WARNING! CAUSES MODERATE EYE AND SKIN IRRITATION.

PRECAUTIONS:
Avoid contact with eyes, skin, and clothing. Wear SAFETY GOGGLES, OR FACE SHIELD, rubber gloves, and appropriate protective clothing when handling. Wash thoroughly after handling.

PERSONAL PROTECTIVE EQUIPMENT (PPE):
Applicators and other handlers must wear: long-sleeved shirt and long pants, shoes plus socks, chemical-resistant gloves and protective eye-wear (goggles or face shield).

DIRECTIONS FOR USE:
For industrial use only. Blitz 1 may be applied to wood and wood preserving products by immersion, spray or pressure treatment methods, according to the dilutions provided below. Dilution levels may vary widely and will depend on application methods, wood species, seasonal change in exposure conditions, length of protection desired, geographical location, and wood storage and transport conditions.

The typical use levels are listed below, however it is recommended that the selected use level be evaluated to ensure the proper protection.

Recommended use levels are 2% to 30% by weight based on total formula weight.

Example: to a one gallon of concentrated wood preservative weighting 8.2 lbs./gallon to make a 2% by weight product add 8.9 oz. of Blitz 1. Follow label instructions for dilution of the wood concentrate.

INGREDIENTS:
N,N-Dimethyl-1-dodecanamine-N-oxide........10%
N,N-Dimethyl-1-tetradecanamine-N-oxide .... 10%
N,N-Dimethyl-1-hexadecanamine-N-oxide .... 10%
Water ........................................................ 70%
Total.......................................................... 100%
Contains hydrogen peroxide.

Keep out of reach of children.

WARNING

FIRST AID:
Eye Contact: For eye contact, immediately, flush eyes with running water for at least 15 minutes. Hold eyelids apart to ensure rinsing of the entire surface of the eyes and lids with water. Get immediate medical attention.

Skin Contact: For skin contact, wash affected area with plenty of water and soap if available, for several minutes. Remove and clean contaminated clothing and shoes. Seek medical attention if irritation develops and persists.

Ingestion: If swallowed, give 3-4 glasses of water. Do not induce vomiting. If vomiting does occur, give fluids again. Get medical attention to determine if vomiting or evacuation of stomach is necessary. DO NOT induce vomiting or give anything by mouth to an unconscious or convulsing person.

Inhalation: If inhaled, remove from area to fresh air. Seek medical attention if respiratory irritation develops or if breathing becomes difficult.

STORAGE AND DISPOSAL:
Store in original container only. Do not contaminate water, food, or feed by storage or disposal. Do not reuse empty container. Triple rinse (or equivalent) during mixing and loading. Recycling decontaminated containers is the best option of container disposal. The Agricultural Container Recycling Council (ACRC) operates the national recycling program. To contact your state and local ACRC recycler visit the ACRC web page at www.acrcycle.org. Decontaminated containers may also be disposed of in a sanitary landfill.

ENVIRONMENTAL HAZARDS:
Do not apply directly to water, or to areas where surface water is present or to intertidal areas below the mean high watermark. Do not contaminate water when cleaning equipment or disposing of equipment washwaters.

Manufactured for:
Arch Wood Protection, Inc., 1955 Lake Park Dr, Smyrna, GA 30080

ACEAN 24-hr. Emg. Resp. 800-654-6911

Net Wt: □ 425 gallons
□ 2000 gallons
