PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS AND DOMESTIC ANIMALS

CAUTION: HARMFUL IF SWALLOWED

Personal Protective Equipment: Some insecticides are chemical resistant to the product and are barrier laminate butyl rubber, nitrile rubber, neoprene rubber, natural rubber, polyethylene, polyethylene foam, etc. If you want more options, follow the instructions for category A on an EPA chemical resistance category selection chart.

Applications and other handling must wear:
- Long sleeved shirt and long pants
- Gloves/latex gloves
- Chemical resistant gloves

User Safety Recommendations:
- User should wash hands before eating, drinking, chewing gum, using tobacco, or using the toilet.
- Use should remove clothing/PPE immediately if pesticide gets inside. Then wash thoroughly and put on clean clothing.
- User should remove PPE immediately after handling the product. As soon as possible, wash thoroughly and change into clean clothing.

Follow manufacturer’s instructions for cleaning, maintaining PPE. If no such instructions are available, use detergent and hot water. Keep and wash PPE separately from other laundry.

ENVIRONMENTAL HAZARDS

This pesticide is toxic to aquatic organisms, including fish and invertebrates. Do not apply directly to water, or to areas where surface water is present or to intertidal areas below the mean water mark. Do not contaminate water when disposing of equipment wash water, rinsate, or by disposal of used tags.

NOTICE OF WARRANTY

To the extent consistent with applicable law, Y-TEX CORPORATION MAKES NO WARRANTY OF MERCHANTABILITY, EXPRESS OR IMPLIED, OR OTHERWISE, CONCERNING THIS PRODUCT OR ITS USES WHICH EXTEND BEYOND THE USE OF THE PRODUCT UNDER NORMAL CONDITIONS AS CONTEMPLATED BY THE STATEMENTS MADE ON THIS LABEL, AND IN ANY CASE, IS LIMITED TO REPAIR OR REPLACEMENT OF TAGS ONLY.

EPA EST. NO. 30009-WX-01
EPA REG. NO. 39009-17
U.S. Pat. No. 8,425,925 B2

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling. Reformulation or repackaging of this product is prohibited. This labeling must be in the possession of the user at the time of pesticide application.

Precautions and Restrictions:
- Only protected handlers may be in the area during application.
- Do not tag lactating dairy cows.

Apply tags as directed below for Horn Files and ear ticks:
- Horn Files: 1 tag/animal for up to 3 months control 2 tags/animal for up to 5 months control (1 tag on each ear)
For breeds with large ears, apply to back of ear for optimum control of horn flies.
- Gulf Coast Ear Ticks: 2 tags/animal for up to 4 months control (1 tag on each ear)
- Spinosad Ear Ticks: 2 tags/animal (1 tag on the front of each ear)

Apply tags as directed below for the listed pests:
- American Dog Ticks: 2 tags/animal (1 tag per ear) to aid in control for up to 3 months
- Cattle Fever Ticks (Boophilus species): 2 tags/animal (1 tag per ear) to aid in control for 2 to 3 months
- Lone Star Ticks: 2 tags/animal (1 tag per ear) to aid in control for 2 months
- Face Flies (Musca autumnalis): 2 tags/animal (1 tag on the front of each ear) to reduce Face Flies
- Try the recommended pest spray program. Reapply as necessary up to two treatments per year. Animals in the herd should be tagged to avoid confusion of the treatment.

To minimize development of insecticide resistance in horn flies, remove used tags at the end of the season and follow the recommended pest control program. Remove tags before slaughter.

**STORAGE AND DISPOSAL**
Do not contaminate water, food or feed by storage or disposal.

PESTICIDE STORAGE: Store in cool, dark place away from sunlight in original container. Opened bags containing ear tags should be reused for storage.

PESTICIDE DISPOSAL: Securely wrap used tags in a plastic bag or several layers of newspaper and discard in trash.

CONTAINER DISPOSAL: Offer for recycling (if available). Do not reuse bag. Discard bag in trash.
