A seed treatment for disease control and plant health in cotton and soybean

Active Ingredient:
pyraclostrobin: (carbamic acid, [2-[1-(4-chlorophenyl)-1H-pyrazol-3-yl]oxy]methyl)phenyl)methoxy-, methyl ester)

Other Ingredients:

Total:

*Equivalent to 1.67 pounds of pyraclostrobin per gallon.

EPA Reg. No. 7969-266-524
EPA Est. No. 51036-GA-001

(Estas [First Aid], Precautionary Statements, Directions for Use, Conditions of Sale and Warranty, and state-specific crop and/or use site restrictions, in case of an emergency endangering life or property involving this product, call day or night 1-314-694-4000)

Net Contents: 1.25 gallons

Packaged For: Monsanto Company • 800 N. Lindbergh Blvd. • St. Louis, Missouri 63167 • 1-314-694-4000
Personal Protective Equipment (PPE)

Applicators and other handlers must wear:

• Applicators and handlers must wear:
• Shoes plus socks
• Chemical-resistant gloves made of any waterproof material (such as neoprene) or Nitrile Rubber

In case of large-scale spillage regarding this product, call:

• Monsanto Company 1-866-494-4000

FIRST AID

IF INHALED

• Move person to fresh air.

IF IN EYES

• Hold eyes open and rinse slowly and gently with water for 15 to 20 minutes. Remove contact lenses, if present, after first 5 minutes; then continue rinsing eyes.

IF ON SKIN

• Rinse skin immediately with plenty of water for 15 to 20 minutes. Take off contaminated clothing.

• Wash hands immediately with plenty of water for 15 to 20 minutes. Call a poison control center or doctor for further treatment advice.

DO NOT induce vomiting unless told to do so by a poison control center or doctor.

Storage and Disposal

DO NOT contaminate water, food, or feed storage or disposal facilities with this product. DO NOT apply this product in a way that will contaminate water, food, or feed storage or disposal facilities. DO NOT place this product in precipitation runoff areas or on the ground. DO NOT contaminate water, food, or feed storage or disposal facilities with this product. DO NOT contaminate water, food, or feed storage or disposal facilities with this product. DO NOT contaminate water, food, or feed storage or disposal facilities with this product. DO NOT contaminate water, food, or feed storage or disposal facilities with this product.

Application Instructions

This product is used in both commercial seed treatment facilities and on-farm systems. Apply this product as a water-based mixture using standard spray or drop-type seed treatment application equipment. The exact amount of water needed to provide the mixture or slurry per 1,000 lbs (454 kg) of seed will vary, depending on the method used to prepare the mixture and the size of equipment used. When mixing this product with other seed treatments, test the compatibility prior to use by conducting a jar test as follows:

1. Mix all intended seed treatments with the appropriate amount of water in a clear glass container.
2. Mix well and allow for one hour.
3. Check and observe for incompatibility.

Physical compatibility is only part of compatibility. Testing also needs to be done with the seed to make sure the combination of products does not have detrimental effects on the seed.

Tank Mixing Instructions

1. Add 1/4 of the required amount of water to the tank and turn on the agitation. Mechanical agitation is preferred.
2. Use the following mixing sequence: dye or colorant, wettable powders, soluble powders, flowable formulations, emulsifiable concentrates, and remaining 1/4 of the required water. The 1/4 of the required water as the last item for addition to the premix tank can be used as a rinse for the chemical container or to adjust the total duty to compensate for water displacement by the chemical.
3. Maintain agitation until the entire slurry mixture has been used.

4. Ensure that seed is dry prior to bagging.

Conditions of Sale and Warranty

To the extent consistent with applicable law, Monsanto Company and the Seller disclaim any liability for consequential, exemplary special or indirect damages resulting from the use or handling of this product.

Monsanto Company and the Seller offer the product, and the Buyer and User accept it, subject to the foregoing Conditions of Sale and Warranty, and the conditions set forth in the TANK MIX PARTNERS: accelerated dissolution and seed treatment instructions.
KEEP OUT OF REACH OF CHILDREN
CAUTION/PRECAUCION

Si usted no entiende la etiqueta, busque a alguien para que se la explique a usted en detalle.

(If you do not understand this label, find someone to explain it to you in detail)

See attached booklet for complete First Aid, Precautionary Statements, Directions For Use, Conditions of Sale and Warranty, and state-specific crop and/or use site restrictions. Precautionary Statements: Hazards to Humans and Domestic Animals. Caution. Harmful if swallowed. Avoid contact with skin or clothing. Environmental Hazards: This product is toxic to fish and aquatic invertebrates. DO NOT discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans, or other waters unless in accordance with the requirements of a National Pollutant Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. DO NOT discharge effluent containing this product to sewer systems without previously notifying the local sewage treatment plant authority. For guidance, contact your State Water Board or the regional office of the EPA. Do not contaminate water when disposing of equipment washwaters.

First aid: if swallowed: Call a poison control center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give anything by mouth to an unconscious person. If on skin or clothing: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15 to 20 minutes. Call a poison control center or doctor for treatment advice. If in eyes: Hold eyes open and rinse slowly and gently with water for 15 to 20 minutes. Remove contact lenses, if present, after first 5 minutes; then continue rinsing eyes. Call a poison control center or doctor for treatment advice. If inhaled: Move person to fresh air. If person is not breathing, call 911 or an ambulance; then give artificial respiration, preferably by mouth to mouth, if possible. Call a poison control center or doctor for further treatment advice.

Hotline number: Have the product container or label with you when calling a poison control center or doctor or going for treatment. You may also contact Monsanto Company for emergency medical treatment information: 1-314-694-4000. Storage and Disposal: DO NOT contaminate water, food, or feed by storage or disposal. Pesticide Storage: Store in original containers only. Keep container closed when not in use. Pesticide Disposal: Wastes resulting from using this product may be disposed of on-site or at an approved waste disposal facility. If these wastes cannot be disposed of according to label instructions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste representative at the nearest EPA Regional Office for guidance. Container Handling: Nonrefillable Container. DO NOT reuse or refill container. Triple rinse or pressure rinse container (or equivalent) promptly after emptying, then offer for recycling, if available, or reconditioning, if appropriate, or puncture and dispose of in a sanitary landfill, or by incineration, or by other procedures approved by state and local authorities. See attached booklet for complete container disposal directions including triple rinsing and pressure rinsing instructions.
