BLACK FLAG

FOGGING INSECTICIDE
Formula 2

Kills Mosquitos & Biting Flies

Also for use in Burgess
Insect Foggers

ACTIVE INGREDIENTS:
3-Phenoxybenzyl-(1RS, 3RS, 1RS, 3SR)-2,2-dimethyl-3-(2-methylprop-1-enyl)cyclopropanecarboxylate...........................................0.15%
* Piperonyl Butoxide, Technical..........................................................0.15%
** OTHER INGREDIENTS..........................................................99.70%
100.00%

* Equivalent to 0.12% (butylcarbityl) (6-propylpiperonyl) ether and 0.03% related compounds
** Contains petroleum distillate

KEEP OUT OF REACH OF CHILDREN
CAUTION

**DIRECTIONS FOR USE**

It is a violation of Federal law to use this product in a manner inconsistent with its labeling. This product is designed for use in all Black Flag or Burgess thermal powered foggers. Use Black Flag Fogging Insecticide Formula 2 to kill mosquitoes that may carry West Nile Virus & Biting Flies including house flies, stable flies, black flies and biting midges. Works in and around your garden, lawn, deck, patio or swimming pool. When used in Black Flag or Burgess thermal foggers, Black Flag Fogging Insecticide Formula 2 becomes a virtually odor-free fog that moves through the air to penetrate dense foliage to kill listed insects where they live and hide.

**GENERAL PRECAUTIONS AND RESTRICTIONS.** Do not allow adults, children or pets to enter until vapors and aerosols have dissipated. Do not apply this product in a way that will contact adults, children or pets either directly or through drift. Do not remain in treated area. Exit area immediately and remain outside the treated area until vapors, vapors and/or mists have dissipated. Remove or cover exposed food and drinking water before application. Do not apply directly to or near water, storm drains, or drainage ditches. Do not cover when windy. To prevent product run-off, do not apply in treated areas or apply prior to any heavy rainfall. Do not apply more than 1 time per day.

**WHEN AND HOW TO FOG.**

1. Fog in late afternoon or early dawn when wind is calm and insect activity is increasing. Do not treat if wind is greater than 5 mph because the fog will dissipate too quickly.
2. Pour Black Flag Fogging Insecticide Formula 2 undiluted into the Black Flag or Burgess thermal fogger.
3. Fog at the rate of 1.5 fluid ounces per 1000 sq ft (a 25 x 40' area) [0.75 fluid ounces per 500 sq ft (a 25' x 20' area)]. For best results, thoroughly fog shrubs, groundcovers, and lawn areas surrounding the areas you wish to affect. Do not wet plants to point of runoff or drip. Allow the fog to penetrate foliage where mosquitoes and biting flies rest. Create a "fogged buffer zone" as your space allows. Apply one pump of the fogger trigger every 3 to 4 seconds to obtain the best fog quality. It will take approximately 30 pumps of the fogger trigger to fog 1800 sq ft [15 pumps of the fogger trigger to fog 500 sq ft]. A 5,000 sq ft lawn and garden area can be treated in 10 minutes. 1 qt of product will be required to treat 1/2 acre.

**STORAGE AND DISPOSAL.** Do not contaminate water, food, or feed by storage or disposal.

**PESTICIDE STORAGE.** Store in a cool, dry area. Always store pesticides in the original container. Store away from food and pet food.

**PESTICIDE DISPOSAL AND CONTAINER HANDLING.** Nonrefillable container. Do not reuse or refill this container.

- If Empty—Place in trash or offer for recycling if available.
- If Partially Filled—Call your local solid waste agency for disposal instructions. Never place unused product down any indoor or outdoor drain.

**PRECAUTIONARY STATEMENTS.**

**HAZARDS TO HUMANS AND DOMESTIC ANIMALS.**

**CAUTION:** Harmful if absorbed through the skin. Causes moderate eye irritation. Do not get on skin, in eyes or on clothing. Wear protective eyewear such as goggles, face shield or safety glasses. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco or using the toilet. Remove and wash contaminated clothing before reuse.

**USER SAFETY RECOMMENDATIONS:** User should remove clothing immediately if pesticide gets inside. Then wash thoroughly and put on clean clothing.

**ENVIRONMENTAL HAZARDS:** This product is toxic to aquatic organisms, including fish and invertebrates. Do not apply directly to or near water. Drift and runoff may be hazardous to fish in waters adjacent to treated areas. Do not contaminate water when disposing of equipment wash waters or rinsates. See directions for use for additional precautions and requirements.

**PHYSICAL OR CHEMICAL HAZARDS:** Do not use or store near heat or open flame.

**FIRST AID.**

**IF SWALLOWED:** Immediately call a poison control center or doctor. Do not give any liquid to the person. Do not induce vomiting unless told to do so by a poison control center or a doctor. Do not give anything by mouth to an unconscious person.

**IF ON SKIN OR CLOTHING:** Take all contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice.

**IF IN EYES:** Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eyes. Call a poison control center or doctor for treatment advice.

**NOTE TO PHYSICIAN:** Contains petroleum distillate - vomiting may cause aspiration pneumonia. Have the product container or label with you when calling a poison control center or doctor, or guiding for treatment. For information regarding medical emergencies or pesticide incidents, call 1-800-748-0171.

**For Outdoor Residential Use Only**

Do not use indoors or in enclosed spaces.
