NipsIt INSIDE®
Insecticide

Form 1712-F
PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS & DOMESTIC ANIMALS

CAUTION
Harmful if swallowed.

FIRST AID
If swallowed: Call a poison control center or doctor immediately for treatment advice.
Have a person sip a glass of water if able to swallow.
Do not induce vomiting unless told to do so by a poison control center or doctor.
Do not give anything to an unconscious person.

Treatment is supportive and symptomatic.

NOTE TO PHYSICIAN
Have the product container or label with you when calling a poison control center or doctor, or going for treat-
ment. You may also contact 1-800-892-0099 for emergency medical treatment information.

PERSONAL PROTECTIVE EQUIPMENT (PPE)
Some of the materials that are chemical-resistant to this product are listed below. If you want more options, follow the
instructions for category A on an EPA chemical-resistance category selection chart.
Applicators and other handlers must wear:
• Long-sleeved shirt and long pants, shoes plus socks and chemical-resistant
  gloves made of any waterproof material such as Natural Rubber ≥ 14 mils.
• Follow manufacturer’s instructions for cleaning/maintaining PPE. If there are no such instructions for washables, use
detergent and hot water. Keep and wash PPE separately from other laundry.

USER SAFETY RECOMMENDATIONS

Users should:
• Wash hands before eating, drinking, chewing gum, using tobacco or using the toilet.
• Remove clothing/PPE immediately if pesticide gets inside. Then wash thoroughly and put on clean clothing.
• Remove PPE immediately after handling this product. Wash the outside of gloves before removing. As soon as
  possible, wash thoroughly and change into clean clothing.

ENVIRONMENTAL HAZARDS
This product is toxic to aquatic invertebrates. Contain product spillage and equipment leaks, disposing of wastes
according to disposal instructions provided in this label. Do not contaminate water when disposing of equipment wash-
water or rinsate. Cover or incorporate spilled treated seed.

DIRECTIONS FOR USE
Follow manufacturer’s instructions for cleaning/maintaining PPE. If there are no such instructions for washables, use
detergent and hot water. Keep and wash PPE separately from other laundry.

DISCLAIMER, RISKS OF USING THIS PRODUCT, LIMITED WARRANTY
AND LIMITATION OF LIABILITY

IMPORTANT: Read the entire Label including this Disclaimer, Risks of Using this Product, Limited Warranty, and
Limitation of Liability before using this product. If the terms are not acceptable THEN DO NOT USE THE PRODUCT;
rather, return the unopened product within 15 days of purchase for a refund of the purchase price.

RISKS OF USING THIS PRODUCT
The Buyer and User (referred to collectively herein as “Buyer”) of this product should be aware that there are inher-
ent unintended risks associated with the use of this product, which are impossible to eliminate. These risks include,
but are not limited to, injury to plants and crops to which this product is applied, injury to rotational crops or
weeds, resistance of the target pest or weeds to this product, injury caused by drift, and injury to rotational crops
caused by carryover in the soil. Such risks of crop injury, non-performance, resistance or other unintended con-
sequences are unavoidable and may result because of such factors as weather, soil conditions, disease, moisture
conditions, irrigation practices, condition of the crop at the time of application, presence of other materials either
applied in the tank mix with this product or prior to application of this product, cultural practices or the manner of
use or application, (or a combination of such factors) all of which are factors beyond the control of Valent. The Buyer
should be aware that these inherent unintended risks may reduce the harvested yield of the crop in all or a portion
of the treated acreage, or otherwise affect the crop such that additional care, treatment and expense are required
to take the crop to harvest. If the Buyer chooses not to accept these risks, THEN THIS PRODUCT SHOULD NOT BE
APPLIED. By applying this product Buyer acknowledges and accepts these inherent unintended risks AND TO THE
FULLEST EXTENT ALLOWED BY LAW, AGREES THAT ALL SUCH RISKS ASSOCIATED WITH THE APPLICATION AND
USE ARE ASSUMED BY THE BUYER.
Valent shall not be responsible for losses or damages (including, but not limited to, loss of yield, increased expenses
of farming the crop or such incidental, consequential or special damages that may be claimed) resulting from use of
this product in any manner not set forth on the label. Buyer assumes all risks associated with the use of this product
in any manner or under conditions not specifically directed or approved on the label.

LIMITED WARRANTY
Valent warrants only that this product conforms to the chemical description on the label and is reasonably fit for
the purposes stated in the label, under average use conditions, when used strictly in accordance with the label
and subject to the Risks of Using This Product as described above. To the extent consistent with applicable law AND
AS SET FORTH ABOVE, VALEN'T MAKES NO OTHER WARRANTIES, EITHER EXPRESSED OR IMPLIED. No agent or
representative of Valent or Seller is authorized to make or create any other express or implied warranty.

LIMITATION OF LIABILITY
To the fullest extent allowed by law, Valent or Seller is not liable for any incidental, consequential, indirect or
special damages resulting from the use or handling of this product. The limitation includes, but is not limited to,
loss of yield on all or any portion of the treated acreage, increased care, treatment or other expenses required to
take the crop to harvest, increased finance charges or altered finance ratings, emotional or mental distress and/or
exemplary damages. TO THE FULLEST EXTENT ALLOWED BY LAW, THE EXCLUSIVE REMEDY OF VALEN'T OR SELLER FOR ANY AND ALL CLAIMS, LOSSES, INJURIES OR
DAMAGES (INCLUDING CLAIMS BASED ON BREACH OF WARRANTY, CONTRACT, NEGLIGENCE, TORT, STRICT
LIABILITY OR OTHERWISE) RESULTING FROM THE USE OR HANDLING OF THIS PRODUCT SHALL BE THE RETURN
OF THE PURCHASE PRICE OF THIS PRODUCT OR, AT THE ELECTION OF VALEN'T OR SELLER, THE REPLACEMENT
OF THE PRODUCT.

PROMPT NOTICE OF CLAIM
To the extent consistent with applicable law allowing such requirements Valent must be provided notice as soon as
(continued)
Labeling Of Treated Seed

The Federal Seed Act requires that bags containing treated seed be labeled or tagged with the following information:

- This seed has been treated with *NipsIt INSIDE* Insecticide containing clothianidin.
- Do not use for feed, food, or oil processing.

In addition, the U.S. Environmental Protection Agency requires the following statements on the container of seed treated with *NipsIt INSIDE* Insecticide:

- Regardless of the type of application (seed treatment, soil or foliar) do not apply more than a total of 6 oz clothianidin (active ingredient) per acre per cropping cycle except for soybean. Regardless of the type of application (seed treatment, soil or foliar) do not apply more than a total of 3.2 oz clothianidin (active ingredient) per acre per cropping cycle for soybean.
- Rapseed grown and seed grown or harvested from *NipsIt INSIDE* Insecticide treated seed must not be used for feed or human consumption. Rapseed grown and harvested from *NipsIt INSIDE* Insecticide treated seed is only for industrial uses and cannot be used for edible oil or any human/food consumption.
- Store away from feeds and other foodstuffs.
- Wear long sleeved shirt, long pants and waterproof gloves when handling treated seed.
- Dispose of all excess treated seed. Left over treated seed may be double-sown around the headland or buried away from water sources in accordance with local requirements. Do not contaminate water bodies when disposing of planting equipment washwaters.
- Dispose of seed packaging in accordance with local requirements.
- Treated seeds exposed on soil surface may be hazardous to wildlife. Cover or collect treated seeds spilled during loading.
- Do not graze or feed soybean forage and hay to livestock.
- Areas planted with treated seed of cereal grains (except rice, sorghum, sweet corn and wild rice), popcorn, sugar beet and soybean may be replanted immediately with bulb vegetables, canola, cereal grains (except rice), cotton, corn (field, pop and sweet), fruiting vegetables (including cucurbits), leafy vegetables (including brassica vegetables), rapeseed, root and tuber vegetables, sorghum, soybean and sugar beet. These areas may also be replanted after 30 days with dry beans, grasses, non-grass animal feeds and rice. These areas may also be replanted after 8 months with sugarcane. Do not plant any other crop in the treated area for at least one year after these treated seeds are planted.
- Areas planted with treated seed of canola, rapeseed, sorghum and sweet corn may be replanted immediately with bulb vegetables, canola, cereal grains (except rice), cotton, corn (field, pop and sweet), fruiting vegetables (including cucurbits), leafy vegetables (including brassica vegetables), rapeseed, root and tuber vegetables, sorghum, soybean and sugar beet. These areas may also be replanted after 30 days with dry beans, grasses, non-grass animal feeds and rice. Do not plant any other crops in the treated area for at least 4 months after these treated seeds are planted.

### RESISTANCE MANAGEMENT

*NipsIt INSIDE* Insecticide is a neonicotinoid and a Group 4A Insecticide. Insect biotypes with acquired resistance to Group 4A insecticides may eventually dominate the insect population if Group 4A insecticides are used repeatedly in the same field or in successive years as the primary method of control for targeted species. This may result in partial or total loss of control of those species by *NipsIt INSIDE* Insecticide or other Group 4A insecticides. Valent U.S.A. Corporation strives to maintain strong stewardship of this product by recommending that its use be coordinated in a planned resistance management strategy program established for the specific crop and area. Contact your local extension specialist, certified crop advisors and/or manufacturer for insecticide resistance management or IPM recommendations for the specific site and resistant pest problems.

For further information or to report suspected resistance, you may contact Valent U.S.A. Corporation at 1-800-662-5368.

### DIRECTIONS FOR USE

**RESTRICTIONS**

*NipsIt INSIDE* Insecticide must be used only in accordance with specifications on this label utilizing commercial liquid or slurry seed treatment equipment to secure proper application. Always mix product thoroughly before use.

As stated by regulations specified in 40 CFR 153.155, all seed treated with *NipsIt INSIDE* Insecticide must be colored and an EPA-approved dye or colorant to visually distinguish seed treated with a pesticide. It is mandatory that such dye or colorant be added into the slurry mixture containing *NipsIt INSIDE* Insecticide, prior to application through commercial seed treatment equipment. This regulation is necessary to prevent treated seed from accidental use as a food for man or feed for animals.

### NO AMENDMENTS

Valent and Seller offer this product, and Buyer accepts it, subject to the foregoing Disclaimer, Risks of Using This Product, Limited Warranty and Limitation of Liability, which may not be modified by any oral or written agreement.

### TANK MIXES

Notice: Tank mixing or use of this product with any other product which is not specifically and expressly authorized by the label shall be the exclusive risk of user, applicator and/or application advisor.

Read and follow the entire label of each product to be used in the tank mix with this product.

**USE INFORMATION**

*NipsIt INSIDE Insecticide (clothianidin) is a systemic insecticide seed treatment providing seed and seedling protection against listed soil insects and early-season foliar insects of barley, buckwheat, canola/rapeseed*, leek, pearl millet, popcorn, proso millet, oats, rye, sorghum*, soybean*, sugar beet, sweet corn, teosinte, triticale and wheat. **

Accurate application of NipsIt INSIDE Insecticide to seed is required for control of pests. Application to seed by commercial seed treatment equipment utilizing standard liquid or slurry treaters, is necessary. Thoroughly mix NipsIt INSIDE Insecticide prior to use or use entire container at one time. **Pre-test tank mixtures with other seed treatment products to verify formulation compatibility and to assure proper physical compatibility of products. Be aware of limitations or cautions documented on labels of all products used in a seed treatment mixture.** *Not for use in California

**STORAGE AND DISPOSAL**

Do not contaminate water, food or feed by storage and disposal.

**PESTICIDE STORAGE**

Store in a dry place away from excessive heat.

Do not store near food or feed.

Store in original container only.

To close package, replace and tighten cap to form an airtight seal.

**PESTICIDE DISPOSAL**

Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility.

**CONTAINER HANDLING**

Nonrefillable container. Do not reuse or refill this container. Clean container promptly after emptying. Triple rinse as follows: Empty the remaining contents into application equipment or a mix tank and drain for 10 seconds after the flow begins to drip. Fill the container 1/4 full with water and recap. Shake for 10 seconds. Pour rinsate into application equipment or a mix tank or store rinsate for later use or disposal. Drain for 10 seconds after the flow begins to drip. Repeat this procedure two more times. Offer for recycling, if available; otherwise dispose of in a sanitary landfill or incineration, or, if allowed by State and local authorities, by burning. If burned, stay out of smoke.

PERSONAL PROTECTIVE EQUIPMENT (PPE)
Some of the materials that are chemical-resistant to this product are listed below. If you want more options, follow the instructions for category A on an EPA chemical-resistance category selection chart.

Applicators and other handlers must wear: Long-sleeved shirt and long pants, shoes plus socks and chemical-resistant gloves made of any waterproof material such as Natural Rubber ≥ 14 mils.

Follow manufacturer’s instructions for cleaning/maintaining PPE. If there are no such instructions for washables, use detergent and hot water. Keep and wash PPE separately from other laundry.

USER SAFETY RECOMMENDATIONS
Users should:
• Wash hands before eating, drinking, chewing gum, using tobacco or using the toilet.
• Remove clothing/PPE immediately if pesticide gets inside. Then wash thoroughly and put on clean clothing.
• Remove PPE immediately after handling this product. Wash the outside of gloves before removing. As soon as possible, wash thoroughly and change into clean clothing.

ENVIRONMENTAL HAZARDS
This product is toxic to aquatic invertebrates. Contain product spillage and equipment leaks, disposing of wastes according to disposal instructions provided in this label. Do not contaminate water when disposing of equipment washwater or rinsate. Cover or incorporate spilled treated seed.

DIRECTIONS FOR USE
It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

READ ENTIRE LABEL. USE STRICTLY IN ACCORDANCE WITH PRECAUTIONARY STATEMENTS AND DIRECTIONS AND WITH APPLICABLE STATE AND FEDERAL REGULATIONS.
Do not apply this product in a way that will contact workers or other persons, either directly or through drift. Only protected handlers may be in the area during application. For any requirements specific to your State or Tribe, consult the State or Tribal agency responsible for pesticide regulation.

For complete directions for use, disclaimer and storage and disposal see pamphlet.

RISK MANAGEMENT
NipsIt INSIDE Insecticide is a microencapsulated and sugar-free M4 Insecticide. It is designed to be applied as a seed treatment to provide protection against certain insect pests in the seedling and early plant growth stages. It is not a systemic insecticide, and therefore cannot be transported in the plant to protect later-stage plants. NipsIt INSIDE Insecticide is designed to be applied to individual seed in the field. Insecticidal seed treatments are designed to protect the germinating seedling. NipsIt INSIDE Insecticide is intended to be used in conjunction with other appropriate cultural, mechanical, or chemical practices recommended by the local agricultural community and/or proper use of IPM tools.

FEDERAL REGISTRATION
EPA Reg. No. 59639-151

KEEP OUT OF REACH OF CHILDREN
Caution see below for precautionary statements

KEEP OUT OF REACH OF ANIMALS

NOTE: This product is toxic to aquatic life and may persist in the environment. It is recommended to prevent drift by marking the field, using suitable equipment, and using protective clothing and equipment.

PRODUCT SIZE: 12 Gallons
LABEL SIZE: 11.3" x 5.25" in

USER SAFETY RECOMMENDATIONS

When used according to label directions, NipsIt INSIDE Insecticide provides protection against listed pests. NipsIt INSIDE can be used in combination with other integrated pest management (IPM) tools, such as cultural practices, mechanical practices, and/or application of an appropriate pesticide. NipsIt INSIDE Insecticide alone or in combination with other commercial seed treatment products (except seed treatments containing organophosphates or pyrethroids) is recommended for the control of seedcorn maggot and some seedcorn pest species.

STORAGE AND DISPOSAL

STORAGE

This product is for use with non-irrigated crops. It is not for use with crops that require irrigation. It is not for use with crops where water is to be applied after planting or after emergence of seedlings. Use this product only in accordance with the label instructions and following the instructions in the products' respective product information sheets. Refer to local government agencies or organizations for information that may be applicable to a specific area.

FURTHER USE INSTRUCTIONS

table. Use is restricted to non-irrigated crops and non-harvested field. Do not use on any crop that is to be harvested for human food. It is not for use with any crop that is to be harvested for animal feed. It is not for use with crops intended for processing or planting for use as field crop, pasture crop, or feed crop.

NipsIt INSIDE®
Insecticide

An insecticide formulated to provide systemic control of seed and soil pests.

INSECTICIDE FORMULATION:
Product is a systemic seed treatment and soil insecticide. Contents active ingredient as clothianidin. Store product at recommended temperatures. Do not use product after the expiration date. Use product according to label instructions.

USES:
- Control soil-feeding insects and seed pests
- Protect crops from early-season soil and seed pests

PRECAUTIONARY STATEMENTS:
- Read the entire label before use. The product contains clothianidin, a systemic insecticide not approved for soil use or aerial application. The product is intended for application exclusively to seed or soil, not to plants or foliage. Do not handle the product with bare hands. Wash hands after handling the product.
- Avoid contact with eyes, skin, and clothing.
- Use personal protective equipment (PPE) as recommended on the label. Wear protective clothing, including long-sleeved shirts, long pants, gloves, and respirators. Do not eat, drink, or smoke while using the product.
- Keep the product out of the reach of children.
- If you come into contact with the product, wash your hands and clothes thoroughly with soap and water. If you inhale or swallow the product, seek medical attention immediately.

DIRECTIONS FOR USE:
- Apply the product according to the label instructions. Ensure proper mixing and application techniques.
- Follow the recommended application rates and timing to achieve the desired control.
- Avoid applying the product under adverse weather conditions, such as high temperatures or high winds.

TREATMENT INFORMATION:
- For further information, contact Valent U.S.A. at 1-800-725-8155 or valentusa.com.

SAFETY INSTRUCTIONS:
- Keep the product away from children and pets.
- Do not apply the product unless it is recommended for use in your area.
- If you have any questions or concerns, contact Valent U.S.A.

LIMITED WARRANTY:
- Valent warrants the product to be free from defects in material and workmanship. If any product is defective, you may return it to the place of purchase for replacement or refund.

AND LIMITATION OF LIABILITY:
- Valent shall not be liable for any loss or damage resulting from the use of the product, including, but not limited to, injury to persons or property, consequential or incidental losses, or any other losses or damages.

INSTRUCTIONS FOR USERS:
- For further information or to report suspected resistance, you may contact Valent U.S.A. at 1-800-725-8155 or valentusa.com.

STORAGE AND DISPOSAL:
- Store the product in a cool, dry, well-ventilated place. Do not store the product near food or feed.
- Do not apply the product unless it is recommended for use in your area.

FURTHER USE:
- Do not use the product unless it is recommended for use in your area.
