KEEP OUT OF REACH OF CHILDREN

DANGER

Contamination or improper use may cause fire or explosion or the release of toxic gases. Do not allow product to contact any foreign matter, including other water treatment products. If product is exposed to small amounts of water, it can react to cause explosion or the release of toxic gases. Do not add water to this product. Add only into water. Do not remove floater or other dispensing device from water for an extended period of time if it contains a tablet or tablet residue. Do not mix this product with a small amount of water. Only add directly to your pool. Corrosive. Causes irreversible eye damage and skin burns. May be fatal if inhaled or absorbed through skin. Harmful if swallowed. See back panel for additional precautionary statements.

KILLS BLACK ALGAE FOR WHITE PLASTER POOLS ONLY

ACTIVE INGREDIENT: Trichloro-s-Triazinearene . 99%
OTHER INGREDIENTS: ................................................1%
TOTAL: .................................................................100%
Available Chlorine: .................................................90%

NET WEIGHT: 8 LBS - 3.62 KG
Sold by weight, not volume

FIRST AID:

IF IN EYES: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice. IF ON SKIN OR CLOTHING: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice. IF INHALED: Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth if possible. Call a poison control center or doctor for further treatment advice. IF SWALLOWED: Call a poison control center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give anything by mouth to an unconscious person. Have the product container or label with you when calling a poison control center or doctor, or going for treatment.

NOTE TO PHYSICIAN: Probable mucous damage may contraindicate the use of gastric lavage.

IN CASE OF EMERGENCY CALL: 1-800-654-6911.
KILLS BLACK ALGAE
FOR WHITE PLASTER POOLS ONLY

DIRECTIONS FOR USE: It is a violation of Federal law to use this product in a manner inconsistent with its labeling. READ ALL PRECAUTIONARY STATEMENTS BEFORE USE.

WHY YOU SHOULD USE THIS PRODUCT: This product will kill and help prevent future growth of black algae. It is most effective when used in conjunction with GLB pool care products.

Note: Use only on white plaster pool surfaces. If used on any other color surface, bleaching or damage to the pool may occur.

1. To provide optimum product performance, swimmer comfort and crystal clear water, always maintain pH from 7.2 to 7.8, total alkalinity from 80 to 120 parts per million (ppm) and calcium hardness above 200 ppm. Test frequently using a reliable test kit that measures all of the above ranges. Adjust with the appropriate product.
2. Do not use pool while it is being treated.
3. Turn off the filter pump before beginning application.
4. Sprinkle this product directly over those areas where algae appear. Use up to 1 pound per 10,000 gallons (12 ppm) of pool water. For severe cases, the dosage may be doubled.
5. The filter pump can be turned on after this product has been in the pool for at least 8 hours.
7. Repeat the above treatment if necessary.
8. Do not use the pool until the chlorine residual has dropped to 4 ppm or less as determined by a suitable test kit.
9. Adjust the pH to 7.2-7.6.
10. Maintain the chlorine residual at 1-4 ppm.
11. Do not allow this product to get damp or wet before use. Do not allow this product to contact other water treatment products.
12. Do not pre-mix this product. Only add this product directly to your pool.

FOR SWIMMING POOL ALGAEKIDS:
When used as directed, this product kills algae and will rid your pool of unsightly algae spots. Use this product only in WHITE PLASTER POOLS. DO NOT USE this product in painted, vinyl lined, fiberglass or colored plaster surface pools as damage may occur to the pool surface. Read entire label and use strictly in accordance with the precautionary statements and directions. Before using this product, shut off pump and brush all surface clinging algae. Wait four hours for the water to become stationary before product application. At night or when the pool is not in use, broadcast this product directly into the water in the deep end of the pool. Use two pounds of this product per 10,000 gallons for medium to heavy algae growth and one pound per 10,000 gallons for light algae growth. Twelve to twenty-four hours after chemical treatment, turn pump on and vacuum dead algae through the filter. Brush any remaining algae and clean backwash filter. If algae is still visible, repeat treatment.

PRECAUTIONARY STATEMENTS - HAZARDS TO HUMANS AND DOMESTIC ANIMALS:
DANGER: CORROSIVE. Causes irreversible eye damage and skin burns. May be fatal if inhaled or absorbed through the skin. Harmful if swallowed. Irritating to nose and throat.
• Do not get in eyes, on skin, or clothing.
• Wear safety glasses or goggles and rubber gloves when handling this product. For additional protection of skin, wear long sleeves and long pants.
• Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco or using the toilet.
• Keep in a well-ventilated area. Do not breathe dust or fumes.
• Remove and wash contaminated clothing before reuse.

PHYSICAL AND CHEMICAL HAZARDS:
DANGER: If product is exposed to small amounts of water, it can react to cause explosion or the release of toxic gases. Do not add water to this product. Add only into water.
• Do not allow to become wet or damp before use.
• Do not remove float or other dispensing device from water for an extended period of time if it contains a tablet or tablet residue.
• Can react with other materials, including other water treatment products, to cause fire, explosion, and the release of toxic gases.
• Keep all foreign matter, including other water treatment products, away from this product.
• Do not use this product in a dispensing device that has been used with any other product.
• Do not allow this product to contact other water treatment products. Strong oxidizing agent. This product can increase fire intensity.
• Keep away from heat and from flame and burning material (like a lighted cigarette).

ENVIRONMENTAL HAZARDS: This pesticide is toxic to fish and aquatic organisms.

STORAGE AND DISPOSAL:
Keep this product dry in its tightly closed container when not in use. Store in a cool, dry, well-ventilated area. Keep away from heat or open flame. Nonrefillable container. Do not reuse or refill this container. Rinse empty container thoroughly with water to dissolve all material prior to disposal. Offer for recycling if available. Do not contaminate food or feed by storage or disposal or cleaning of equipment. FOR DISPOSAL OF A CONTAMINATED OR DECOMPOSING PRODUCT SEE EMERGENCY HANDLING.

EMERGENCY HANDLING: In case of contamination or decomposition - Do not reuse container. Immediately remove container to an open and well-ventilated outdoor area by itself. Flood with large amounts of water. Dispose of the container and any remaining contaminated material in an approved landfill area.
