DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling. This label must be in the possession of the user at all times during application.

FOR MORE DETAILED INSTRUCTIONS CONTACT THE SHEDDEN-WILLIAMS COMPANY.

THE SURFACE MUST BE FREE OF ALL SURFACE CONTAMINATION AND MOISTURE BEFORE APPLICATION OF PRIMER OR ANTI-FOULING PAINTS.

RECOMMENDED PRIMERS: 3000 Series, 4000 Series, 5000 Series and 4018 Epoxy Primers. Apply one or more coats of epoxy primer at a minimum of 4 dry mils per coat. Anti-fouling must be applied to treat coat of epoxy while epoxy is still tacky. When epoxy can be touched firmly with the fingertips leaving an impression without having any of the epoxy adhearing to the fingertips, proper adhesion will be achieved.

OLD ANTI-FOULING: This product may be applied over most tightly adhering anti-fouling paints. If old anti-fouling is questionable, perform adhesion test. DO NOT APPLY OVER SOFT SLODDING TYPE ANTI-FOULING PAINTS.

RECOAT TIME: 2 hour minimum, if spray applied. Otherwise, 4 hour minimum. No maximum between anti-fouling paints.

APPLICATION: Apply by conventional or airless spray, Stir well before using. NOTE: Anti-fouling paints are designed to be applied at 3 to 5 dry mils or 5 to 8 wet mils per coat. If anti-fouling paint is not applied at proper mil thickness, effectiveness of the coating will be reduced.

TEMPERATURE RANGE / RELATIVE HUMIDITY RANGE: Minimum 43°F / 54%, 50%

ALUMINUM: This product is not for use on aluminum unless a minimum of 10 dry mils of epoxy primer is used and a proper amount of zinc anodes. For more information contact your Pro-Line® technical representatives.

SILICIL: Prepare surface per ASME or NACE Standards, such as SSPC-SP10, NACE 2, SSPC-SP6, NACE 3, SSPC-SP22, NACE 2, SSPC-SP11. Surface Profile Range 1.5-3.5. After surface preparation, apply Pro-Line® Epoxy Primers 3000 Series, 4000 Series, 5000 Series, or 4018, giving a total dry mil thickness of at least 15 mils.

WOOD: Over bare wood, primer is not necessary. Apply first coat of anti-fouling thinned 30% with Pro-Line® Hardener 50. Apply second coat unthinned.

LAMINAR TIME: 4 hour minimum after last coat of anti-fouling paints. (Overnight is recommended)

THICKNESS: Not recommended

This product is effective in preventing marine growth, such as barnacles, bryozoa, etc. can be used in fresh and salt water.

KEEP OUT OF REACH OF CHILDREN.

WARNING: FLAMMABLE VAPOR HARMFUL.

IRRITATES EYES, SKIN AND RESPIRATORY TRACT.

See Side Panel For Additional Precautionary Statements.

FIRST AID

IF SWALLOWED: Immediately call a poison control center or doctor. Do not attempt vomiting unless told to do so by a poison control center or doctor. Do not give any liquid to the person. Do not give anything by mouth to an unconscious person.

IF IN EYES: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor.

IF ON SKIN OR CLOTHING: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for further treatment advice.

IF INHALED: Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible. Call a poison control center or doctor for further treatment advice.

KEEP THE PRODUCT CONTAINER OR LABEL WITH YOU WHEN CALLING A POISON CONTROL CENTER OR DOCTOR, OR GOING FOR TREATMENT.

Note to Physician

Contains petroleum distillate - vomiting may cause aspiration pneumonitis.

DELAYED EFFECTS FROM LONG TERM OVEREXPOSURE.

Contains solvents which can cause permanent brain and nervous system damage. Intentional misuse by deliberately concentrating and inhaling the contents can be harmful or fatal.

PRECAUTIONARY STATEMENTS

WARNING: HAZARDS TO HUMAN AND DOMESTIC ANIMALS

HAZARDS TO HUMANS: Caustic eye irritation. Harmful if absorbed through skin. Avoid contact with skin, eyes or clothing. Wear protective clothing such as gloves, long-cleeved cotton shirt, long pants and hat. May be fatal if swallowed or inhaled. Do not breathe dust, vapor or spray mist. Wash contaminated clothing before reuse. Never give anything by mouth to an unconscious person. Call a physician immediately. Avoid storage and usage near food and feed products. When used in confined areas or while spraying and/or sanding boat surface, wear a mask or a respirator properly approved by the Mining Enforcement and Safety Administration and the National Institute for Occupational Safety and Health, under the provisions of 30 CFR 11.

ENVIRONMENTAL HAZARDS

This product is toxic to fish. Do not contaminate water, feed or food by storage of disposal. Open dumping is prohibited.

Pesticide Disposal:
Pesticide that can not be used according to label instructions must be disposed of according to federal, state or local procedures under the Resource Conservation and Recovery Act.

CONTAINER DISPOSAL: Triple rinse or incinerate. Then, after for recycling or reconditioning, or puncture and dispose of in a sanitary landfill, or by other procedures approved by state and local authorities.

STORAGE AND DISPOSAL

In not contaminate water, feed or food by storage of disposal. Open dumping is prohibited.

PHYSICAL OR CHEMICAL HAZARDS

FLAMMABLE. FLASH POINT APPROXIMATELY 49°F.

KEEP AWAY FROM HEAT AND OPEN FLAME. Pesticide, container, or rinse solution that cannot be used according to label instructions must be disposed of according to federal or approved state procedures under Subtitle C of the Resource Conservation and Recovery Act.

NOTICE: This product contains chemicals known to the State of California to cause cancer or birth defects or other reproductive harm.

**DIRECTIONS FOR USE**

It is a violation of Federal law to use this product in a manner inconsistent with its labeling. This label must be in the possession of the user at the time of pesticide application. For more detailed instructions, contact the Sherwin-Williams Company.

**THE SURFACE MUST BE FREE OF ALL SURFACE CONTAMINATION AND MOISTURE BEFORE APPLICATION OF PRIMER OR ANTI-FOULING PAINTS.**

**RECOMMENDED PRIMERS:** 3000 Series, 4000 Series, 5000 Series and 4018 Epoxy Primer. Apply one or more coats of epoxy primer at a minimum of 4 dry miles per coat. Anti-fouling must be applied to first coat of epoxy while epoxy is still tacky. When epoxy can be touched firmly with the fingernails leaving an impression without any of the epoxy adhering to the fingernails, proper adhesion will be achieved.

**OLD ANTI-FOULING:** This product may be applied over most tightly adhering anti-fouling paints. If old anti-fouling is questionable, perform adhesion test. DO NOT APPLY OVER SOFT SLoughING TYPE ANTI-FOULING PAINTS.

**RECOAT TIME:** 2 hour minimum, if spray applied. Otherwise, 4 hour minimum. No maximum between anti-fouling paints.

**APPLICATION:** Apply by conventional or airless spray. Stir well before using. **NOTE:** Anti-fouling paints are designed to be applied at 3 to 5 dry miles or 5 to 8 wet miles per coat. An anti-fouling paint is not applied at proper dry thickness, effectiveness of the coating will be reduced.

**TEMPERATURE RANGE / RELATIVE HUMIDITY RANGE:** Minimum 65°F / R.H., 50%

**ALUMINUM:** These products are not for use on aluminum unless a minimum of 13 dry miles of epoxy primer is used and a proper amount of zinc anodes. For more information contact your Pro-Line® technical representatives.

**STERN:** Prepare surface as per SSPC-SP 10 standards or SSPC-SP 9, 11. Surface Profile Range: 5-3, 5-2, 2. After surface preparation apply Pro-Line® Epoxy Primer 3000 Series, 4000 Series, 5000 Series, or 4018, giving a total dry mil thickness of at least 15 mils. **WOOD:** Over bare wood primer is not necessary. Apply first coat of anti-fouling thinned 30% with Pro-Line® Thinner #2S. Apply second coat unfilled.

**LATING TIME:** 4 hours minimum after last coat of anti-fouling paints (overnight is recommended).

**THINNING:** Not recommended.

This product is effective in preserving marine growth such as barnacles, bupes, etc.

**WARNING:** Not approved for use in marine applications only.

**NOTICE:** This product may be harmful or fatal. Environmental conditions and operator skill may affect the amount of anti-fouling paint needed. Use as little as possible. Pesticides that can not be used according to label instructions must be disposed of according to federal, state or local procedures under the Resource Conservation and Recovery Act.

**CONTAINER DISPOSAL:** Triple rinse or regenerate, then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill, or by other procedures approved by state and local authorities.

**STORAGE AND DISPOSAL**

Do not contaminate water, food or feed by storage or disposal. Open dumping is prohibited.

**PESTICIDE DISPOSAL:** Pesticide that can not be used according to label instructions must be disposed of according to federal, state or local procedures under the Resource Conservation and Recovery Act.

**WARNING:** Keep out of reach of children.

**KEEP OUT OF REACH OF CHILDREN**

**WARNING:** Flammable! Vapor harmful. Irritates eyes, skin and respiratory tract. See Side Panel For Additional Precautionary Statements.

**FIRST AID**

**IF SWALLOWED:** Immediately call a poison control center or doctor. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give any liquid to the person. Do not give anything by mouth to an unconscious person.

**IF IN EYES:** Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes. Then continue rinsing eyes. Call a poison control center or doctor.

**IF ON SKIN OR CLOTHING:** Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for further treatment advice.

**IF INHALED:** Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respirations, preferably by mouth-to-mouth, if possible. Call a poison control center or doctor for further treatment advice. Have the product container or label with you when calling a poison control center, doctor, or hospital for treatment advice.

**Note to Physician**

Contains petroleum distillate—vomiting may cause aspiration pneumonia.

**DELAYED EFFECTS FROM LONG TERM OVEREXPOSURE**

Contains solvents which can cause permanent brain and nervous system damage. Intentional misuse by deliberately concentrating and inhaling the contents can be harmful or fatal.

**PRECAUTIONARY STATEMENTS**

**WARNING:** Hazards to human and domestic animals.

**HAZARDS TO HUMAN:** Causes eye irritation. Harmful if inhaled. Avoid contact with skin, eyes or clothing.

**HAZARDS TO DOMESTIC ANIMALS:** Avoid contact with pets and livestock; keep them away until area is well vented or aired. Do not spread dust, vapor or spray mist. Wash contaminated clothing before reuse. Never give anything by mouth to an unconscious person. Call a physician immediately.

**ENVIRONMENTAL HAZARDS**

This product is toxic to fish. Do not contaminate water by dispersing of equipment or disposal of wastes. Do not allow chips and dust generated during paint removal to enter waters. Dispose waste debris in an approved landfill.

**PHYSICAL OR CHEMICAL HAZARDS**

**CLASSIFICATION:** Flammable, Flash Point APPROXIMATELY 90°F. Keep away from heat and open flame. Pesticide, container or rinse solution that cannot be used according to label instructions must be disposed of at federal or approved state footings under Subtitle C of the Resource Conservation and Recovery Act.

**WARNING:** May be harmful or fatal. Do not contaminate water, food or feed by storage or disposal. Open dumping is prohibited.

**PESTICIDE DISPOSAL:** Pesticide that can not be used according to label instructions must be disposed of according to federal, state or local procedures under the Resource Conservation and Recovery Act.

**CONTAINER DISPOSAL:** Triple rinse or regenerate. Then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill, or by other procedures approved by state and local authorities.
