Instant Clear Cleaning Granules

STABILIZED CHLORINATOR

- Kills bacteria and destroys organic contaminants
- Sanitizes pool water

ACTIVE INGREDIENT:
Sodium Dichloro-s-Triazinetrione Hydrated ............................................. 99%
OTHER INGREDIENTS ...................................................................................... 1%
TOTAL ............................................................................................................ 100%
Available Chlorine .......................................................................................... 55%

KEEP OUT OF REACH OF CHILDREN
DANGER: Contamination or improper use may cause fire or explosion or the release of toxic gases. Do not allow product to contact any foreign matter, including other water treatment products. If product is exposed to small amounts of water, it can react to cause explosion or the release of toxic gases. Do not mix this product with a small amount of water. Only add directly to your pool. Corrosive. Causes irreversible eye damage and skin burns. May be fatal if inhaled. Harmful if swallowed or absorbed through skin.
Read all precautionary statements on back label and first aid statements before use.

FIRST AID: IF IN EYES: Hold eye open and rinse slowly and gently with water for 15 - 20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice. IF ON SKIN OR CLOTHING: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice. IF SWALLOWED: Call a poison control center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give anything by mouth to an unconscious person. IF INHALED: Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth if possible. Call a poison control center or doctor for further treatment advice. Have the product container or label with you when calling a poison control center or doctor, or going for treatment. NOTE TO PHYSICIAN: Probable mucosal damage may contraindicate the use of gastric lavage. IN CASE OF EMERGENCY CALL: 1-800-654-6311.

Net Wt. 35 lbs. (15.88 Kg)
WHY YOU SHOULD USE THIS PRODUCT: This product is an effective multi-purpose sanitizer and shock that protects against chlorine loss optimizing pool usage and swimmer comfort with no sediment. This product is convenient and easy to use to control the growth of algae, kill bacteria and destroy organic materials.

Take a pool water sample to your authorized POOLIFE® dealer regularly for a detailed water analysis.

DIRECTIONS FOR USE: It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

READ ALL PRECAUTIONARY STATEMENTS BEFORE USE.

HOW TO USE: Add the recommended dosage of this product directly to the pool during evening hours while the filter is running. When adding this product to your pool, broadcast the product evenly over a wide area in the deepest part of the pool. Use only a clean, dry scoop to measure this product. DO NOT use the scoop for any other purpose. If any granules settle to the bottom of the pool use brush to disperse.

WATER BALANCE: For best product performance, swimmer comfort, and crystal clear water: Maintain pH in the range of 7.2 to 7.6. Maintain total alkalinity in the range of 80 to 120 parts per million (ppm). Maintain calcium hardness above 200 ppm. Use a reliable test kit that measures all these ranges. Use POOLIFE products to make adjustments. Follow label directions for each product.

ROUTINE CHLORINATION: For best results, see “WATER BALANCE” section above before treatment. Throughout the pool season, adjust and maintain pH at 7.2–7.6. Check available chlorine with a suitable test kit. DO NOT reenter pool until the free available chlorine residual is 1–4 ppm. Add 3-5 ounces of this product per 10,000 gallons of pool water every other day or as often as needed to maintain 1-4 ppm free available chlorine. Follow “HOW TO USE” directions on this package.

Winterizing: For best results, see “WATER BALANCE” section above before treatment. Gradually add 36 ounces of this product per 10,000 gallons of pool water that is clear and clean. This provides 15 ppm free available chlorine. Follow “HOW TO USE” directions on this package. Run the filter until granules are completely dissolved. Cover the pool with a pool cover. Prepare the heater, pump and filter components for winterizing by following manufacturer’s directions.

PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS AND DOMESTIC ANIMALS
DANGER: Corrosive. Causes irreversible eye damage and skin burns. May be fatal if inhaled. Harmful if swallowed or absorbed through the skin. Irritating to nose and throat.

• Open in a well ventilated area. DO NOT breathe dust and fumes.
• DO NOT get in eyes, on skin, or on clothing.
• Wear goggles and rubber gloves when handling this product. For additional protection of skin, wear long sleeves and long pants.
• Wash thoroughly with soap and water after handling and before eating, drinking, or using tobacco.
• Remove and wash contaminated clothing before reuse.

PHYSICAL AND CHEMICAL HAZARDS:
DANGER. IF PRODUCT IS EXPOSED TO SMALL AMOUNTS OF WATER, IT CAN REACT TO CAUSE EXPLOSION OR THE RELEASE OF TOXIC GASES. DO NOT ADD WATER TO THIS PRODUCT. ADD ONLY INTO WATER.
• DO NOT allow to become wet or damp before use.
• CAN REACT WITH OTHER MATERIALS, INCLUDING OTHER WATER TREATMENT PRODUCTS, TO CAUSE FIRE, EXPLOSION, AND THE RELEASE OF TOXIC GASES. • Keep all foreign matter, including other water treatment products, away from this product.
• DO NOT mix with other products or dissolve before use.
• DO NOT allow this product to contact other water treatment products. If used with a skimmer, make sure skimmer is completely clean and free of residue from other water treatment products before putting this product in a skimmer.
Strong oxidizing agent. This product can increase fire intensity. • Keep away from heat and from flame and burning material (like a lighted cigarette).
ENVIRONMENTAL HAZARDS: This pesticide is toxic to fish and aquatic organisms.
STORAGE & DISPOSAL: Keep this product dry in its tightly closed container when not in use. Store in a cool, dry, well-ventilated area. Keep away from heat or open flame. Nonrefillable container. DO NOT reuse or refill this container. Rinse empty container thoroughly with water to dissolve all material prior to disposal. Offer for recycling if available. DO NOT contaminate food or feed by storage or disposal or cleaning of equipment. FOR DISPOSAL OF A CONTAMINATED OR DECOMPOSING PRODUCT SEE "EMERGENCY HANDLING".

EMERGENCY HANDLING: In case of contamination or decomposition – DO NOT reseal container. Immediately remove container to an open and well-ventilated outdoor area by itself. Flood with large amounts of water. Dispose of the container and any remaining contaminated material in an approved landfill area.
