-Sticker can be applied to all crops including fruit trees, vines, tree nuts, fruits and vegetables, field and row crops, ornamental trees, shrubs and flowers, containerized plants, and turf. Always perform a phytotoxicity test on a small plot before large-scale application. To lower the risk of phytotoxicity, applications should be made early morning or late evening.

Compatibility: When mixing BioLink Spreader-Sticker with any other products, read and follow the precautions, restrictions and recommendations on all product labels. A standard jar compatibility test should be conducted before using any new mixes. DO NOT mix BioLink Spreader-Sticker with sulfur, copper and other fungicides.

Recommended Use Rates:

**Ground or Aerial Applications:** 2 to 4 ounces per 100 gallons of water. Follow side chart for rates.

**Nursery & Container:** 1 teaspoon (5 milliliters) per 5 gallons of water.

**Home & Garden:** 1 teaspoon (5 milliliters) per 5 gallons of water.

For other applications refer to the Suggested Use Rates for Spreader-Sticker per Gallons of Spray Mix table on the right.

**NOTE:**
**Keep Out Of Reach of Children**

Precautionary Statement

**WARNING:** Causes substantial but temporary eye irritation. Do not get in eyes or on clothing. Wear protective eyewear (goggles or face shield). Wash thoroughly with soap and water after handling and before eating, drinking or chewing gum. Remove contaminated and wash clothing before reuse.

**First Aid Statement:** If in eyes, hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing.

**Storage and Disposal:** Store out of direct sunlight and at temperatures above freezing (0°C). Rinse and offer empty containers for recycling or reconditioning, or dispose of in a sanitary landfill.

**NOTICE OF WARRANTY** - Westbridge warrants the product conforms to its chemical description and is reasonably fit for the purposes stated on the label when used in accordance with the directions under normal conditions of use. Crop injury, ineffectiveness or other unintended consequences may result because of such factors as weather conditions, presence of other materials or the manner of use or application, all of which are beyond the control of Westbridge. In no case shall Westbridge be liable for consequential, special or indirect damages resulting from the use or handling of this product. Westbridge makes no warranties of merchantability or fitness for a particular purpose nor any other express or implied warranty except as stated above.
