KEEP OUT OF REACH OF CHILDREN

WARNING
Causes serious eye irritation

PRECAUTIONARY STATEMENTS
Wear eye protection. Wash thoroughly after handling.

FIRST AID
Have the product container or label with you when calling a poison control center or doctor or going for treatment.

(888) 426-4435 ASPCA (animal health)
GENERAL INFORMATION
CLIMB® is an alkalinity agent formulated for use to increase and buffer the pH of the spray water. Certain crop protection chemicals, such as but not limited to sulfonylurea herbicides, are more soluble in alkaline solutions. For a more complete list, refer to the Wilbur-Ellis Spray Material Solubility Chart. The alkaline solution helps to increase the solubility of the pesticide.

DIRECTIONS FOR USE

USE RATES AND MIXING INSTRUCTIONS
Preparation of a Slurry Premix Prior to Addition to Spray Tank:
Add CLIMB at a rate of 2 fluid ounces per gallon of slurry water. The use of CLIMB will raise the pH of the slurry mixture and increase the solubility of the pesticide.
1. Use a slurry bucket to premix the products before adding to spray tank.
2. Add pesticide to the water first.
3. Add the prescribed amount of CLIMB to the mix second.
4. Mix thoroughly to solubilize the pesticide.
5. Add the slurry premix to the spray tank.
6. Agitate the tank mix thoroughly and spray.

Direct Addition to Spray Tank:
Add CLIMB at a maximum rate of 16 fluid ounces per tank load; however, do not initially treat a water volume greater than 10% (v/v) of the total water volume to be used. The remaining volume of water is to be added to the spray tank afterwards. The use of CLIMB will raise the pH of the water in the spray tank and increase the solubility of the pesticide.
1. Fill the spray tank with 10% of the total water volume to be used.
2. Add pesticide to the water first.
3. Add the prescribed amount of CLIMB to the mix second.
4. Mix thoroughly to solubilize the pesticide.
5. Add the remaining volume of water along with any other tank mix pesticides.
6. Agitate the tank mix thoroughly and spray.

IMPORTANT: As applicable, always follow all closed system handling instructions and requirements that are specified on the pesticide product label.

USE RESTRICTIONS
NOT FOR AQUATIC USE.

STORAGE AND DISPOSAL
Do not contaminate water, food or feed by storage and disposal.
STORAGE: Store in original container only and keep tightly sealed. Store in closed storage area.
PRODUCT DISPOSAL: Dispose of contents in accordance with all government regulations. Improper disposal of excess pesticide, spray mixture, or rinsate is a violation of federal law. Wastes resulting from the use of this product may be disposed of onsite or at an approved waste disposal facility.
CONTAINER HANDLING: Dispose of container in accordance with all government regulations. Triple rinse (or equivalent), then offer for recycling, if available, or reconditioning, if appropriate. Alternatively, puncture and dispose of the container in a sanitary landfill, or by other procedures approved by state and local authorities. Recycling cleaned containers is the best option of container disposal. The ACRC (Agricultural Container Recycling Council) operates a national recycling program. To contact your state or local ACRC recycler, visit the ACRC web page at www.acrecycle.org.
Conditions of Sale and Limitation of Warranty and Liability:

NOTICE: Read the entire Directions for Use and Conditions of Sale and Limitation of Warranty and Liability before buying or using the product. If the terms are not acceptable, return the product at once, unopened, and the purchase price will be refunded.

ALL STATEMENTS MADE HEREIN ARE SUBJECT TO APPLICABLE LAW, AND TO THE EXTENT THERE IS ANY INCONSISTENCY OR CONTENTION, APPLICABLE LAW SHALL GOVERN.

The Directions for Use of the product must be followed carefully. It is impossible to eliminate all risks inherently associated with the use of this product. Crop injury, ineffectiveness, or other unintended consequences may result because of many different factors including, without limitation, manner of use or application, weather, combination with other products, or crop conditions. All such risks shall be assumed by Buyer and User, and Buyer and User agree to hold Manufacturer and Seller harmless from any claims relating to such factors.

Seller warrants that this product conforms to the chemical description on the label. EXCEPT FOR THIS WARRANTY, THE PRODUCT IS FURNISHED “AS-IS”, AND NEITHER SELLER NOR MANUFACTURER MAKES ANY OTHER WARRANTIES, EXPRESS OR IMPLIED, WITH RESPECT TO THE SELECTION, PURCHASE OR USE OF THIS PRODUCT; SELLER AND MANUFACTURER SPECIFICALLY DISCLAIM ANY WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE BEYOND WHAT IS STATED ON THE LABEL. Buyer and User accept all risks arising from any use of this product, including without limitation, uses contrary to label instructions, or under conditions not reasonably foreseeable to (or beyond the control of) Seller or Manufacturer.

Neither Manufacturer nor Seller shall be liable for any incidental, consequential or special damages resulting from the use or handling of this product. THE EXCLUSIVE REMEDY OF THE BUYER OR USER, AND THE EXCLUSIVE LIABILITY OF MANUFACTURER AND SELLER, FOR ANY AND ALL CLAIMS, LOSSES, INJURIES OR DAMAGES (INCLUDING CLAIMS BASED ON BREACH OF WARRANTY, CONTRACT, NEGLIGENCE, TORT, STRICT LIABILITY OR OTHERWISE) RESULTING FROM THE USE OR HANDLING OF THIS PRODUCT, SHALL BE THE RETURN OF THE PURCHASE PRICE OF THIS PRODUCT, OR, AT THE ELECTION OF MANUFACTURER OR SELLER, THE REPLACEMENT OF THE PRODUCT.

These Conditions of Sale and Limitation of Warranty and Liability shall be interpreted, unless otherwise required by the law of the state of purchase, in accordance with the laws of the State of California, excluding its conflicts of laws rules, and may not be amended by any oral or written agreement.
