Disinfecting Wipes

One Step Cleaner/Disinfectant/Deodorizer

Buckeye Sanicare Disinfecting Wipes help you accomplish things you never thought a wipe could do. Clean, disinfect, and deodorize in one labor saving step. Easy to use - no sprays, no sponges, no mess. Cross-contamination is of major concern. Buckeye Sanicare Disinfecting Wipes have been formulated to aid in the reduction of cross contamination in schools, institutions and industry. Just pull, wipe and toss. Tough cleaning made easy.

  - Aspergillus niger
  - Echinococcus granulosus (Taenia) (cause of Hydatid Disease, Echinococcosis – the tapeworm of the dog)
DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

TO CLEAN AND DEODORIZE: Wipe surface with wipe. Let air dry.

DISINFECT / VIRCUCIDAL / FUNGICIDAL / MOLD AND MILDEW CONTROL DIRECTIONS: Wipe hard, nonporous surface with wipe until surface is visibly wet. Allow surface to remain wet for 10 minutes. Let air dry. If surfaces are extremely dirty, clean first with another wipe before disinfecting. Discard used wipe in trash. Do not flush in toilet. Rinse food contact surfaces with clean, potable water after disinfecting. Do not use to disinfect dishes, glassware, or utensils. Do not use as a diaper wipe or for personal cleansing.

Note: Do not use on unpainted wood, natural marble or brass.

For fungicidal activity, Buckeye SaniCare Disinfecting Wipes is an effective fungicide against Trichophyton mentagrophytes (the athlete's foot fungus) in areas such as locker rooms, dressing rooms, showers and bath areas and exercise facilities. Buckeye SaniCare Disinfecting Wipes is a one-step fungicide.

For mold and mildew, Buckeye SaniCare Disinfecting Wipes will effectively inhibit the growth of mold and mildew and the odors caused thereby when applied to hard, nonporous surfaces. Follow disinfection instructions. Repeat treatment every seven days, or more often if new growth appears.

*KILLS HIV AND HBV AND HCV ON PRE-CLEANED ENVIRONMENTAL SURFACES / OBJECTS PREVIOUSLY SOILED WITH BLOOD / BODY FLUIDS in health care settings or other settings in which there is an expected likelihood of soiling of inanimate surfaces / objects with blood or body fluids, and in which the surfaces / objects likely to be soiled with blood or body fluids can be associated with the potential for transmission of Human Immunodeficiency Virus Type 1 (HIV-1) (associated with AIDS) or Hepatitis B Virus (HBV) or Hepatitis C Virus (HCV).

SPECIAL INSTRUCTIONS FOR CLEANING AND DECONTAMINATION AGAINST HIV-1 OR HBV OR HCV ON SURFACES / OBJECTS SOILED WITH BLOOD / BODY FLUIDS. Personal protection: Clean-up must always be done wearing protective gloves, gowns, masks and eye protection. Cleaning procedure: Blood and other body fluids containing HIV or HBV or HCV must be thoroughly cleaned from surfaces and objects before application of Buckeye SaniCares Disinfecting Wipes. Wipes can be used for this purpose.

Contact time: Leave surface wet for 1 minute (60 seconds) for HIV-1 and 10 minutes for HBV and HCV. Use a 10-minute contact time for disinfection against all other viruses, bacteria and fungi claimed. Disposal of infectious material: Blood, body fluids, cleaning materials and clothing must be autoclaved and disposed of according to local regulations for infectious waste disposal.

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

Cautions: Causes moderate eye irritation. Avoid contact with eyes or clothing. Wash thoroughly with soap and water after handling.

FIRST AID

If in eyes: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after first 5 minutes, then continue rinsing eye.

Call a poison control center or doctor for treatment advice. Have the product container or label with you when calling poison control center or doctor or going for treatment. For medical emergencies only, call 800-333-4444. Outside North America call 681-632-4058.

STORAGE AND DISPOSAL

Nonrefillable container. Store product in original container in areas inaccessible to children. Keep securely closed. Do not reuse or refill this container. Discard empty container in trash or recycle if available.
