Exposure to temperatures above 130 degrees Fahrenheit may cause burning.

ACTIVE INGREDIENTS:
Pyrethrins ........................................................................ 1.0%
**Piperonyl butoxide, technical ........................................ 2.0%
N-Octyl bicyclohexanol dicarboximide ................................ 3.0%
**INERT INGREDIENTS ..................................................................... 94.0%

TOTAL: Equivalent to 1.06% (butylcyclohexyl) (6-Propylpyrethonyl) Ether and 0.4% related compounds
**Contains petroleum hydrocarbons

EPA Reg No 47000-7  EPA Est No 47000-IA-01

KEEP OUT OF REACH OF CHILDREN

CAUTION
See side panel for additional precautions

Net Weight 6.5 oz.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

FOR USE IN: Food handling and food preparation areas of restaurants, food processing plants, stores, fruit and vegetable wholesalers, food warehouses, boarding places, hospitals, nurseries, day-care centers, milk and egg handling areas of dairies and chicken houses.

For use in Automatic Dispensers:

One dispensing unit shall be installed for each 8,000 cubic feet of space to be treated. The dispenser, in accordance with local codes, shall be located where it will be least visible to the public. The dispenser shall be set to start one hour before control is needed and run one hour after control is no longer needed. Keep in mind that factors such as day, time, and weather conditions will affect insect activity and control. Therefore, one cup per 6,000 cubic feet should be considered as an average needed with adjustments made depending on specific conditions at the time of usage.

With any method of insect control, best results are achieved when sanitation and other positive insect prevention practices are followed.

LD-44T contains a highly effective insecticide formulation specifically designed for use in automatic mist dispensing units around food handling establishments, food processing installations, restaurants, dining rooms, and restaurants where flies, mosquitoes, and other mosquitoes are an annoyance.

STORAGE AND DISPOSAL

Do not contain water, food, or other food or disposal. STORAGE: Store in a cool, dry place away from children and preferably in a secure storage area.

CONTAINER DISPOSAL: Do not puncture or incinerate! If empty, place in trash or offer for recycling if available. IfFurther, call your local waste agency at 1-888-778-7878 for disposal instructions.
