**First Aid**

IF IN EYES: Hold eye open and rinse slowly and gently with water for 15 to 20 minutes. Remove contact lenses, if present, after the first 5 minutes, and continue rinsing eye. Call a poison control center or doctor for treatment advice.

IF ON SKIN: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15 to 20 minutes. Call a poison control center or doctor for treatment advice.

IF SWALLOWED: Call a poison control center or doctor immediately for treatment advice. Have the person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give anything by mouth to an unconscious person.

IF INHALED: Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible. Call a poison control center or doctor for further treatment advice.

**General Information**

SPRAY-RITE is a specially formulated blend of water conditioning and acidifying agents intended for use with a variety of pesticide or nutrient applications that recommend lower pH water and ammonium sulfate as a tank mix additive. SPRAY-RITE is a water-soluble powder that readily goes into solution. SPRAY-RITE improves pesticide performance by conditioning and acidifying tank mix water. The ammonium sulfate ingredient prevents hard water antagonism from water impurities such as iron, calcium and magnesium. Certain herbicides, fungicides and insecticides perform more effectively at lower pH ranges. Spray-Rite is compatible with all glyosphate formulations and with a range of drift retardants and nonionic surfactants and is approved for aquatic use.

**Storage and Disposal**

Prohibitions: Do not contain water, food or feed by storage or disposal.

Storage: Store in cool, dry place in original unopened container.

Disposal: Do not reuse empty container. Triple rinse (or equivalent) during mixing and loading, Recycling decontaminated containers is the best option of container disposal. The Agricultural Container Recycling Council (ACRC) operates the national recycling program. To contact your state and local ACRC recycle visit the ACRC web page at www.acrcycle.org. Decontaminated containers may also be disposed of in a sanitary landfill.

**Principal Functioning Agents**

Ammonium sulfate, 2-hydroxy-1,2,3-propanetriol, carboxylic acid (98.99%) Constituents ineffective as a spray adjuvant 0.01%

Total (under 4% of total formula) 100.00%

At a rate of 4 pounds per 100 gallons of a spray, Spray-Rite provides 0.24% by weight of ammonium sulfate. All ingredients in this product are exempted from a tolerance under 40 CFR 180.

**CA Reg. No.: 7001-50627**

**WA Reg. No.: 7001-09003**

**KEEP OUT OF REACH OF CHILDREN**

**CAUTION**

**Precautionary Statement**

Causes moderate eye irritation. Harmful if swallowed, inhaled, or absorbed through the skin. Avoid contact with skin, eyes or clothing. Avoid breathing spray mist. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum or smoking tobacco. Remove and wash contaminated clothing before reuse.

**Personal Protective Equipment:** Wear chemical-resistant gloves, long-sleeved shirt and long pants and shoes plus socks.
