FIRST AID

IF SWALLOWED
- Call a poison control center or doctor immediately for treatment advice.
- Give 1 to 2 cups of water or milk to drink. If patient is unconscious, give by stomach tube if available, not by mouth.
- DO NOT give anything by mouth to an unconscious person.

IF IN EYES
- Hold eyes open and rinse slowly and gently with water for 15 to 20 minutes. Stay with eyes open if possible.
- Remove contact lenses, if present, after 5 minutes. Continue rinsing eyes.
- Call a poison control center or doctor for treatment advice.

IF INHALED
- Move person to fresh air if possible. If person is not breathing, call 911 or an emergency; otherwise, give artificial respiration; preferably by mouth to mouth, if possible.
- Call a poison control center or doctor for further treatment advice.

DIRECTIONS FOR USE

1. Exposure to normal use may cause the product to be in a condensed or gaseous state.

2. Exposure to accidental user may cause the product to be in a liquid or gas state.

3. Exposure to normal use may cause the product to be in a solid state.

4. Exposure to accidental user may cause the product to be in a liquid state.

5. Exposure to normal use may cause the product to be in a gas state.

6. Exposure to accidental user may cause the product to be in a liquid state.

7. Exposure to normal use may cause the product to be in a solid state.

8. Exposure to accidental user may cause the product to be in a liquid state.

9. Exposure to normal use may cause the product to be in a gas state.

10. Exposure to accidental user may cause the product to be in a liquid state.

ACTIVE INGREDIENT:
pyraclostrobin [(2R,5R)-5-(1-(4-chlorophenyl)-1H-pyrazol-3-yl)oxy]methyl(phenyl)methoxy- methyl ester] ........................................ 16.4%
OTHER INGREDIENTS: .......................................................................................... 81.6%
TOTAL: .............................................................................................................. 100.0%
* Equivalent to 1.67 pounds of pyraclostrobin per gallon formulated as a flowable concentrate for seed treatment.

KEEP OUT OF REACH OF CHILDREN
CAUTION/PRECAUCIÓN
Si usted no entiende la etiqueta, busque a alguien para que se la explique a usted en detalle.

See inside for complete First Aid, Precautionary Statements, Directions For Use, Conditions Of Sale and Warranty, and state-specific crop and/or use site restrictions. Precautionary Statements: Hazards to Humans and Domestic Animals, CAUTION: Harmful if swallowed. Avoid contact with skin or clothing. Environmental Hazards: This product is toxic to fish and aquatic invertebrates. DO NOT discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans, or other waters unless in accordance with the requirements of a National Pollutant Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. DO NOT discharge effluent containing this product to sewer systems without previously notifying the local sewage treatment plant authority. For guidance, contact your State Water Board or the regional office of the EPA. DO NOT contaminate water when disposing of equipment wash water or rinsates. FIRST AID: IF SWALLOWED: Call a poison control center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. DO NOT induce vomiting unless told to do so by a poison center or doctor. DO NOT give anything by mouth to an unconscious person. IF ON SKIN OR CLOTHING: Take off contaminated clothing. Rinse skin immediately with plenty of water for at least 15 to 20 minutes. Remove contact lenses, if present, after first 5 minutes, then continue rinsing eyes. Call a poison control center or doctor for further treatment advice. IF IN EYES: Hold eyes open and rinse slowly and gently with water for 15 to 20 minutes. Remove contact lenses, if present, after first 5 minutes, then continue rinsing eyes. Call a poison control center or doctor for further treatment advice. IF INHALED: Move person to fresh air. If person is not breathing, call 911 or an ambulance; then give artificial respiration, preferably by mouth to mouth, if possible. Call a poison control center or doctor for further treatment advice. IF HYPERTERMIA: Call a poison control center or doctor for further treatment advice. HOTLINE NUMBER: Have the product container or label with you when calling a poison control center or doctor or going for treatment. In case of medical emergency involving this product, call Monsanto Company at 1-877-775-8787 (call collect) or 1-916-694-4000 (call collect) or 911. STORAGE AND DISPOSAL: DO NOT contaminate water, food, or feed by storage or disposal. Pesticide Storage: Store in original container only. Keep container closed when not in use. Do NOT store near food or feed. Pesticide Disposal: To avoid pesticide waste, use all material in this container by application according to label directions. If pesticide waste cannot be avoided, offer remaining product to a waste disposal facility or pesticide disposal program (often such programs are run by state or local governments or by industry). Container Handling: Nonrefillable Container. DO NOT reuse or refill this container. Triple rinse or pressure rinse container (or equivalent) promptly after emptying; then offer for recyling, if available, or reconditioning, if appropriate, or puncture and dispose of in a sanitary landfill, or by incineration, or by other procedures approved by state and local authorities. Triple rinse containers small enough to shake (capacity ≤ 5 gallons) as follows: Empty the remaining contents into application equipment or a mix tank, and drain the container for 10 seconds after the flow begins to drip. Then empty the remaining container into application equipment or a mix tank, and drain the container for 10 seconds after the flow begins to drip. Repeat this procedure two more times. Pressure rinse as follows: Empty the remaining contents into application equipment or a mix tank, and continue to drain for 10 seconds after the flow begins to drip. Hold container upside down over application equipment or mix tank, or collect rinseate for later use or disposal. Insert pressure rinsing nozzle in the side of the container and rinse at about 40 PSI for at least 30 seconds. Drain for 10 seconds after the flow begins to drip. In case of an emergency endangering life or property involving this product, call collect day or night 1-877-775-8787

**Fungicide Seed Treatment**

For commercial use

Seed treatment for disease control and plant health in cotton and soybean

**EMERGENCY HAZARDS:**

This product is toxic to fish and aquatic invertebrates. **DO NOT** discharge effluent containing this product into lakes, streams, ponds, reservoirs, or other waters unless in accordance with the requirements of a National Pollutant Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. **DO NOT** discharge effluent containing this product to sewer systems without previously notifying the local sewage treatment plant authority. For guidance, contact your State Water Board or the regional office of the EPA. **DO NOT** contaminate water while disposing of equipment, washwater or results.

**DIRECTIONS FOR USE**

It is a violation of federal law to use this product in a manner inconsistent with its labeling. This labeling must be in the possession of the user at the time of fungicide application. **DO NOT** apply this product in a way that will contaminate water or other persons. Only protected handlers may be in the area during application. For requirements specific to your state or tribe, consult the agency responsible for pesticide regulation. Unless otherwise directed in experimental labeling, all site-specific directions, restrictions, precautions, and Conditions of Sale and Warranty are to be followed.

**STORAGE AND DISPOSAL**

**DO NOT** contaminate water, food, or feed by storage or disposal.

**Pesticide Storage:** Store in original container only, Keep container closed when not in use. **DO NOT** store near food or feed.

**Pesticide Disposal:** To avoid pesticide waste, use all material in this container by application according to label directions. If pesticide waste cannot be avoided, offer remaining product to a waste disposal facility or pesticide disposal program (often such programs are run by state or local government or by industry).

**Container Handling:** Nonreturnable Container: **DO NOT** reuse or refill this container. Triple rinse containers small enough to shake (capacity ≤ 5 gallons) as follows: Empty the remaining contents into application equipment or a mix tank and drain for 10 seconds after the flow begins to drop. Fill the container ¾ full with water and recut, shake for 10 seconds. Pour contents into application equipment or a mix tank, or store waste by later use or disposal. Drain for 10 seconds after the flow begins to drop. Refer to the procedure two more times.

**Pressure rinse as follows:** Empty the remaining contents into application equipment or a mix tank and continue to drain for 10 seconds after the flow begins to drop. Hold container upright over down over application equipment or mix tank, or collect rinse for later use or disposal. Pressure rinse mixing nozzle in the container and rinse at least about 30 PSI for at least 10 seconds. Drain for 10 seconds after the flow begins to drop.

See inside for complete First Aid, Precautionary Statements, Directions For Use, Conditions of Sale and Warranty, and state-specific crop and/ or use site restrictions.

**In Case of Emergency**

In case of a large-scale spill of this product, call:

- **CHEMTREC®:** 1-800-424-2300
- Monsanto Company 1-800-646-4000 (call collect) or 911

In case of medical emergency regarding this product, call:

- Your local doctor for immediate treatment
- Your local poison control center (hospital)
- Monsanto Company 1-800-646-4000 (call collect)

Steps to take if this material is released into the environment or toiled:

- Wear Personal Protective Equipment (PPE) and avoid exposure when managing a spill. See Precautionary Statements section of this label for required PPE.
- Do not allow the spilled material to come in contact with food, food contact surfaces, water, or the environment. Spilled material should be swept up and disposed of.
- Clean up any spills immediately with an approved material. Keep all spill materials outside of the clean-up area.

See inside for complete First Aid, Precautionary Statements, Directions For Use, Conditions of Sale and Warranty, and state-specific crop and/ or use site restrictions.

**USER SAFETY RECOMMENDATIONS**

- Wash hands before eating, drinking, chewing gum, using tobacco, or using the toilet.
- Remove clothing immediately if pesticide gets inside. Wash thoroughly and put on clean clothing.
- Do not drink, eat, smoke, or handle food or eatables while handling this product.
- Wash the outside of gloves before removing. As soon as possible, wash thoroughly and change into clean clothing.
- Keep out of reach of children.

**KEEP OUT OF REACH OF CHILDREN CAUTION/ PRECAUCIÓN**

Ifc usted no entienda esta etiqueta, busque a alguien que se le explica u entender en detalle. Si usted no comprende esta, haga a alguien que le explique o lo entienda en detalle.

**FIRST AID**

**IF SWALLOWED**

- Call a poison control center or doctor immediately for treatment advice.
- Have person sit down, do not attempt to induce vomiting.
- Do NOT remove vomitus unless told to do so by a poison control center or doctor.
- Do NOT give anything by mouth to an unconscious person.

**IF ON SKIN OR CLOTHING**

- Take off contaminated clothing.
- Wash skin immediately with plenty of water for 15 to 20 minutes.
- Call a poison control center or doctor for treatment advice.

**IF IN EYES**

- Flush eyes open and rinse slowly and gently with water for 15 to 20 minutes.
- Remove contact lenses, if present, after first 5 minutes; then continue rinsing eyes.
- Call a poison control center or doctor for treatment advice.

**IF INHALED**

- Move person to fresh air.
- If breathing is difficult, call 911 or an ambulance; then give artificial respiration, preferably by mouth to mouth if possible.
- Call a poison control center or doctor for further treatment advice.

**HOTLINE NUMBER**

If you have the product container or label with you when calling a poison control center or doctor, give the following information:

- ACTIVE INGREDIENT:
  - Pyraclostrobin (21% by weight)
- APPLICATION RATE:
  - 16.4 oz (2% wettable powder) per 1,000 sq ft
- TOTAL:
  - 100 oz (2.5% wettable powder) per 1,000 sq ft

**PRECAUTIONARY STATEMENTS**

**Risks to Humans and Domestic Animals**

**CAUTION:** Harmful if swallowed. Avoid contact with skin or clothing.

**Personal Protective Equipment (PPE)**

- **Applicators and other handlers must wear:**
  - Long-sleeved shirt and long pants
  - Chemical-resistant gloves made of any waterproof material such as barrier laminate, butyl rubber ≥ 14 mils, nitrile rubber ≥ 14 mils, neoprene rubber ≥ 14 mils, natural rubber ≥ 14 mils, polyethylene, polyvinyl chloride (PVC) ≥ 14 mils, or nitrile ≥ 14 mils
  - Shoes plus socks
  - Includes natural rubber blend and laminates

- **Applicators and other handlers of tuberculous and corn vegetable seed pieces must wear:**
  - Coveralls (all day, including during cleanup)

- **Chemical-resistant gloves made of any waterproof material such as barrier laminate, butyl rubber ≥ 14 mils, nitrile rubber ≥ 14 mils, neoprene rubber ≥ 14 mils, natural rubber ≥ 14 mils, polyethylene, polyvinyl chloride (PVC) ≥ 14 mils, or nitrile ≥ 14 mils
  - Shoes plus socks
  - Includes natural rubber blend and laminates

**In addition to the PPE listed in the other parts of the Personal Protective Equipment (PPE) section, handlers involved in the vegetable seed treatment activities must wear:**

- A respirator with NIOSH-approved number code TG-21 or any N, R, P, or HE filter. Follow the manufacturer's instructions for cleaning and maintaining PPE. If no such instructions for washable equipment, use detergent and hot water. Keep and wash PPE separately from other laundry.

- **USER SAFETY RECOMMENDATIONS**

- Wash hands before eating, drinking, chewing gum, using tobacco, or using the toilet.
- Remove clothing immediately if pesticide gets inside. Wash thoroughly and put on clean clothing.
- Do not drink, eat, smoke, or handle food or eatables while handling this product.
- Do not inhale dust or mist. After handling, wash the outside of gloves before removing. As soon as possible, wash thoroughly and change into clean clothing.
- Keep out of reach of children.
